Sex And Gender In Historical Perspective Selections From Quaderni Storici

Winfried Schleiner

Sex And Gender In Historical Perspective Selections From Quaderni Storici:

Sex and Gender in Historical Perspective Edward Muir, Guido Ruggiero, 1990-09 The inaugural volume of Selections from Quaderni Storici looks at sexual mores and gender in European social history from the Renaissance to the twelfth century

Sexuality and Gender in Early Modern Europe James Turner, 1993-08-05 An exploration of sexuality and gender in Renaissance art literature and society

Marriage Wars in Late Renaissance Venice Joanne Marie Ferraro, 2001 Based on previously unexamined archival literature this book brings to life the lost voices of ordinary Venetians and opens up their world of intimacy and conflict sexuality and living arrangements

The Curse of Eve, the Wound of the Hero Peggy McCracken, 2010-11-24 In *The Curse of Eve the Wound of the Hero* Peggy McCracken explores the role of blood symbolism in establishing and maintaining the sex gender systems of medieval culture Reading a variety of literary texts in relation to historical medical and religious discourses about blood and in the context of anthropological and religious studies

McCracken offers a provocative examination of the ways gendered cultural values were mapped onto blood in the Middle Ages As McCracken demonstrates blood is gendered when that of men is prized in stories about battle and that of women is excluded from the public arena in which social and political hierarchies are contested and defined through chivalric contest In her examination of the conceptualization of familial relationships she uncovers the privileges that are grounded in gendered definitions of blood relationships She shows that in narratives about sacrifice a father's relationship to his son is described as a shared blood whereas texts about women accused of giving birth to monstrous children define the mother's contribution to conception in terms of corrupted often menstrual blood Turning to fictional representations of bloody martyrdom and of eucharistic ritual McCracken juxtaposes the blood of the wounded guardian of the grail with that of Christ and suggests that the blood from the grail king's wound is characterized in opposition to that of women and Jewish men Drawing on a range of French and other literary texts McCracken shows how the dominant ideas about blood in medieval culture point to ways of seeing modern values associated with blood in a new light and how modern representations in turn suggest new perspectives on medieval perceptions

The Biographical Turn Hans Renders, Binne de Haan, Jonne Harmsma, 2016-09-13 *The Biographical Turn* showcases the latest research through which the field of biography is being explored Fifteen leading scholars in the field present the biographical perspective as a scholarly research methodology investigating the consequences of this bottom up approach and illuminating its value for different disciplines While biography has been on the rise in academia since the 1980s this volume highlights the theoretical implications of the biographical turn that is changing the humanities Chapters cover subjects such as gender religion race new media and microhistory presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies sociology economics and politics By emphasizing agency the use of primary sources and the critical analysis of context and historiography this book demonstrates how biography can function as a scholarly methodology for a wide range

of topics and fields of research International in scope The Biographical Turn emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents It is a valuable resource for all students of biography history and historical theory

Binding Passions Guido Ruggiero,1993-06-10 Mining the rich Venetian archives especially the unusually detailed records of Venice's own branch of the Roman Inquisition Guido Ruggiero provides a strikingly new and provocative interpretation of the end of the Renaissance in Italy In this boldly structured work he develops five narrative accounts of individual encounters with the Inquisition that illustrate the double edged metaphor of how passions were both bound by late Renaissance society and were seen in turn as binding people In this way new perspectives are opened on magic witchcraft love marriage gender and discipline at the level of the community and beyond Witches courtesans prostitutes women healers nobles Cardinals and renegade priests and monks speak from these pages describing their lives beliefs hopes fears and lies With an imaginative flair for storytelling and impeccable scholarship Ruggiero exposes the rich complexity of the culture and poetics of the everyday at the end of the Renaissance and illuminates a previously unexplored chapter in Italian history **The Borgia**

Family Jennifer Mara DeSilva,2019-10-11 The Borgia Family Rumor and Representation explores the historical and cultural structures that underpin the early modern Borgia family their notoriety and persistence and reinvention in the popular imagination The book balances studies focusing on early modern observations of the Borgias and studies deconstructing later incarnations on the stage on the page on the street and on the screen It reveals how contemporary observers later authors and artists and generations of historians reinforced and perpetuated both rumor and reputation ultimately contributing to the Borgia Black Legend and its representations Focused on the deeds and posthumous reputations of Pope Alexander VI and his children Cesare and Lucrezia Borgia the volume charts the choices made by the family and contextualizes them amid contemporary expectations and reactions Extending beyond their deaths it also investigates how the Borgias became emblems of anti Catholic and anti Spanish criticism in the later early modern period and their residing reputation as the best and worst of the Renaissance Exploring a spectrum of traditional and modern media The Borgia Family contextualizes both Borgia deeds and their modern representations to analyze the family's continuing history and meaning in the twenty first century It will be of great interest to researchers and students working on interdisciplinary aspects of the Renaissance and early modern Italy *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1991 Informal

