and Postdramatic Theatre Mladen Ovadija, 2013-07-01 Sound is born and dies with action In this surprising resourceful study Mladen Ovadija makes a case for the centrality of sound as an integral element of contemporary theatre He argues that

sound in theatre inevitably betrays the dramatic text and that sound is performance Until recently theatrical sound has largely been regarded as supplemental to the dramatic plot Now however sound is the subject of renewed interest in theatrical discourse Dramaturgy of sound Ovadija argues reads and writes a theatrical idiom based on two inseparable intertwined strands the gestural corporeal power of the performer's voice and the structural value of stage sound His extensive research in experimental performance and his examination of the pioneering work by Futurists Dadaists and Expressionists enable Ovadija to create a powerful study of autonomous sound as an essential element in the creation of synesthetic theatre Dramaturgy of Sound in the Avant garde and Postdramatic Theatre presents a cogent argument about a continuous tradition in experimental theatre running from early modernist to contemporary works Flash! How To Do Things with Dance Rebekah J. Kowal, 2010-10-01

Houdini, Tarzan, and the Perfect Man John F. Kasson, 2002-07-02 A remarkable new work from one of our premier historians In his exciting new book John F. Kasson examines the signs of crisis in American life a century ago signs that new forces of modernity were affecting men's sense of who and what they really were When the Prussian born Eugene Sandow an international vaudeville star and bodybuilder toured the United States in the 1890s Florenz Ziegfeld cannily presented him as the Perfect Man representing both an ancient ideal of manhood and a modern commodity extolling self development and self fulfillment Then when Edgar Rice Burroughs's Tarzan swung down a vine into the public eye in 1912 the fantasy of a perfect white Anglo Saxon male was taken further escaping the confines of civilization but reasserting its values beating his chest and bellowing his triumph to the world With Harry Houdini the dream of escape was literally embodied in spectacular performances in which he triumphed over every kind of threat to masculine integrity bondage imprisonment insanity and death Kasson's liberally illustrated and persuasively argued study analyzes the themes linking these figures and places them in their rich historical and cultural context Concern with the white male body with exhibiting it and with the perils to it reached a climax in World War I he suggests and continues with us today
