Lim,2025-04-01 Nationalism today depends on the perception of victimhood The historical memory of past suffering endows nationalist movements with political legitimacy and a sense of moral superiority Koreans recall Japanese colonial atrocities while Japan commemorates the atomic bombings of Hiroshima and Nagasaki Israel sanctifies the Holocaust and Poland trumpets the Nazi and Soviet occupations Even Germany and Russia perpetrators of historical crimes today cast themselves as victims by pointing to national suffering In this theoretically sophisticated and empirically rich book Jie Hyun Lim offers a new way to understand nationalism and its political instrumentalization of suffering developing the concept of victimhood nationalism and exploring it in a range of global settings He examines relations among Poland Germany Israel Korea and Japan focusing on how memories of colonialism the Holocaust and Stalinist terror have converged and intertwined in transnational spaces With an emphasis on memory formation Lim scrutinizes how perpetrators in Germany and Japan transformed themselves into victims as well as how nationalists in Poland Korea and Israel portray themselves as hereditary victims in order to rebut external criticism He considers the construction of nations as victims and perpetrators tracing the interaction of history and memory Ultimately the book contends challenging victimhood nationalism is necessary to overcome the endless competition over national suffering and instead promote reconciliation mutual understanding and transnational solidarity      *Created in the Image?* Or Rogovin,2024-08-15 The turn of the twenty first century saw the rise of a brand of

fiction that centres the experience and perspective of the perpetrator thereby humanizing this character and granting it the capability to evoke our empathy The vast scholarship published on this phenomenon however fails to consider Israeli writing and with it some of the most complex characterizations of Holocaust perpetrators imagined from the unparalleled position of a nation that was shaped from its very birth by the legacy of Holocaust victimhood and survival In *Created in the Image Or* Rogovin situates Israeli literary responses to the Holocaust in the canon of perpetrator fiction for the first time Since the state's establishment in 1948 perpetrator characterization in Israeli fiction has demonstrated a remarkable development that corresponds to changing circumstances from the Eichmann trial to the First Intifada While early examples depicted perpetrators stereotypically and minimally as seen in Ka Tzetnik's demonic and bestial Nazis in *Salamandra* and in the amorphous persecutor figures in Aharon Appelfeld's stories since the mid 1980s these characters have been created in the human image as nuanced and multidimensional individuals The turning point came with Herr Neigel the sensitive and self-contradictory commandant in David Grossman's *See Under Love* 1986 followed by likewise multifaceted and humanized perpetrators in fiction by A B Yehoshua Savyon Liebrecht and Amir Gutfreund Anchored in theoretical and comparative perspectives *Created in the Image* presents a groundbreaking analysis of the poetic mechanisms moral implications and historical contexts of this paradigm shift in the Israeli literary response to the Shoah

דוד יעקובסון, 1997 Does David Still Play Before You explores the ways that contemporary Israeli poets have made use of images from the Bible in their poetry Does David Still Play Before You explores the ways that contemporary Israeli poets have made use of images from the Bible in their poetry Through close readings of fifty poems featured in their original Hebrew and in English translation David Jacobson studies how Israeli poets respond to and incorporate the Bible in their work and reflect on the presence of the Bible in contemporary Israeli culture The book provides a stunning collection of powerful and moving voices Jacobson organizes the works according to subjects that recur with great frequency in Israeli poetry based on the Bible the Arab Israel conflict responses to the Holocaust relations between men and women and modern challenges to traditional religious faith Jacobson's literary analysis is informed by an astute awareness of the role of the Bible in Israeli culture This volume is the first comprehensive study of the use of the Bible by Israeli poets a phenomenon that is central to the development of Israeli poetry
