Michael Jackson Dangerous The Short Films:

Michael Jackson ,1993 Michael Jackson's Dangerous Susan Fast,2014-09-25 Dangerous is Michael Jackson's coming of age album. Granted that's a bold claim to make given that many think his best work lay behind him by the time this record was made. It offers Jackson on a threshold at long last embracing adulthood politically questioning sexually charged yet unable to convince a skeptical public who had by this time been wholly indoctrinated by a vicious media. Even though the record sold well few understood or were willing to accept the depth and breadth of Jackson's vision and then before it could be fully grasped it was eclipsed by a shifting pop music landscape and personal scandal the latter perhaps linked to his assertive new politics. This book tries to cut through the din of dominant narratives about Jackson taking up the mature nuanced artistic statement he offered on Dangerous in all its complexity. It is read here as a concept album one that offers a compelling narrative arc of postmodern angst love lust seduction betrayal damnation and above all else racial politics in ways heretofore unseen in his music. This record offered a Michael Jackson that was mystifying for a world that had accepted him as a child and as childlike and hence as safe. This Michael Jackson was indeed dangerous. *The Dangerous Philosophies of Michael Jackson* Elizabeth Amisu,2016-09-26 An essential companion to Michael Jackson's music films and books this work offers 21 original academic essays on all things Jackson from film music and dance to fashion culture and literature.
