Mortal Rivals Superpower Relations From Nixon To Reagan:

Mortal Rivals William G. Hyland, 1988 *The Politics of Arms Control Treaty Ratification* M. Krepon, D. Caldwell, 2016-04-30 In the treaty of Versailles and the SALT II Treaty years of painstaking diplomatic effort were lost when the United States Senate refused to provide its consent to ratification This book provides the first comparative assessment ever written of executive congressional relations and the arms control treaty ratification process A renowned team of historians political scientists and policy analysts look at seven case studies ranging from Versailles to the INF Treaty to explore the myriad ways to win and lose treaty ratification battles This book constitutes a strong marriage of scholarship and public policy *Globalizing Human Rights* Christian Peterson, 2012-03-12 Globalizing Human Rights explores the complexities of the role human rights played in U S Soviet relations during the 1970s and 1980s It will show how private citizens exploited the larger effects of contemporary globalization and the language of the Final Act to enlist the U S government in a global campaign against Soviet Eastern European human rights violations A careful examination of this development shows the limitations of existing literature on the Reagan and Carter administrations efforts to promote internal reform in USSR It also reveals how the Carter administration and private citizens not Western European governments played the most important role in making the issue of human rights a fundamental aspect of Cold War competition Even more important it illustrates how each administration made the support of non governmental human rights activities an integral element of its overall approach to weakening the international appeal of the USSR In addition to looking at the behavior of the U S government this work also highlights the limitations of arguments that focus on the inherent weakness of Soviet dissent during the early to mid 1980s In the case of the USSR it devotes considerable attention to why Soviet leaders failed to revive the international reputation of their multinational empire in face of consistent human rights critiques It also documents the crucial role that private citizens played in shaping Mikhail Gorbachev s efforts to reform Soviet style socialism

Henry Kissinger and American Power Thomas A. Schwartz, 2020-08-25 Henry Kissinger and American Power effectively separates the man from the myths The Christian Science Monitor Best Books of the Month The definitive biography of Henry Kissinger at least for those who neither revere nor revile him Over the past six decades Henry Kissinger has been one of America s most lavishly praised and most reviled public figures He was hailed as a miracle worker for his peacemaking in the Middle East pursuit of détente with the Soviet Union negotiation of an end to the Vietnam War and secret plan to open the United States to China He was assailed from both the left and the right for his complicity in the pointless sacrifice of American and Vietnamese lives indifference to human rights and reliance on deception and intrigue Was he a brilliant master strategist the 20th century s greatest 19th century statesman Robert Kaplan The Atlantic or a cold blooded monster who eroded America s moral standing for the sake of self promotion In this masterfully researched biography the renowned diplomatic historian Thomas A Schwartz offers an authoritative and evenhanded answer to this question While

other biographers have engaged in hagiography or demonology Schwartz takes a measured view of his subject He recognizes Kissinger's important successes and insights into the foreign policy issues of his time but also acknowledges his failures his penchant for backbiting and his reliance on ingratiating and fawning praise of the president as a source of his own power Throughout Schwartz stresses Kissinger's artful invention of himself as a celebrity diplomat and his domination of the medium of television news He also notes Kissinger's sensitivity to domestic and partisan politics complicating and undermining the image of the far seeing statesman who stood above the squabbles of popular strife Rounded and textured and rich with new insights into key dilemmas of American policy Henry Kissinger and American Power is an essential guide to a man whose legacy is as complex as the last sixty years of U S history itself

America in the Seventies Stephanie Slocum-Schaffer, 2003-05-01 In assessing this tumultuous period in American history Stephanie A Slocum Schaffer provides readers with a visceral experience of the seventies and a comprehensive survey of the important events of the entire decade Central to the book is the belief that the 1970s were a time of betrayal and loss for the U S tempered by moments of healing and renewal Slocum Schaffer evokes the pain of Nixon's betrayal of the nation the revelations of the My Lai massacre and the Pentagon Papers and the losses of icons such as John Wayne Jimi Hendrix and the cult followers at Jonestown At the same time she revisits the successes of Camp David Billie Jean King and Frank Robinson and the first Space Shuttle test flight and reminds us of the healing that such events offered to the U S's faltering self esteem America in the Seventies concludes with a Legacy Chapter summarizing the influence of the events of the decade on future generations and an annotated bibliography that includes the author's recommendations for the best first book to read on each subject as well as relevant Internet sources

The Transformation of American International Power in the 1970s Barbara Zanchetta, 2014 Barbara Zanchetta analyzes the evolution of American Soviet relations during the 1970s from the rise of détente during the Nixon administration to the policy's crisis and fall during the final years of the Carter presidency This study traces lines of continuity among the Nixon Ford and Carter administrations and assesses its effects on the ongoing redefinition of America's international role in the post Vietnam era Against the background of superpower cooperation in arms control Dr Zanchetta analyzes aspects of the global bipolar competition including U S China relations the turmoil in Iran and Afghanistan and the crises in Angola and the Horn of Africa In doing so she unveils both the successful transformation of American international power during the 1970s and its long term problematic legacy

A Companion to Gerald R. Ford and Jimmy Carter Scott Kaufman, 2015-10-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War

neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department

The Politics of Threat David H. Dunn, 2016-07-27 This work analyses the vulnerability of America's land based missile force to a pre-emptive Soviet strike as an issue in US strategic and political debate It examines why the issue rose to prominence in the way it did in the 1970s and then fell away as a concern in the 1980s without being solved in the way it had been presented It details the way in which the issue was exploited for political and strategic purposes which were often at odds with a concern for this vulnerability

The Dove and the Eagle Roberto Fornasier, 2013-01-03 This book represents research conducted over a two year period on the politico diplomatic relations between Italy and the United States in the mid Sixties and Seventies Based on conspicuous archival materials from Italian American and British sources and on a great amount of secondary literature it traces an accurate panorama of the Italian political social and diplomatic developments from the student and worker protests of 1968 to the killing of Aldo Moro in 1978 from the behind the scenes bargains between parties to the fear of the Communist Party's growth during the Premiership of the conservative Christian Democrat Mariano Rumor 1915-1990 The volume includes an innovative comparison between Rumor's basic choices of foreign policy and those of the duo Nixon and Kissinger From here arises the book's title where the dove is represented by Rumor a fervent Catholic a firm anti Communist a reliable Atlantist and an indefatigable Europeanist while the eagle is embodied by the Republican Administrations of Richard Nixon and Gerald Ford

The Rise and Fall of Détente Jussi M. Hanhimäki, 2013 From Kennedy to Reagan

Whispering the Techniques of Language: An Emotional Quest through **Mortal Rivals Superpower Relations From Nixon To Reagan**

In a digitally-driven world wherever displays reign supreme and quick conversation drowns out the subtleties of language, the profound techniques and emotional nuances concealed within phrases often go unheard. Yet, nestled within the pages of **Mortal Rivals Superpower Relations From Nixon To Reagan** a captivating fictional prize pulsing with raw thoughts, lies an extraordinary journey waiting to be undertaken. Written by a skilled wordsmith, that wonderful opus invites readers on an introspective journey, softly unraveling the veiled truths and profound affect resonating within the material of each and every word. Within the psychological depths of this poignant review, we shall embark upon a genuine exploration of the book is primary subjects, dissect its interesting publishing model, and succumb to the strong resonance it evokes serious within the recesses of readers hearts.
