Ruhvel, 1977 *The History of Thoughts in Wei, Jin, Southern and Northern Dynasty* Li Shi, The book is the volume of The History of Thoughts in Wei Jin Southern and Northern Dynasty among a series of books of Deep into China Histories The earliest known written records of the history of China date from as early as 1250 BC from the Shang dynasty c 1600 1046 BC and the Bamboo Annals 296 BC describe a Xia dynasty c 2070 1600 BC before the Shang but no writing is known from the period The Shang ruled in the Yellow River valley which is commonly held to be the cradle of Chinese civilization However Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River These Yellow River and Yangtze civilizations arose millennia before the Shang With thousands of years of continuous history China is one of the world's oldest civilizations and is regarded as one of the cradles of civilization The Zhou dynasty 1046 256 BC supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule The central Zhou government began to weaken due to external and internal pressures in the 8th century BC and the country eventually splintered into smaller states during the Spring and Autumn period These states became independent and warred with one another in the following Warring States period Much of traditional Chinese culture literature and philosophy first developed during those troubled times In 221 BC Qin Shi Huang conquered the various warring states and created for himself the title

of Huangdi or emperor of the Qin marking the beginning of imperial China. However, the oppressive government fell soon after his death and was supplanted by the longer-lived Han dynasty (206 BC–220 AD). Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were handled by a special elite of scholar-officials. Young men well-versed in calligraphy, history, literature, and philosophy were carefully selected through difficult government examinations. China's last dynasty was the Qing (1644–1912), which was replaced by the Republic of China in 1912 and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace and periods of war and failed statehood, the most recent being the Chinese Civil War (1927–1949). China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism, Chinese dynasties have ruled parts or all of China. In some eras, control stretched as far as Xinjiang and Tibet, as at present. Traditional culture and influences from other parts of Asia and the Western world, carried by waves of immigration, cultural assimilation, expansion, and foreign contact, form the basis of the modern culture of China.

Tales in Context Rella Kushelevsky, 2017-11-13. A folkloric research project on *Sefer ha ma asim*. In the thirteenth century, an anonymous scribe compiled sixty-nine tales that became *Sefer ha ma asim*, the earliest compilation of Hebrew tales known to us in Western Europe. The author writes that the stories encompass descriptions of herbs that cure leprosy, a fairy princess with golden tresses using magic charms to heal her lover's wounds and restore him to life, a fire-breathing dragon, a two-headed creature, and a giant's daughter for whom the rind of a watermelon containing twelve spies is no more than a speck of dust. In *Tales in Context*, *Sefer ha ma asim* in Medieval Northern France. Rella Kushelevsky enlightens the stories' meanings and reflects the circumstances and environment for Jewish lives in medieval France. Although a selection of tales was previously published, this is the first publication of a Hebrew-English annotated edition in its entirety, revealing fresh insight. The first part of Kushelevsky's work, *Cultural, Literary, and Comparative Perspectives*, presents the thesis that *Sefer ha ma asim* is a product of its time and place and should therefore be studied within its literary and cultural surroundings: Jewish and vernacular in northern France. An investigation of the scribe's techniques in reworking his Jewish and non-Jewish sources into a medieval discourse supports this claim. The second part of the manuscript consists of the tales themselves in Hebrew and English translation, including brief comparative comments or citations. The third part, *An Analytical and Comparative Overview*, offers an analysis of each tale as an individual unit contextualized within its medieval framework and against the background of its parallels. Elisheva Baumgarten's epilogue adds social and historical background to *Sefer ha ma asim* and discusses new ways in which it and other story compilations may be used by historians for an inquiry into the everyday life of medieval Jews. The tales in *Sefer ha ma asim* will be of special value to scholars of folklore and medieval European history and literature, as well as those looking to enrich their studies and shelves.
