students and jazz aficionados alike **Frank & Ava** John Brady,2015-10-13 If I had to go back in Hollywood history and name two people who were most desperately and passionately in love with each other I would say Frank Sinatra and Ava Gardner were It Liz Smith It began in Hollywood's golden age when Ava was emerging as a movie star But she fell in and out of love too easily Mickey Rooney married her because he wanted another conquest Artie Shaw treated her like a dumb brunette giving her a reading list on their honeymoon Neither marriage lasted a year Then after being courted by Howard Hughes and numerous others along came Frank Sinatra His passion for Ava destroyed his marriage and brought him close to ruin Their wild affair broke all the rules of the prudish era as Frank left his wife and children and pursued Ava on an international stage They became romantic renegades with the press following them from location to location Oh God Frank Sinatra could be the sweetest most charming man in the world when he was in the mood said Ava They married but then came the quarrels separations infidelities and reconciliations Eventually there was a divorce and they thought it was over It wasn't Through all of the tortured years of separation and splintered affairs with others they maintained a secretive relationship known only to those who recognized that this was the love of a lifetime Over the years they attempted to reconcile romanced and nurtured each other right to the end The love story of Frank and Ava has never been fully explored or explained until now John Brady's Frank Ava delves deeply into the lives of these two iconic stars and their turbulent lifelong relationship More than anything else this is the story of a romance lived out under battlefield conditions **Bing and Billie and Frank and Ella and Judy and Barbra** Dan Callahan,2023-09-05 Crosby Holiday Sinatra Fitzgerald Garland and Streisand were the major interpreters of the American songbook and this is the interlocking story of their lives and careers Here is the epic tale of how these artists dominated American popular music over a fifty year period a roller coaster ride that gains momentum through the 1930s and 40s reaches a crest of magical creativity in the 1950s and early 60s and then crashes down by the early 1970s a half century when the great American songbook dominated the airwaves and the fight for racial equality came to the forefront Ella was beloved in her time and she is still beloved Frank is still the king of the songbook but Bing's legacy is just as vital once you start listening to his unprecedented 1930s output The best songs from Judy's greatest triumph her 1963-64 TV series are shared endlessly online The legend of Billie grows by the year and the basis of this should be appreciation and wonder for her own great artistry in the 1930s Barbra is a living legend and still a commercial force to be reckoned with the last exemplar of the songbook and its glories All six of these singers reach out to us and show us new ways of expression and new ways to dream Their song is largely ended but the melody lingers on **Frank** James Kaplan,2011-11-01 Frank Sinatra was the best known entertainer of the twentieth century infinitely charismatic lionized and notorious in equal measure But despite his mammoth fame Sinatra the man has remained an enigma Now James Kaplan brings deeper insight than ever before to the complex psyche and turbulent life behind that incomparable voice from Sinatra's humble beginning in Hoboken to his fall from grace and Oscar winning return in From Here to Eternity Here at last

is the biographer who makes the reader feel what it was really like to be Frank Sinatra as man as musician as tortured genius

Kompositionen für hörbaren Raum / Compositions for Audible Space Martha Brech, Ralph Paland, 2015-09-15 The integration of audible space is a central aspect of electroacoustic music Ever since the earliest analogue days of electroacoustic music pioneers of the genre including Pierre Schaeffer Iannis Xenakis Karlheinz Stockhausen and Luigi Nono used special devices and methods for their compositions and refined the possibilities of integrating the sound of space into music In this anthology analytical portraits of compositions and groups of compositions show the wide spectrum of spatial practices in early electroacoustic music Additionally retrospective views on the use of spatial composition in earlier epochs and in instrumental music of the 20th century portray the practice of spatial composition in different eras and genres as well as the universality of spatial music as a topic In this way the book contributes to a more differentiated understanding of the term spatial music Die Integration des hörbaren Raums ist ein zentraler Aspekt der elektroakustischen Musik Schon auf Basis der Analogtechnik entstanden spezielle Geräte und Verfahren die Pioniere des Genres wie Pierre Schaeffer Iannis Xenakis Karlheinz Stockhausen oder Luigi Nono für ihre Vorstellungen von Raummusik heranzogen und weiter entwickelten In diesem Band der englisch und deutschsprachige Beiträge gleichermaßen versammelt zeigen analytische Portraits einzelner Kompositionen oder Kompositionsgruppen das breite Spektrum spatialer Praktiken in der frühen elektroakustischen Musik Geschichtliche Rückblicke auf spatiale Kompositionsweisen früherer Epochen bis hin zur instrumentalen Musik des 20. Jahrhunderts stellen den epochen und genrespezifischen Umgang mit Raum dar und belegen nicht nur die Universalität des Themas Raummusik sondern leisten auch einen Beitrag zu deren begrifflicher Differenzierung
