Diplomacy Zorawar Daulet Singh, 2018-11-28. The notion that a monolithic idea of nonalignment shaped India's foreign policy since its inception is a popular view. In *Power and Diplomacy* Zorawar Daulet Singh challenges conventional wisdom by unveiling another layer of India's strategic culture. In a richly detailed narrative using new archival material, the author not only reconstructs the worldviews and strategies that underlay geopolitics during the Jawaharlal Nehru and Indira Gandhi years, he also illuminates the significant transformation in Indian statecraft as policymakers redefined some of their fundamental precepts on India's role in the subcontinent and beyond. His contention is that those exertions of Indian policymakers are equally apposite and relevant today. Whether it is about crafting a sustainable set of equations with competing great powers, formulating an intelligent Pakistan policy, managing India's ties with its smaller neighbours, dealing with China's rise and Sino-American tensions, or developing a sustainable Indian role in Asia, *Power and Diplomacy* strikes at the heart of contemporary debates on India's unfolding foreign policies. **Jawaharlal Nehru's Speeches: Sept.**

1957-Apr. 1963 Jawaharlal Nehru, 1958. **Imagining Wholesome Wellbeing of All** Jai B.P. Sinha, 2021-01-01. Wholesome development is the one in which most Indians will live a materially modest but reasonably stress-free life, realizing their full potentials and building a harmonious community. It is structured on the pillars of ancient Indian values of tolerance and respect for diversity, living in material realities but striving to transcend them in seeking peace in mind and society, and striving to assimilate new ideas and experiences with the old ones in order to expand capabilities to meet new challenges and seek unexplored opportunities. Primary institutions of learning, earning, and healthy living have to be reinvented for the purpose. A roadmap to reach out to such a development is drawn by sourcing ideas and information from multiple disciplines, theories, and models, and is supplemented by conjectures and personal observations in order to present a comprehensive narrative. The book will interest all those policy makers, administrators, change agents, and scholars who are concerned about the wellbeing of the masses of Indians. *Jawaharlal Nehru's Speeches: Mar. 1963-May 1964* Jawaharlal Nehru, 1958.
