Seventy Two Virgins:

Rational Extremism Ronald Wintrobe, 2006-08-14 Extremists are people whose ideas or tactics are viewed as outside the mainstream. Looked at this way extremists are not necessarily twisted or evil. But they can be especially when they are intolerant and violent. What makes extremists turn violent? This 2006 book assumes that extremists are rational given their ends they choose the best means to achieve them. The analysis explains why extremist leaders use the tactics they do and why they are often insensitive to punishment and to loss of life. It also explains how rational people can be motivated to die for the cause. The book covers different aspects of extremism such as revolution, suicide terrorism and global jihad. The arguments are illustrated with important episodes of extremism including the French Revolution, the rise of nationalism in Yugoslavia under Milosevic and the emergence of suicide terror and Al Qaeda today.

Seventy-two Virgins Boris Johnson, 2004 Seventy Two Virgins is a comic political novel with similar appeal to Stephen Fry or Ben Elton, written by one of Britain's most popular politicians. It is Boris Johnson's first novel. To much fanfare the American President is on an inaugural visit to the Houses of Parliament. Our hero, a hapless MP on a bicycle, gets caught up in the ferocious security arrangements. A stolen ambulance runs into trouble with the Westminster Parking Authorities. A man born in Lebanon but going by the name of Jones manages to persuade his way through the barriers. The best sharpshooter in the United States is enlisted and stationed on the roof of the building adjoining Westminster Hall. Henry VIII's tennis ball gets caught up in the melee. These disparate parts meet head on and the events are broadcast live on worldwide television.

Virgins, Harlots and Sex David Chesney, 2011-02-14 AN Earthy Look At Christianity. Many biblical terms have a consistent symbolic significance from Genesis to Revelation, e.g. nudity, light and darkness, virgins, harlots. Nudity occurs in three of the most significant events in the whole Bible and in every case it is best understood symbolically. This book demonstrates that symbolism is so powerful it can, for example, change the status of Isaiah's virgin birth prophecy from an absurdity to an astonishing fulfilment of prophecy. Harlots described in the book as God's warning lights also figure very prominently in the biblical coverage of both Jews and Christians. Another key theme is to show that the raw seed concepts of the Hebrew Bible evolve so neatly into the Christian New Testament viewpoint over a 1000 years that readers may conclude uninspired biblical script writers could not have organized it. Here are some quotes from the book that introduce intriguing and/or provocative new trains of thought:

- 1 If you think linking sex with religious experience is a bit rich then you need to do some more Bible study.
- 2 Indulgence in adultery is the most obvious of the sins proscribed in the Ten Commandments that could trace directly to hormonal influences.
- 3 Should we be joining Haters Anonymous, Schadenfreude Anonymous or Egotists Anonymous in order to qualify for a better land and to actually enjoy it?
- 4 Some of our excretory functions are less than ideal for a brand new earth; the creator team could have done better by us if they wanted to.
- 5 It is tacitly assumed God did not conduct experiments in His creation efforts. No need to. He knows the end from the beginning. But other challenging insights emerge in connection with Lot's use of his daughters as

sex sops the possible symbolic significance of the Mosaic decree to cut off a lady's hand if she squeezed testicles the massaging of data in St Matthew's genealogies a religious uncertainty principle and the reason God doesn't do something to stop the frightful things happening in the world This is not a book built on hype and emotion It makes extensive use of scholarly sources but has a light hearted journalistic approach and is easy to read In exploring the spiritual import of sexual issues in nature and revelation it offers fresh perspectives on the bitter creation evolution debate the gross and genocidal behavior of the chosen people the currently unacceptable biblical restrictions on human sexual behavior and the decidedly low key role of women in organized religion Innovative succinct engaging thought provoking and sometimes shocking

Bull*T** Steven Elliott, 2015-01-07 Our beautiful World is full of lies Why Why do people feel such a desperate need to cling to lies untruths and fantasy Is the World not beautiful enough without filling it with falsehoods Over the centuries many men and women have written many thousands of books explaining and supporting lies In all fairness the majority of those authors have undoubtedly believed the lies of which they wrote But that does not excuse the pernicious spreading of lies I believe it is time that we came out of the dark and entered the light And I propose to do my bit to lift the veil through this small work Men and women have been permitted down the ages to spread lies and misinformation Am I not allowed to endeavor to spread some truth

In Pursuit of the Free Pass John Howard, 2012-09 John Howard author of Road Warriors asks WHY Why can't we display the Ten Commandments in public places Why can't we say Merry Christmas even though that's the holiday we are celebrating Why do we all have to kowtow to the liberal Church of the Enlightened's dictates and lack of morals Why can't children pray in school if that is their choice Why does the Church of the Enlightened hate core American values Why does the feminist's agenda ruin the workplace and weaken the United States from within Why does Affirmative Action hurt the people it's supposed to help Why can't we find out the truth about our elected leaders who pay attorneys to cover up their past And WHAT can the right thinking Christian majority do about changing the messages that are sent out each day seeking to dismiss them as crazy people that seek to destroy this great nation The United States of America is the greatest country in the world and only when right thinking foundational principles are brought to surface can we truly have a nation of which to be proud
