*The Seven Wives of Bluebeard* Anatole France, 2013-07 THE strangest the most varied the most erroneous opinions have been expressed with regard to the famous individual commonly known as Bluebeard None perhaps was less tenable than that which made of this gentleman a personification of the Sun For this is what a certain school of comparative mythology set itself to do some forty years ago It informed the world that the seven wives of Bluebeard were the Dawns and that his two brothers in law were the morning and the evening Twilight identifying them with the Dioscuri who delivered Helena when she was rapt away by Theseus We must remind those readers who may feel tempted to believe this that in 1817 a learned librarian of Agen Jean Baptiste Peres demonstrated in a highly plausible manner that Napoleon had never existed and that the story of this supposed great captain was nothing but a solar myth Despite the most ingenious diversions of the wits we cannot possibly doubt that Bluebeard and Napoleon did both actually exist
