Riding Yorkshire's Final Steam Trains Keith

Widdowson,2015-02-02 Keith Widdowson visited the North Eastern Region of British Railways on over forty occasions during the final eighteen months of steam powered passenger services With the odd exceptions usually for railtours most of the locomotives were neglected run down filthy prone to failure and often only kept their wheels turning courtesy of the skills of the crew coaxing them along with loving care Far from the scenic delights so often justifiably portrayed of the Yorkshire countryside the ever dwindling numbers became corralled within the industrialized heartland of Bradford Leeds Wakefield and Normanton Here Widdowson recalls that bygone era leading an almost nomadic nocturnal existence on his self imposed mission of stalking the endangered Iron Horses in one of their final habitats He was often far from alone in his quest The Haulage bashing fraternity comprised of like minded enthusiasts from throughout Britain often congregated lemming like on the one coach early morning mail trains the Summer Saturday holidaymaker trains or the Bradford portions indeed any passenger service with a steam locomotive at its front From the many disappointments of thwarted possibilities to the euphoric joy of unexpected catches together with over 130 contemporary images *Riding Yorkshire's Final Steam Trains* is a compelling snapshot of the race against time at the end of the golden age of steam

Modelling Signal Boxes for Railway Layouts Terry Booker,2017-04-03 It is hard to imagine a model railway layout without a signal box somewhere along the line They were after all the most numerous of the steam era buildings and some were almost as old as the railways themselves dating back to the mid 1800s With the increased availability of signal box kits and ready to site versions this book provides an invaluable and timely guide to just which box is right for your layout More than twenty model signal boxes are featured in actual layout locations in the book along with forty kits and projects from Alphagraphix and Bilteezi to the latest in downloads and laser cut kits specially constructed with detailed and illustrated step by step instructions Tips hints and useful advice on tools and adhesives is offered along with how to scratch build your own signal boxes using different methods and materials Superbly illustrated with 425 colour and black white photographs
