## **Servicelearning In Higher Education Critical Issues And Directions:**

**Service-Learning in Higher Education** D. Butin, 2005-07-14 Advocates have positioned service learning as a real world real time opportunity for students to encounter academic knowledge in a meaningful and relevant manner Service learning in higher education settings offers a powerful alternative to traditional models of teaching and learning Students are encouraged to develop links to local institutions volunteer their time and create a special bond between the university and the community in which they live Service learning has become a very popular alternative to standard courses in higher education and is gaining significant popularity This book takes a serious look at the unintended consequences and alternative conceptualizations of this mode of learning and explores what it could offer us in the future [Service-Learning in Higher Education in Africa](#) Titus O. Pachon, 2019-01-15 This book will help stakeholders in higher education appreciate service learning as an innovative and active approach with the potential to enrich students learning experiences while adding value to the service mission of higher education The approach not only links academic learning to everyday life but also exposes students to a variety of opportunities for the development of life and career skills The book will serve to bring university teaching out of the clouds and restore in students minds the connection between what they are learning and the people their education is meant to help The approach advocated here will serve to have a long term and salutary effect on the whole nature of university learning When students are given the opportunity to participate actively in the learning process which includes civic engagement they will be able to learn not only theoretically but also experientially through practice as experience is generally one of the best ways to learn [Reflecting on Service-Learning in Higher Education](#) M. Gail Hickey, 2016-05-12 Reflecting on Service Learning in Higher Education Contemporary Issues and Perspectives examines forms of pedagogy such as service learning experiential learning and problem based learning in order to determine how students make connections between and among abstract academic concepts and real life issues This edited collection is divided into three sections Reflecting on Community Partnerships Reflecting on Classroom Practice and Reflecting on Diversity so as to represent interdisciplinary subjects diverse student populations and differing instructional perspectives about service learning in higher education Contributors provide service learning programs and plans that can be replicated or adapted at other institutions of higher education This book is recommended for scholars and practitioners of education

**Critical Perspectives on Service-Learning in Higher Education** S. Deeley, 2014-11-25 Through innovative analysis of theory and practice this book offers refreshing critical perspectives on service learning in higher education It constructs a theoretical paradigm for service learning which extends to critical pedagogy and investigates critical reflection and academic reflective writing supported throughout by empirical evidence **Critical Issues in Higher Education** Michael Kompf, Pamela M. Denicolo, 2013-02-11 The ideas and papers in this volume primarily showcase the work of a group of new scholars who will lead the next generation of educational practice and inquiry While the topics explored are critical issues the

ways in which these new scholars have chosen to address them illustrates the diversity of voice venue and value that has led them to present their work Education and what it means has entered a new era in which the primary focus on education for the sake of education is strained An educational free for all in the sense of a no holds barred fight seems in place as competition for market share effective branding exercises and movement towards a client based delivery of educational services on demand as demanded has been fuelled and compounded by litigation accreditation transfer credits and matters of patents copyrights ownership and monopoly The link between education and financial well being has been co opted as the key to personal success Unfortunately the degree pursuit often called the paper chase has become competitive for learners seeking scholarships awards and entry into graduate school This transition indicates movement from becoming well educated to employability potential paralleling much institutional retooling and sustenance of enhanced reputation and fiscal viability

**Mentoring for the Professions** Aimee Howley, Mary Barbara Trube, 2014-10-01 This edited volume brings together conceptual and empirical work from various professional fields to inform a perspective on mentoring that goes beyond what is needed for today and orients toward what is needed for the future in order to promote healthy and productive organizations This perspective is important because the pace of change in organizations is rapid and increasingly so Under conditions of rapid and on going change employees students and colleagues all are learners and the learning needs of these adults demand meaningful and focused strategies for professional development A major strategy with demonstrated value for fostering learning among adults is mentoring which contributes both relational and structural support for such learning This support helps organizations build communities of practice in which colleagues alternate the role of mentor and mentee by sharing different types of expertise and different perspectives on organizational challenges Chapters within the book focus on theoretical perspectives on mentoring the connection between change and mentoring the character of the leadership that mentoring entails the developmental processes that mentees experience the transformation of the mentee as a result of mentoring the value of matching mentor and mentee styles and the role of mentoring in organizational team building Furthermore some chapters explore the similarities and differences in individual versus group mentoring And some of the contributions elaborate linkages among mentoring concepts and those used in related practices such as coaching and distributed leadership

**The Cambridge Handbook of Service Learning and Community Engagement** Corey Dolgon, Tania D. Mitchell, Timothy K. Eatman, 2017-02-01 With contributions from leading experts across disciplinary fields

this book explores best practices from the field's most notable researchers as well as important historically based and politically focused challenges to a field whose impact has reached an important crossroads. The comprehensive and powerfully critical analysis considers the history of community engagement and service learning, best teaching practices and pedagogies, engagement across disciplines and current research and policies, and contemplates the future of the field. The book will not only inform faculty staff and students on ways to improve their work but also suggest a bigger social and political focus for programs intended to seriously establish democracy and social justice in their communities and campuses.

**Practical Wisdom for Conducting Research on Service Learning** Julie A. Hatcher, Robert G. Bringle, Thomas W. Hahn, 2023-07-03

For scholars seeking to undertake consequential research in service learning and community engagement (SLCE) at a time when there is widening interest in and increasing acceptance of research in this field as a primary area of scholarship, this book provides accounts by preeminent scholars about the trajectories of their research, their methodologies, lessons learned along the way, as well as their views about the future direction of the field. The contributors to this volume represent a range of disciplines and fields including education, history, organizational leadership, political science, philanthropic studies, psychology, and public health, as well as both qualitative and quantitative traditions, and offer models of scholarly learning that contribute to a knowledge base that can guide practice and further the broader public purposes of the academy. They articulate how they view their research on SLCE as having broader purposes that matter to them personally, as well as professionally, and illustrate how the why and to what end of their research can evolve as a program of research develops and matures across time. They identify key choices they made in terms of inquiry and methodology, describe both successes and challenges in establishing and navigating a SLCE research agenda across their careers, and share lessons learned from their research journey to advance the field both domestically and abroad. Emerging from these narratives is a theme of practical wisdom that arises through the learning of researchers, students, and communities as they engage with complex social contexts.