Marriages in Early Modern Venice Jana Byars,2018-10-17 Conditions of the marriage market and sexual culture and the needs of wealthy families and their members created social tensions in the late sixteenth and early seventeenth century Venice This study details these tensions and discusses concubinage a long term sexual non marital union as an alternate family model that soothed them by meeting the needs of families and individuals in a manner that did not offend the sensibilities of the authorities or other Venetians Concubinage was quite common and the Venetian community regularly

accepted concubinaries concubinal relationships and the offspring concubinage produced

Medical Ethics in the Renaissance Winfried Schleiner, 1995 Annotation An excellent book which has opened up a neglected area of Renaissance thought in a very stimulating way

Isis **Machiavelli in Love** Guido Ruggiero, 2007-02-01 A provocative study of sex and sexual identity in Renaissance Italy explored through major literary works and historical archives

Choice Machiavelli in Love introduces a complex concept of sex and sexual identity and their roles in the culture and politics of the Italian Renaissance

Guido Ruggiero's study counters the consensus among historians and literary critics that there was little sense of individual identity and almost no sense of sexual identity before the modern period

Drawing from the works of major literary figures such as Boccaccio, Aretino and Castiglione and rereading them against archival evidence Ruggiero examines the concept of identity via consensus realities of family neighbors friends and social peers as well as broader communities and solidarities

The author contends that Renaissance Italians understood sexual identity as a part of the human life cycle something that changed throughout stages of youthful experimentation marriage adult companionship and old age

Machiavelli's letters and literary production reveal a fascinating construction of self that is highly reliant on sexual reputation

Ruggiero's challenging reinterpretation of this canonical figure as well as his unique treatment of other major works of the period offer new approaches for reading Renaissance literature and new understandings of the way life was lived and perceived during this time

Tolerance, regulation and rescue Brian Pullan, 2016-07-08 Looking at Catholic charity and social policy in past times this book focuses on unrespectable women and children in Italy and their treatment at the hands of charities and the law

It looks at prostitutes and women engaged in sexual relationships outside formal marriage and foundlings many of whom were abandoned because they were born out of wedlock

A wide ranging synoptic survey this study considers the practical complications and consequences of communities' decisions to accommodate and regulate activities considered bad but irrepressible of the belief that licensed prostitution and controlled abandonment could be used to avert greater evils from sodomy and adultery to infanticide and abortion

Accessibly written Tolerance regulation and rescue discusses social problems which are still the subject of debate and should appeal not only to academics and students but also to general readers

The Manly Masquerade Valeria Finucci, 2003-03-19 Analyzes how the body was constructed and politicized in early modern Italy by exploring literary discourses of the period plays novellas travel journals poems etc

Negotiating Transcultural Relations in the Early Modern Mediterranean Stephen Ortega, 2016-04-22 Negotiating Transcultural Relations in the Early Modern Mediterranean is a study of transcultural relations between Ottoman Muslims Christian subjects of the Venetian Republic and other social groups in the sixteenth and seventeenth centuries

Focusing principally on Ottoman Muslims who came to Venice and its outlying territories and using sources in Italian Turkish and Spanish this study examines the different types of power relations and the social geographies that framed the encounters of Muslim travelers

While Stephen Ortega does not dismiss the idea that Venetians and Ottoman Muslims represented two distinct communities

