Insights into Senior Foreign Language Education Marek Derenowski, 2021-08-25 This book examines the unique characteristics of teaching foreign languages to senior learners. It discusses the potential age-related barriers and learning difficulties which may be encountered in senior foreign language education as well as solutions to overcome these challenges. The book proposes classroom practices, activities, and materials that may be adopted when working with senior learners which will prove useful to teachers and teacher trainers as well as to educational policymakers and planners. Furthermore, it describes potential modifications to educational programmes that may be introduced in order to eliminate affective barriers, making the learning material relevant and motivating and encouraging the use of adult learning strategies.
