**Fluorescence** Jennifer K. Dick,2004 In Jennifer K Dick s first book Fluorescence very real places Paris Massachusetts Colorado Iowa Morocco mix into the imagined into Breughelian villages where there s a persimmon in the corner knitting These places are inhabited by varied but always very real bodies stretching outward from their own edges and encountering or engendering a certain luminescence in the process What happens when we exceed ourselves When fragments of dream are lifted to the surface and through to something beyond Clues keys indications all that once seemed certain slips off into code These poems use language to crack it 12 X 12 Christina Mengert, Joshua Marie Wilkinson, 2009-04-16 This book includes the poetry by and interviews with Jennifer K Dick Laura Mullen Jon Woodward Rae Armantrout Sabrina Orah Mark Claudia Rankine Christina Hawkey Toma alamun Christine Hume Rosemarie Waldrop Srinkath Reddy Mark Levine Karen Volkman Allen Grossman Paul Fattaruso Dara Wier Mark Yakich Mary Leader Michelle Robinson Paul Auster Sawako Nakayasu Carla Harryman Ben Lerner and Aaron Kunin Publications of the Modern Language Association of America

**Sight Map** Brian Teare, 2009 Remarkable in its range this book serves at once as a cross country travelogue a pilgrim s Gnostic progress an improvised field guide and a postmodern pillowbook recording the erotic conflation of lover and beloved deity and doubter With startling poetic skill formal profligacy and emotional daring the author gives a series of lessons in how to read differently how to pleasure changed language Back cover rimertown Laura Walker, 2008-04-08 A poetic charting of Laura Walker's rural southern hometown Rimertown an atlas delves into the startling landscapes created by the passage of time through people and through place it is an atlas born of image and voice Composed of four interwoven strands a collection of maps a collection of stories a series of vernacular prose poems and a fractured narrative the volume explores various geographies of the physical world of the intersection of natural and peopled landscapes of the passage of time of leaving and returning of human relationships of soldiers and war Walker asks how is home carried in memory in landscape in story in time Her poems break and merge stitching and fragmenting narrative syntax and image as they push toward their own geography a fever doll tapered song engineered into dusk hold the watery stream its buck and clanging ,2004 **Dark Archive** Laura Mullen, 2011-03-29 Dark archive The purpose of a dark archive is to function as a repository for information that can be used as a failsafe during disaster recovery Laura Mullen's fourth collection is a sequence of beautifully interrelated poems that explores how to accurately represent the reality of change and loss Mullen pinpoints what is at stake the possibility of communication and connection and the hope of intimacy Invoking Wordsworth's I wandered lonely as a cloud she pushes experiments in consciousness against their boundaries in an array of poetic forms Poetic tropes are measured against natural phenomena as Mullen examines what witness might mean in the context of the aftermath of Hurricane Katrina the failures of capitalism to effect social justice the murder of James Byrd in Texas the personal loss of a mother figure and a disintegrating love affair <u>Virgil and the Mountain Cat</u> David Lau, 2009-03-02 Virgil and the Mountain Cat David Lau s first book of poems evokes the shattering of Western civilization not its collapse but the tense apprehensive moment before the cracked vessel falls apart What commanded trust now provokes a nihilistic retaliatory mischief making poetic language in which the only redemptive element if there is one is what Alain Badiou calls the engine of excess in the greatest 20th century art excess of the kind that allows for change a revolution Lau s high voltage language is a measure of the passion of and for belief that has been lost Lau is a remarkable young poet Calvin Bedient author of Candy Necklace It's after the end of the world and David Lau is our last first poet of the future past When words have nowhere left to go they

need a new Virgil to guide them sideways in time to where they can become ferociously fractal as the cry of a mountain cat The microtonal resistances of Lau s language both remove and remotivate meaning what the poet saw was raw war David Lau s work enacts a great refusal that lights fuses beneath the psycho political dome Andrew Joron author of The Sound Mirror The scary accomplishment of Virgil and the Mountain Cat is to remind a reader that poetry has the capacity to disturb rather than calm one s nervous system Lau s poems are knowing and proficient and care nothing for your feelings Punk in its spirit sure to prove alienating to most readers over thirty and spoken from a place deep inside the annotations this book is an unforgiving glimpse of the horizonless present Mark Levine author of The Wilds **Green is the Orator** Sarah Gridley, 2010-04-02 Green is the Orator follows on Sarah Gridley's brilliant first collection Weather Eye Open in addressing the challenge of representing nature through language Gridley's deftly original syntax arises from direct experience of the natural world and from encounters with other texts including the Egyptian Book of the Dead and the writings of Charles Darwin Peter Mark Roget William Morris William James and Henri Bergson Gridley's own idiom is compressed original and full of unexpected pleasures This unusual book at once austere and full of life reflects a penetrating mind at work one that is thinking through and re presenting romantic and modernist traditions of nature Subject Laura Mullen, 2005-04-01 Calvin Bedient calls the poetry in this volume solid and brave and relentlessly inventive Forrest Gander says The obsessive force of this poetry ruptured by caesura and stanza is remarkable Despite the considerable intellectual torque the poems concerned always with identity the borders of the I and the Here are quite funny in passages The drama of this work is gripping convulsive and intense Subject holds the mirror up to language attempting to find out and find ways out of the limits of the wor l ds we are sentenced to The lyric impulse exists but the surface is rough reflecting the violence of the effort to see into seeing itself the voice is ragged syntax is torn words have been broken into syllable and sound images dissolve the page holds out alternate visions and versions in double or triple columns leaving any would be univocal truth always in doubt

The Wilds Mark Levine,2006-04-10 Mark Levine is a Wallace Stevens for our generation A book of poems involved with the processes of remembrance and questions of the personal and historical past The Totality for Kids Joshua Clover,2006-04-10 The Totality for Kids is the second collection of poems by Joshua Clover whose debut Madonna anno domini won the Walt Whitman award from the Academy of American Poets This volume takes as its subject the troubled sleep of late modernity from the grandeur and failure of megacities to the retreats and displacements of the suburbs The power of crowds and architecture commingles with the alienation and idleness of the observer caught between the brutal red dream Of the collective and the parade Of the ideal citizen The book's action takes place in these gaps dead spaces beside the endlessly grieving stream The frozen tableau of the spectacle meets its double in the sense that something is always about to happen Political furies and erotic imaginings coalesce and escape within a welter of unmoored allusions encounters citations and histories the dreams possible within the modern's excess of signification as if to return revolutionary possibility to the

regime of information by singing it its own song Metropole Geoffrey G. O Brien, 2011-03-02 Geoffrey O Brien s third collection of experimental poetry Harm. Steve Willard, 2007-04-09 Publisher description Transcendental Studies Keith Waldrop, 2009 From the jungles of Rwanda to the ruined streets of Somalia to the craggy mountains of Afghanistan a Pulitzer Prize winning journalist offers this intimate portrayal of war from the front lines In the Bee Latitudes 'Annah Sobelman, 2012-04-30 In the Bee Latitudes Annah Sobelman s second book traverses and choreographs the places of passion where visible and invisible touch With extraordinary ability to imagine her way far into an experience making new moves in the English language at each and every point Sobelman enlists many voices questions and bodies mostly in Taos and Florence that press toward Emersonian nature In vibrant malleable and layered syntax these poems break conventions of lineation and punctuation each utterance at the frontier of the articulate yet necessarily pitched toward the insistently visceral
