

Love More Than Love Could Recall (Double Ballade With 8 Line Stanza)

The sound says love is not a crush;
As one we moved from plain to dote.
The love became more than a blush.
You are my boo, that is my vote.
My words are true, no need to note.
I love you, Anne; with my very all!
You'll know by actions that cause rote;
A love more than love could recall.

The sound is song of a blue Thrush,
It sings a song that please by mote.
His feathers are a stunning plush,
His owners are the wealthy Vacote,
They live by bay and have a boat.
Let's dance on this oceanic ball,
I know it's love that keeps afloat.
A love more than love could recall.

Let love speak- every qualm stay hushed.
The birds' song tells the love I wrote.
The song says my heart goes to mush,
I love you so much that I do gloat;
Each day our love I do promote!
The love you give me does enthrall..
My days to you I do devote;
A love more than love could recall.

Our hills are big and very lush,
They're full of plums and then a cote,
That keeps safe mistletoe's thrush
A bird that sings the lovers' note;
There even lies a pretty goat!
To give, I have the wherewithal,
On my word, I do not misquote,
A love more than love could recall.

Look at the waves, how they do gush
And beat on the stockades of the boat,
With one weak spot the boat could crush
To portions that are very mote.
But it does not; we are the boat!
For never will we sink and fall!
These are the words we need to note.
A love more than love could recall.

Simon-Vandenberg, 2025-08-29 This book examines the use of colour terms in the poetry of Dylan Thomas adopting a primarily linguistic and stylistic rather than literary approach Although critical studies of the poetry of Dylan Thomas abound systematic and detailed linguistic studies of his poems are relatively rare The authors main aim is to investigate in detail the use of colour terms and in particular to link this to the associations between colours and their connotative symbolic meanings which form the basis for what have been called colour metaphors They also provide a rich database of these associations which will be of use to researchers who may be interested in the use of colour terms in other texts whether literary or non literary This book will be of interest primarily to academics and advanced students in the field of linguistic stylistics **The**
