Madonna Anno Domini Poems:

Madonna Anno Domini Joshua Clover, 1997 In his first collection Joshua Clover presents a harrowing poetic manifesto for the coming century Clover fuses formal control a solid grounding in poetic tradition his allusions range from Shakespeare to Dickinson to John Cale and sheer visionary exhilaration into a technical moral aesthetic and imaginative lexicon that irradiates each page The eerie cyberglow of Clover's lines illuminates a pageant of blurred and fragmented desolation the Bomb death camps the Persian Gulf War the beating of Rodney King the whole numbing litany of modern horrors Clover is a master of poetic shorthand of the stark unnerving image as immediate as yellow tape at a crime scene *Madonna anno domini* is a sacrament for the twilight of the atomic age a hellish Interzone with God in abeyance where dazed speakers search through the vertigo of negation for love and belief And here in this utterly convincing vision of a world whose center has long since lost its hold we see the life on whose brink we at the end of the millennium find ourselves poised **Madonna Anno**

Domini Joshua Clover, 1997 The first collection of poems by the winner of the 1996 Walt Whitman Award of The Academy of American poets **Passing** Brooke Kroeger, 2004-12-01 Despite the many social changes of the last half century many Americans still pass black for white gay for straight and now in many new ways as well We tend to think of passing in negative terms as deceitful cowardly a betrayal of one's self But this compassionate book reveals that many passers today are people of good heart and purpose whose decision to pass is an attempt to bypass injustice and to be more truly themselves Passing tells the poignant complicated life stories of a black man who passed as a white Jew a white woman who passed for black a working class Puerto Rican who passes for privileged a gay Conservative Jewish seminarian and a lesbian naval officer who passed for straight and a respected poet who radically shifts persona to write about rock n roll The stories interwoven with others from history literature and contemporary life explore the many forms passing still takes in our culture the social realities which make it an option and its logistical emotional and moral consequences We learn that there are still too many institutions environments and social situations that force honorable people to twist their lives into painful deceit ridden contortions for reasons that do not hold Passing is an intellectually absorbing exploration of a phenomenon that has long intrigued scholars inspired novelists and made hits of movies like *The Crying Game* and *Boys Don't Cry* Yellow Shoe Poets George Garrett, 1999-10-01 Since 1964 when Louisiana State University Press published its inaugural book of verse Miller Williams's *A Circle of Stone* its poetry list has grown exponentially 191 books by 93 poets into a program that inspires understandable pride in those associated with it Two collections have won the Pulitzer Prize *The Flying Change* 1986 by Henry Taylor and *Alive Together* 1996 by Lisel Mueller Another book by Mueller *The Need to Hold Still* 1980 won the National Book Award while several other LSU titles have been finalists for that distinction most recently *The Fields of Praise* 1997 by Marilyn Nelson and *The Vigil* 1993 by Margaret Gibson Dozens more have been recognized for their excellence through a host of various honors The Press publishes the winner of the annual Walt Whitman Award given by The Academy of

American Poets for a first collection and in 1996 it launched the Southern Messenger series in collaboration with Dave Smith bringing two shining works into the fold each year The appearance of The Collected Poems of Robert Penn Warren in 1998 meant for the Press the realization of a long dearly held dream To mark this thirty five year old tradition as the century and millennium turn and to offer a sampling of its richness The Yellow Shoe Poets a retrospective anthology was compiled under the editorship of George Garrett a longtime colleague of the Press and the author of eight poetry volumes Say the LSU poets real fast with a southern drawl and you get the ridiculously wonderful moniker that poet Elizabeth Seydel Morgan s young friend innocently mistook for this noble band It s an image Brendan Galvin has appropriated to a perfect fit in his poem Yellow Shoe Poet written on behalf of his fellow yellow shoes across the years All 173 poems are taken from LSU Press books and were selected by the poets themselves if living Arranged alphabetically by author they consist of at least one poem from every poet published by the Press Goethe s admonition that one ought every day at least to read a good poem can find no better starting point than in The Yellow Shoe Poets

Attention Equals Life Andrew Epstein, 2016-06-01 Poetry has long been thought of as a genre devoted to grand subjects timeless themes and sublime beauty Why then have contemporary poets turned with such intensity to documenting and capturing the everyday and mundane Drawing on insights about the nature of everyday life from philosophy history and critical theory Andrew Epstein traces the modern history of this preoccupation and considers why it is so much with us today *Attention Equals Life* argues that a potent hunger for everyday life explodes in the post 1945 period as a reaction to the rapid unsettling transformations of this epoch which have resulted in a culture of perilous distraction Epstein demonstrates that poetry is an important and perhaps unlikely cultural form that has mounted a response and even a mode of resistance to a culture suffering from an acute crisis of attention In this timely and engaging study Epstein examines why a compulsion to represent the everyday becomes predominant in the decades after modernism and why it has so often sparked genre bending formal experimentation With chapters devoted to illuminating readings of a diverse group of writers including poets associated with influential movements like the New York School language poetry and conceptual writing the book considers the variety of forms contemporary poetry of everyday life has taken and analyzes how gender race and political forces all profoundly inflect the experience and the representation of the quotidian By exploring the rise of experimental realism as a poetic mode and the turn to rule governed everyday life projects *Attention Equals Life* offers a new way of understanding a vital strain at the heart of twentieth and twenty first century literature It not only charts the evolution of a significant concept in cultural theory and poetry but also reminds readers that the quest to pay attention to the everyday within today s frenetic world of smartphones and social media is an urgent and unending task
