Man-Hunters of the Old West, Volume 2 Robert K. DeArment, 2018-02-15 Until the early twentieth century life in the American West could be rough and sometimes vicious Those who brought thieves and murderers to justice at times had to employ tactics as ruthless as their prey In this follow up to his first collection of biographies of the West's most recognized man hunters noted western historian Robert K DeArment recounts the remarkable careers of eight men Pat Garrett John Hughes Harry Love Harry Morse Frank Norfleet Bass Reeves Granville Stuart and Tom Tobin who pursued notorious criminals Volume 2 of Man Hunters of the Old West shows that limited resources and dire conditions often made extralegal violence necessary for survival Harry Love the famous killer of California bandito Joaquin Murrieta and Tom Tobin who ended the murders of the Espinosa gang in Colorado tracked their quarries to remote hideouts shot them and cut off their heads to prove they had been eliminated Felon trackers like the vigilante organizations that preceded them on occasion administered summary justice the on the spot hanging of their captured prey especially if they believed the established court system was not working Some of the man hunters in DeArment's accounts were freelance scouts and trackers others were career officers of the law At least one Frank Norfleet was a private citizen turned dedicated nemesis of con artists Love Stuart and Morse began life as easterners who made their way West All the others were midwesterners or far westerners Some of these man hunters wrote about their adventures and were written about in turn Garrett's account of his hunt for Billy the Kid remains a best seller for example and both Reeves and Hughes have been credited for inspiring the Lone Ranger of TV and movie fame DeArment discusses constant threats to the man hunters survival the federal government's undependable presence and extralegal violence as major themes in western law enforcement In recounting these eight men's adventures this volume reveals the forces that made brutality seem commonplace *Emma Goldman, Vol. 2* Emma Goldman, 2008-07-16 A unique history of one of American radicalism's most fiercely outspoken figures Emma Goldman, Vol. 2 Emma Goldman, 2008-07-16 Emma Goldman A Documentary History of the American Years reconstructs the life of Emma Goldman through significant texts and documents These volumes collect personal letters lecture notes newspaper articles court transcripts government surveillance reports and numerous other documents many of which appear here in English for the first time Supplemented with thorough annotations multiple appendixes and detailed chronologies the texts bring to life the memory of this singular pivotal figure in American and European radical history Volume 2 Making Speech Free 1902 1909 extends many of the themes introduced in the previous volume including Goldman's evolving attitudes toward political violence and social reform intensified now by documentary accounts of the fomenting revolution in Russia and the legal opposition toward anarchism and labor organizing in the United States Always an impassioned defender of free expression Goldman's launch of her magazine Mother Earth in 1906 signaled a desire to bring radical thought into wider circulation and its pages brought together modern literary and cultural ideas with a radical social agenda quickly becoming a

platform for her feminist critique among her many other challenges to the status quo With abundant examples from her writings and speeches this volume details Goldman s emergence as one of American history s most fiercely outspoken opponents of hypocrisy and pretension in politics and public life **History of Fresno County, Vol. 2** Paul E. Vandor,2020-10-15 The editor and publisher of these volumes which include not less than several hundred biographies spread across the six books presents them confidently as a verified and authoritative history of the county the result of conscientious labor in original research and of information imparted by pioneers and their descendants entered upon originally as a pastime and without thought of publication of the collated material It essays to present county and city historical data that had lasting bearing on the times but which with many of the picturesque incidents were ignored or overlooked in the publications that have gone before and lastly it is an endeavor also to fill in the hiatus of the years from 1882 through the first World War to bring to date the tale of the development and growth of a county which from a small beginning with a rough and uncouth mining population and hardy pioneers has become one of the richest politically best governed and industrially typical of a great state Incredible as their development and growth have been through successive industrial epochs the mind cannot grasp the future of State and County now that the twin Sacramento and San Joaquin Valleys have reached the zenith of development and production Today Fresno County is a leading contributor to California s greater riches enhanced production and to the unmeasured happiness and prosperity of its citizens Fresno is one of the state s centers A remarkable past will be eclipsed by a more wonderful future it is manifest destiny This is volume two out of six

Jenkins,2023-07-10 As Southern California recovered from the collapse of the cattle industry in the 1860s the arrival of railroads attacked by newspapers as the greedy octopus and the expansion of citrus agriculture transformed the struggling region into a vast idealized and prosperous garden New groves of the latest citrus varieties and new towns like Riverside quickly grew directly along the tracks of transcontinental railroads The influx of capital industrial technology and workers especially people of color energized Southern California and tied it more closely to the economy and culture of the United States than ever before Benjamin Jenkins s Octopus s Garden argues that citrus agriculture and railroads together shaped the economy landscape labor systems and popular image of Southern California Orange and lemon growing boomed in the 1870s and 1880s while railroads linked the region to markets across North America and ended centuries of geographic isolation for the West Coast Railroads competed over the shipment of citrus fruits from multiple counties engulfed by the orange empire resulting in an extensive rail network that generated lucrative returns for grove owners and railroad businessmen in Southern California from the 1890s to the 1950s While investment from white Americans particularly wealthy New Englanders formed the financial backbone of the Octopus s Garden citrus and railroads would not have thrived in Southern California without the labor of people of color Many workers of color took advantage of the commercial developments offered by railroads and citrus to economically advance their families and communities however these people also suffered greatly under the constant realities of bodily harm low wages and political and social exclusion Promoters of the railroads and citrus cooperatives touted California as paradise for white Americans and minimized the roles of non white laborers by stereotyping them in advertisements and publications These practices fostered conceptions of California s racial hierarchy by praising privileged whites and maligning the workers who made them prosper The Octopus s Garden continues to shape Southern Californians understanding of their past In bringing together multiple storylines Jenkins provides a complex and fresh perspective on the impact of citrus agriculturalists and railroad companies in Southern Californian history **The Battle of Manila** Nicholas Evan Sarantakes,2025 Douglas MacArthur had a special relationship with the city of Manila Many years before when he had decided to make a career in the U S Army like his father and had bounced around the globe he kept coming back to the city He received his first promotion in Manila and contracted malaria so severe the Army had to send him back to the United States The city was a constant in a life without many others He was by any measure an exceptional soldier At the U S Military Academy he earned an athletic letter in baseball became the First Captain of the Corps of Cadets and finished first in a class
