Emergent Curriculum and Standards in the Early Childhood Classroom Sydney Schwartz, Sherry Copeland, 2015-04-24

The most pressing challenge in early childhood education today is to find a way to meet the standards within a developmentally appropriate approach. In this book, two active early childhood educators provide teachers with resources to bring content alive and document it in every day action based pre K and Kindergarten classrooms. The book includes lists of key content ideas coordinated with learning standards in science, mathematics, social studies, and the communication arts to guide teacher observations of and interactions with young children. Chapters focus on ways to extend children's emerging use of content in the block, manipulative, sand and water, drama, expressive arts, and literacy centers, as well as link to the development of themes. Book features include: Lists of key ideas in the content areas; Examples of conversations that nurture children's emerging content understandings; Vignettes from the field illustrating teachers' experiences of embedding content into center activities along with photographs; Sample forms for documenting children's learning as they meet the standards in a variety of contexts. Sydney L. Schwartz is a Professor Emerita of Queens College of the City University of New York. Sherry M. Copeland is an experienced early childhood teacher, teacher trainer, advocate, and director of early childhood programs.

The Early Intervention Guidebook for Families and Professionals Bonnie Keilty, 2010. This practical guide is essential reading for families of infants and toddlers with or at risk for developmental delays or disabilities and the early intervention professionals who partner with those families. The Early Intervention Guidebook shows what early intervention looks like when it is based on current research, policies, and best practices. It focuses on how families and professionals can collaborate effectively so that young children learn, grow, and thrive. Chapters address important issues in early intervention, including child learning and development, family functioning, and priorities, early intervention as a support, not a substitute, and thinking about what's next after early intervention. Specific components of early intervention, evaluation, and assessment, program planning, intervention implementation, service coordination, and transition are discussed. This hands-on resource describes the fundamental elements of early intervention for children, families, and professionals who participate in early intervention. Uses stories of families in early intervention to illustrate key concepts; provides checklists that readers can use to assess their experience in early intervention; and includes national resources for families and disciplinary professionals.

Widening the Circle Samuel L. Odom, 2002. In this book, a distinguished group of early childhood special educators and researchers explores the barriers to and influences on inclusive education settings for young children. Chapters cover such timely topics as individualized instruction, social relationships of children with disabilities, collaborative relationships among adults, family perceptions of inclusion, classroom ecology, and child participation, community participation, social policy, and cultural and linguistic diversity. Expert contributors addressing each of these topics draw useful implications for practitioners, providing helpful suggestions for modifying activities, materials, environmental supports, and teaching strategies. Based on a groundbreaking 5-year research study conducted by the Early Childhood Research Institute on Inclusion, *Widening the Circle*

is a must read for all professionals working in inclusive settings
