**Architectural Energetics in Archaeology** Leah McCurdy, Elliot M. Abrams, 2019-01-25 Archaeologists and the public at large have long been fascinated by monumental architecture built by past societies Whether considering the earthworks in the Ohio Valley or the grandest pyramids in Egypt and Mexico people have been curious as to how pre modern societies with limited technology were capable of constructing monuments of such outstanding scale and quality Architectural energetics is a methodology within archaeology that generates estimates of the amount of labor and time allocated to construct these past monuments This methodology allows for detailed analyses of architecture and especially the analysis of the social power underlying such projects Architectural Energetics in Archaeology assembles an international array of scholars who have analyzed architecture from archaeological and historic societies using architectural energetics It is the first such volume of

its kind In addition to applying architectural energetics to a global range of architectural works it outlines in detail the estimates of costs that can be used in future architectural analyses This volume will serve archaeology and classics researchers and lecturers teaching undergraduate and graduate courses related to social power and architecture It also will interest architects examining past construction and engineering projects **A Tanizaki Feast** Adriana Boscaro,Anthony Chambers,2020-08-06 This volume presents 18 eighteen essays written by scholars from six countries on Tanizaki Jun ichiro 1886 1965 one of the great writers of the 20th century The essays were originally prepared for a landmark international symposium in Venice in 1995 at which 22 speakers addressed an audience of about two hundred students and scholars in the Aula Magna of the University of Venice Topics include Tanizaki s fiction plays and film scenarios his aesthetics his place in Japanese intellectual history his depiction of the West his use of humor and film adaptations of his works In 1964 Tanizaki was elected to honorary membership in the American Academy and Institute of Arts and Letters the first Japanese to be so honored and it is widely believed that he was being considered for the Nobel Prize in Literature **Studies in the New Testament** J. Duncan M. Derrett,2023-10-16 This the sixth and final volume of Derrett s Studies in the New Testament includes a Concordance to the 103 studies of the set It gives further examples of the use of Hebrew scripture halakha and haggada by Paul the evangelists and putatively by Jesus himself Examples are given of a responsible use of Jewish materials to convey as well as to advertise the gospel The lifestyle which is promoted is widely claimed to be a form of Judaism The studies in this set of volumes permit the suspicion that it cannot be comprised within any established definition of Judaism

**The Fall of Satan** Bodie Hodge,2011-03 Scripture sources taken from the New King James Version and the New American Standard Bible **Studies in the New Testament** J. Duncan M. Derrett,1977 This volume develops the theme that the gospels especially John and Paul cannot be grasped without intimate and detailed knowledge of Jewish sources amongst which the Bible is neglected **Israel's Past** Bob Becking,2021-10-04 How should one write a history of Ancient Israel In the last few decades a lively discussion has taken place on the historiography of ancient Israel Minimalists such as Philip Davies Thomas Thompson and Niels Peter Lemche challenged the usefulness of the Hebrew Bible as a source for constructing Israel s past Maximalists like Baruch Halpern and William Dever argued instead that the data from the Hebrew Bible should be trusted until otherwise proven Others among whom we can name Hans Barstad Rainer Albertz and Lester Grabbe took a third road The essays in this volume follow that third road by applying insights from the field of philosophy of history A dozen case studies from David to the earliest Samaritans demonstrate how difficult it is to write a history of ancient Israel without falling in the abyss of an ideology in one direction or another The matrix designed by Manfred Weippert to look at the past through five windows landscape climate archaeology epigraphy and only at the end the Hebrew Bible turned out to be more helpful The conclusion of this research is that there are some stable pillars in the swamp of the past but it comes with the warning that the space between these pillars is large and cannot easily be filled **Unity and diversity in**

**grammaticalization scenarios** Walter Bisang, Andrej Malchukov, 2017 The volume contains a selection of papers originally presented at the symposium on Areal patterns of grammaticalization and cross linguistic variation in grammaticalization scenarios held on 12-14 March 2015 at Johannes Gutenberg University of Mainz The papers written by leading scholars combining expertise in historical linguistics and grammaticalization research study variation in grammaticalization scenarios in a variety of language families Slavic Indo Aryan Tibeto Burman Bantu Mande Khoisan Siouan and Mayan The volume stands out in the vast literature on grammaticalization by focusing on variation in grammaticalization scenarios and areal patterns in grammaticalization Apart from documenting new grammaticalization paths the volume makes a methodological contribution as it addresses an important question of how to reconcile universal outcomes of grammaticalization processes with the fact that the input to these processes is language specific and construction specific **The Silver Bayonet:**

**Canada** Ash Barker, 2023-11-23 Explore a wild new frontier with solo cooperative and competitive scenarios and new soldiers creatures and equipment rooted in the history and folklore of Canada Far from the battlefields of Europe another war is being fought In the vast lands of North America Britain and the United States clash once again and in the shadow of this conflict the otherworldly Harvestmen pursue their devious plans feasting on the rage and terror of mortals In the face of this menace however brave folk seconded from the military or recruited from the local populace band together to take the fight to the sinister Harvestmen and their minions Canada is a supplement for The Silver Bayonet that brings players and their officers across the Atlantic and straight into the War of 1812 It offers new scenarios solo and cooperative as well as competitive rules for recruiting US units and creatures and challenges drawn from Canadian history and folklore

**Deliverance Prayer Strategy** Isaac C. Eboji, 2011-08 Spiritual affliction oppression and torment are manifestly evil and an unwelcome reality suffered by Christians and non Christians alike This book is developed for those who desire to understand the biblical principles underpinning deliverance with specific relevance and application to the context of the Gospel It explores the role of evil in creating victims of spiritual conflicts while addressing the art of locating with the view to engaging and dislocating the works of evil in accordance with the mandate of the Gospel of the LORD Jesus Christ **The Serpent's Gift** Jeffrey J. Kripal, 2008-09-15 Because thou hast done this thou art cursed above all cattle and above every beast of the field With those words in Genesis God condemns the serpent for tempting Adam and Eve and the serpent has shouldered the blame ever since But how would the study of religion change if we looked at the Fall from the snake's point of view Would he appear as a bringer of wisdom more generous than the God who wishes to keep his creation ignorant Inspired by the early Gnostics who took that startling view Jeffrey J Kripal uses the serpent as a starting point for a groundbreaking reconsideration of religious studies and its methods In a series of related essays he moves beyond both rational and faith based approaches to religion exploring the erotics of the gospels and the sexualities of Jesus John and Mary Magdalene He considers Feuerbach's Gnosticism the untapped mystical potential of comparative religion and even the modern mythology of

the X Men Ultimately The Serpent's Gift is a provocative call for a complete reorientation of religious studies aimed at a larger understanding of the world the self and the divine **DIG THE ZONE OF FREEDOM** Richard Byrne