he does argue that Christian and Muslim exchange in the pre modern period involved integrated cultural economic political and social practices Ortega s investigation brings to light how merchants trade brokers diplomats informants converts wayward souls and government officials from different communities engaged in similar practices and used comparable negotiation tactics in matters ranging from trade disputes to the rights of male family members to guarantees of protection In relying on sources from archives in Venice Istanbul and Simancas the book demonstrates the importance of viewing Mediterranean history from a variety of perspectives and it emphasizes the importance of understanding cross cultural history as a negotiation between different social cultural and institutional actors *Generation and Degeneration* Valeria Finucci, Kevin Brownlee, 2001-03-13 This collection explores the construction of genealogies both in the biological sense of procreation and in the metaphorical sense of heritage and cultural patrimony *Animals as Disguised Symbols in Renaissance Art* Simona Cohen, 2008 The relationship between medieval animal symbolism and the iconography of animals in the Renaissance has scarcely been studied Filling a gap in this significant field of Renaissance culture in general and its art in particular this book demonstrates the continuity and tenacity of medieval animal interpretations and symbolism disguised under the veil of genre religious or mythological narrative and scientific naturalism An extensive introduction dealing with relevant medieval and early Renaissance sources is followed by a series of case studies that illustrate ways in which Renaissance artists revived conventional animal imagery in unprecedented contexts investing them with new meanings on a social political ethical religious or psychological level often by applying exegetical methodology in creating multiple semantic and iconographic levels Brill s Studies on Art Art History and Intellectual History vol 2 *Oedipus and the Devil* Lyndal Roper, 2013-03-01 This bold and imaginative book marks out a different route towards understanding the body and its relationship to culture and subjectivity Amongst other subjects Lyndal Roper deals with the nature of masculinity and femininity **Judging Faith, Punishing Sin** Charles H. Parker, Gretchen Starr-LeBeau, 2017-03-24 Judging Faith Punishing Sin breaks new ground by offering the first comparative treatment of Catholic inquisitions and Calvinist consistories offering scholars a new framework for analysing religious reform and social discipline in the great Christian age of reformation Global in scope both institutions played critical roles in prosecuting deviance implementing religious uniformity and promoting moral discipline in the social upheaval of the Reformation Rooted in local archives and addressing specific themes the essays survey the state of scholarship and chart directions for future inquiry and taken as a whole demonstrate the unique convergence of penitential practice legal innovation church authority and state power and how these forces transformed Christianity Bringing together leading scholars across four continents this volume is an invaluable contribution to our understanding of religion in the early modern world University students and scholars alike will appreciate its clear introduction to scholarly debates and cutting edge scholarship **Heavenly Supper** Fulvio Tomizza, 1991-12-15 It is a winter morning in Venice in 1622 Muted voices drift through a thin wall next door Her curiosity aroused a young woman

peers through a crack in the door only to witness a strange and disturbing sight a woman and a priest secretly celebrating communion Troubled by what she sees she reports the incident at confession Her revelation leads to the arrest jailing and arraignment of the two for heresy before the Venetian Holy Office of the Inquisition So begins Fulvio Tomizza s absorbing account of the true story of Maria Janis a devout peasant woman from the mountains north of Bergamo Too poor to enter a convent Maria had set out to serve God by relinquishing the little she had through renunciation of all food but the bread and wine of communion Encouraged by the restless village priest Pietro Morali Maria claimed to have existed in this sanctified state for five years During this time she Morali and the weaver Pietro Palazzi travel from a little village in the Alps to Rome and then to Venice where their alleged sacrilege is discovered and they are brought to trial Both revered as a saint and reviled as a fraud Maria with her privilege inspires and threatens believers within the Church Combining the historian s precision with the novelist s imagination Tomizza painstakingly reconstructs her story crafting a fascinating portrait of sublimated love ambition and jealousy Heavenly Supper alternates a chronological account of the trial with analyses of each protagonist s life history Along the way Tomizza gives voice to the minds and hearts of his characters allowing them to speak for themselves in their own words The world he recreates resonates with the fervor of the Counter Reformation when faith and its consequences were rigidly controlled by the Church As suspenseful as a detective novel Tomizza s story goes beyond the trial to evoke a panoramic view of seventeenth century Italian culture

Christianity and Sexuality in the Early Modern World Merry Wiesner-Hanks, 2005-06-20 Christianity and Sexuality in the Early Modern World is the first global survey of such for the early modern period Merry Wiesner Hanks assesses the role of personal faith and the church itself in the control and expression of all aspects of sexuality The book ranges over developments within Europe and beyond to the European colonies including Brazil Mexico South Africa and Goa which were establishing themselves around the world Christian missionaries and rituals and structures accompanied all of the imperial powers and the control of the sexuality of both indigenous peoples and colonists was an essential part of policy The book is introduced with a clear original and engaging account of the central concepts in the study of sexuality in Christianity such as shame sin the body marriage and gender Drawing on diverse evidence including literary medical and historical the following sections chart changes in Western Christianity in the Late Middle Ages Protestantism and Catholicism in Europe Orthodoxy in Eastern Europe and Russia and finally the Spanish Portuguese English and Dutch Colonies Merry Wiesner Hanks exciting book covers both the ideas and effects in each period Christianity and Sexuality in the early Modern World includes discursive bibliographies which discuss major books and articles at the end of each chapter

Uncover the mysteries within is enigmatic creation, Embark on a Mystery with **Sex And Gender In Historical Perspective Selections From Quaderni Storici** . This downloadable ebook, shrouded in suspense, is available in a PDF format (*). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
