Carrier,2017-11-10 A Long Cold War is a two volume cultural history of Cold War America from 1945 to 1991 This is the story of America at her peak as a world power with the fear of nuclear war and the hyper competition with the USSR and China a good read for the historical nostalgic or even casual reader A Transformation Journey to Creative and Alternative

Planetary Futures Victor V. Motti,2019-03-21 This book presents a counter trend against nationalism religious extremism xenophobia and racism It advocates an alternative globalization based not on trade the economy and politics but on humanity s transcendence to a collective consciousness Inspired by a pantheist worldview it applies an integral perspective toward

strategic foresight and anticipation on the planetary scale Controversial disappearing and emerging binary oppositions are explained within the framework of the mythology of the Lord of Wisdom versus the Ignorant Mind It shows that our anticipatory planetary era might be characterized by the acknowledgement of our zero knowledge as measured in the ocean of all disciplines zero carbon for energy zero war in politics and zero killing in society zero conscious beings excluded and zero existence as we have known it as humanity merges into some higher and enriched complexity Quentin Tarantino Edward Gallafent,2014-09-11 Quentin Tarantino is one of the best known living American filmmakers in the world and the story of his career has been the subject of a number of books and articles But what do his films mean In this new study Edward Gallafent does not look at Tarantino s story but at the films themselves He asks to what extent Tarantino can be seen as a specifically American filmmaker with the kinds of preoccupations and interests that have formed part of Hollywood s traditions and also how he explores the expressive possibilities of current cinema The book concentrates on the main feature films of Tarantino s career so far Reservoir Dogs Pulp Fiction Jackie Brown and the two volumes of Kill Bill Apart from Kill Bill the films are not treated individually but in terms of some of the subjects that connect them together such as success and tradition their notorious deployment of violence and Tarantino s approach to story telling his interest in presenting events out of chronological order The book also covers adaptations of Tarantino s work looking at the screenplays of True Romance and Natural Born Killers as well as the films made from them and compares Tarantino s approach to adapting Elmore Leonard with that of another important American filmmaker Paul Schrader The aim of the book is to explore these topics and to take the reader back to what the American critic Robert Warshow called the actual immediate experience of seeing and responding to the movies It is designed to appeal both to those who were excited by the films on first seeing them in the cinema and to those taking the opportunity of reconsidering them on the screen or on DVD Gothic Realities L. Andrew Cooper,2014-01-10 Eighteenth century critics believed Gothic fiction would inspire deviant sexuality instill heretical beliefs and encourage antisocial violence this book puts these beliefs to the test After examining the assumptions behind critics fears it considers nineteenth century concerns about sexual deviance showing how Frankenstein Dr Jekyll and Mr Hyde Dorian Gray and other works helped construct homosexuality as a pathological dangerous phenomenon It then turns to television and film particularly Buffy the Vampire Slayer and David DeCoteau s direct to video movies to trace Gothicized sexuality s lasting impact Moving to heretical beliefs Gothic Realities surveys ghost stories from Dickens s A Christmas Carol to Poltergeist articulating the relationships between fiction and the real supernatural Finally it considers connections between Gothic horror and real world violence especially the tragedies at Columbine and Virginia Tech **The Rise of the Image, the Fall of the Word** Mitchell Stephens,1998-10-08 Stephens sees in video s complexities simultaneities and juxtapositions new ways of understanding and perhaps even surmounting the tumult and confusions of contemporary life **Nature's Virus Killers** Mark Stengler,2001-03-19 This book arms you and your family with weapons to defeat health

[Extra-Ordinary Men](#) Nicola Rehling, 2010-06-21 Extra Ordinary Men analyzes popular cinematic representations of white heterosexual masculinity

as the ordinary form of male identity one that enjoys considerable economic social political and representational strength Nicola Rehling argues that while this normative position affords white heterosexual masculinity ideological and political dominance such ordinariness also engenders the anxiety that it is a depthless vacuous and unstable identity At a time when the neutrality of white heterosexual masculinity has been challenged by identity politics this insightful volume offers lucid accounts of contemporary theoretical debates on masculinity in popular cinema and explores the strategies deployed in popular films to reassert white heterosexual male hegemony through detailed readings of films as diverse as *Fight Club* *Boys Don't Cry* and *The Matrix* Accessible to undergraduates but also of interest to film scholars the book makes a distinctive contribution to our understanding of the ways in which popular film helps construct and maintain many unexamined assumptions about masculinity gender race and sexuality

Violence, Culture And Censure Professor Colin Sumner, Colin Sumner, 2005-08-12 Essays reflecting on our understanding and moral judgement of violence The essays argue that even serious violence is not a simple fact but a category of thought and practice rooted in history culture and society

**Quentin Tarantino** Jeffrey Dawson, 1995 Examines the personal life and the professional work and success of the director of *Pulp Fiction*

**The Highway Horror Film** Bernice M. Murphy, 2014-03-12 *The Highway Horror Film* argues that Highway Horror is a hitherto overlooked sub genre of the American horror movie In these films the American landscape is by its very accessibility rendered terrifyingly hostile and encounters with other travellers almost always have sinister outcomes

*Hollywood Hype and Audiences* Thomas Austin, 2002-05-03 This book traces the circulation in Britain of three Hollywood films *Basic Instinct* *Bram Stoker's Dracula* and *Natural Born Killers* from marketing and critical reception to consumption in cinemas and on video It draws on economic discursive contexts and original audience research to trace how meanings pleasures and uses are derived from popular film A significant intervention into methodological debates in film studies and a timely investigation of film culture it focuses on key questions about genre taste sexual pleasure and screen violence

## Enjoying the Track of Phrase: An Mental Symphony within **Natural Born Killers A Chapter**

In a global consumed by screens and the ceaseless chatter of instantaneous interaction, the melodic splendor and mental symphony produced by the published word frequently diminish in to the backdrop, eclipsed by the constant sound and disruptions that permeate our lives.
