Smith, Ph.D., 2016-06-08 A discussion of each of the Ten Commandments and its connections with the remainder of the Law of Moses the teachings of the prophets and the New Covenant revelation Moses, The Ten Commandments & The Council of Nicaea Rev. Mickey Gollahon, 2018-09-09 A look at the story of Moses and the 10 Commandments How the 10 Commandments were narrowed down from the 613 Commands of God Finally looking at the Council of Nicaea and way Emperor Constantine the Great commissioned them to write/publish the first Bible This is the 2nd book in the series of 4 books to be published The next one due out in 2019 titled Jesus Christ his 49 Commandments Finishing the series with book 4 titled The Lost Books of the Bible Moses and the Ten Commandments, 1957 **Moses and the Ten Commandments** Demi, 2025 Brought up in captivity in Egypt the prophet Moses was instructed by God to lead his people the Israelites out of slavery across the Red Sea and into the Sinai Desert It was to be on Mount Sinai that God would speak to Moses and reveal to him the Ten Commandments upon two tablets of stone Award winning author Demi recounts the dramatic story of Moses prophet liberator and lawgiver to his people the Israelites What Are the Ten Commandments? Yona Zeldis McDonough, Who HQ, 2017-10-10 Learn the story behind the ten laws that have been the guiding light of Judeo-Christian belief Not just about Moses whose origin story leaves open questions this book looks back at the time when the commandments were written how the belief in one all-powerful God set the Israelites apart from other ancient peoples and the roles the Ten Commandments have played in Judaism Christianity and Islam It also looks at what each individual commandment means and how together they form the basis of leading a moral life as well as forming a just government **The Ten Commandments and Human Rights** Walter J. Harrelson, 1997 The Ten Commandments and Human Rights sets out to evaluate the importance of the Ten Commandments for the life of faith today The general thesis is that the commandments are immensely important not only for Jews and Christians but for all persons seeking to find or to reaffirm a moral foundation for their life and for the life of their children their religious community and their society The fact that the commandments are put negatively is immensely important for it means that the

community that claims these commandments and builds on them has to work out for itself the positive import of not having other gods not worshipping idols not profaning the sabbath not killing and stealing and committing adultery Put negatively these commitments become the groundwork for a humanly free and responsible search for the will of God for individual family and corporate life today and in any day It is true that the commandments originate in ancient Israel are central to the faith of prophets priests and sages and are claimed and made foundational by Jesus for the Christian community But these commandments also share much with for example the Universal Declaration of Human Rights which has been presented by the United Nations for adoption by all the nations of earth The Ten Commandments and Human Rights seeks to show how to avoid moralistic use of the Ten Commandments in religious life today while still affirming that there are absolutely foundational prohibitions that can and must guide the moral life of all peoples The Ten Commandments need very little revision in order to become such a foundation for a free and responsible life today **Contemplations on the Ten**

Commandments Vol. 2 H.H. Pope Shenouda III,1993-07-02 The Ten Commandments were not meant for the times of the prophet Moses nor the times of the Old Testament but were rather addressed to every generation till heaven and earth pass away one jot or one tittle will by no means pass from the law Matt 5 18 Through Christianity the Ten Commandments were given a new meaning which coincided with the new standards understood by the believers in the New Testament So the Commandments remain the same but their concept widens as God grants with His grace an opportunity for meditation How true then was the prophet David when he said I have seen the consummation of all perfection But Your commandment is exceedingly broad Ps 119 96 This series of lectures were given in 1967 and have been published more than once Pope Shenouda III A History of the Ten Commandments Clarence William Sickles,2015-11-09 A History of the Ten Commandments with a Modern Moral Code traces the way the Ten Commandments God gave to Moses on Mt Sinai in the 13th century BC changed through the ages analyzing the seventeen versions of the Decalogue which now exist The author also presents a moral code which is related to the Mosaic Decalogue but is not religious and should therefore be acceptable for public display in the secular world The book features photographs of plaques depicting the Ten Commandments with interesting eleven commandment variations on display throughout the country Written for a broad audience ranging from Sunday school teachers and scholars to the average reader this book is essential reading for those seeking to discover information about the greatest document in human history and wanting to learn about a new moral standard desperately needed in the ethically corrupt world of the present day
