Mason,2013-10-29 Are politics your biggest stressor at work Becoming a Genuine Leader will help you develop the skills and

self awareness to navigate the challenges of your work culture with integrity at your core Most of us don't intend to operate

with greed cynicism dishonesty or passive aggression Often we don't even realize that we are acting out Other times we feel

driven to these things by others equally unsavory behaviors But to become a truly impactful leader we must get in touch with

our authenticity and apply our power and privilege to engender positive cultural values Just as our success at work can come

from strengths our families have nurtured in us all too often these assets can be eclipsed by the dysfunctional behaviors also

born from our past In Becoming a Genuine Leader Marilyn Mason teaches us how to lead from within by understanding our

past and changing the behaviors and communication styles that have compromised our integrity She reveals that when we

honestly look into our family culture and understand the impact of denying or hiding emotions essential changes in how we

manage and work with colleagues will take place As personal insight results in more open interaction and cooperation both

rising and established leaders can see a work environment come alive with greater trust and creativity Seven Mountains

shore of Minnesota's Lake Superior But beyond the exhilarating physical challenge she soon discovered key elements of

climbing that were essential in the challenges we all face every day Mason went on to climb majestic peaks in Tibet Nepal

Tanzania the Caucasus and China Beginning each chapter with a diary excerpt dramatizing her climbs she discusses her

findings in the context of human relationships in work love family friendships and community In *Seven Mountains* the

decisions to risk to face our fears to trust to ask for support to overcome our stuckness and to let go become starting points
