

Competencies vs. Learning Objectives

- Competencies provide the framework
- Courses are pre-determined “packages” of competencies
- Learning objectives are an interpretation of the course competencies
 - Individual faculty developed
 - Program faculty approved/endorsed

Objectives Competencies And Learning

Spector**

Objectives Competencies And Learning:

Competence and Program-based Approach in Training Catherine Loisy, Jean-Claude Coulet, 2018-10-10 The controversies that have developed in recent years in the field of education and training around program and competency based approaches are not without reminiscent of those which are at the origin of a reflection on the question of methods to monitor control organize and shape innovation in science and technology and led to the emergence of the notion of responsibility for innovation and research Pell Reber 2015 This book is clearly part of this type of approach Starting from a current state of play on the issues and controversies raised by curricular and competency based approaches Chapters 1 and 2 this book aims at presenting new theoretical frameworks allowing to account for the processes implied by the implementation of these pedagogical innovations and in particular those which at the very heart of the skills mobilized promote a responsibility dimension Based on a developmental approach to individual and collective competencies and their evaluation Chapters 3 4 and 5 it attempts to show how this approach can mobilize educational practices on strong societal issues such as sustainable development Chapter 5 Lastly it aims to provide theoretical and practical benchmarks to help engage educational teams and institutions in these innovative and responsible approaches by providing a coherent framework for doing so Chapters 6 7 and 8
