Oswald's Trigger Films John Loken,2000 My book is titled Oswald s Trigger Films The Manchurian Candidate We Were Strangers Suddenly and it was published last winter I would like it to be catalogued cross referenced under the subjects of History Politics and Film I also have a 25 word descriptive blurb for it but am not sure if I should send the blurb to you or to a colleague Please let me know Oh one final matter originally I may have indicated that the book was 65 pages long but that was a mistake since the final version was is 81 pages long It has gotten very good comments so far **The Guns of Dealey**

Plaza -- Weapons and the Kennedy Assassination John Craig,2016-02-09 This study investigates the numerous sightings and sounds of weapons in and around Dealey Plaza on November 22 1963 as well as bullets and bullet fragments found in Dealey Plaza and experiments that employed 21st century technology to investigate details of the JFK assassination that were unavailable to the Warren Commission and the House Select Committee on Assassinations HSCA investigations High definition television high speed cameras and 3D laser scans that create accurate virtual worlds are some of the latest technical instruments used to dissect the nature of the shots fired in Dealey Plaza **Peculiar Liaisons** John S. Craig,2005

Presenting famous and infamous individuals and events that shocked the world and helped set the scene for today s history this book illustrates how little is really known about some of the most dramatic and most studied events Who motivated whom how and why and what counterplots and alternative scenarios may have been at play Terrorism the fomenting of revolution undermining from within and trumped up events to spur a nation to go to war these techniques are not new The public s interest in certain personalities never seems to wane Mata Hari Gavrilo Princip Sidney Reilly T E Lawrence Jimmy Doolittle Hitler Reinhard Heydrich and Lee Harvey Oswald among others Each chapter presents two or three characters and elaborates on their lives and how they relate to historical events in the 20th century The book starts with an incident in 1903 in the Balkans and moves chronologically forward to the assassination of JFK **A Secret Order** H. Albarelli, Jr.,2013-04-01

Reporting new and never before published information about the assassination of John F Kennedy this investigation dives straight into the deep end and seeks to prove the CIA s involvement in one of the most controversial topics in American history Featuring intelligence gathered from CIA agents who reported their involvement in the assassination the case is broken wide open while covering unexplored ground Gritty details about the assassination are interlaced throughout while primary and secondary players to the murder are revealed in the in depth analysis Although a tremendous amount has been written in the nearly five decades since the assassination there has never been until now a publication to explore the aspects of the case that seemed to defy explanation or logic **Shadow Pasts** William D. Rubinstein,2014-09-11

For many intelligent people the stuff of history does not consist of the kind of dry as dust investigations of diplomatic economic or political history that most university historians research and write about but the famous topics of historys mysteries who was Jack the Ripper Was there a conspiracy to kill President Kennedy Did Richard III murder the Princes in the Tower What are

the mysteries of the ancient Pyramids Not only have a great many books and articles been written on these and similar topics by so called amateur historians but they have generated societies conferences newsletters and television programmes Many people who are not academic historians take a keen interest in these topics and have in some cases made themselves real experts on them with interesting theories of their own Despite all of this however these topics are virtually ignored by academic historians and can be treated with contempt In *Shadow Pasts* William D Rubinstein a well known and widely published history professor examines seven of the most famous and interesting topics which have been discussed debated examined and written about by amateur historians Each of these mysteries and the theories surrounding them are examined in detail with Professor Rubinstein presenting his own original and sometimes surprising conclusions about what really happened

The World of the John Birch Society D. Mulloy, 2014-06-27 As far as members of the hugely controversial John Birch Society were concerned the Cold War revealed in stark clarity the loyalties and disloyalties of numerous important Americans including Dwight Eisenhower John Kennedy and Earl Warren Founded in 1958 as a force for conservative political advocacy the Society espoused the dangers of enemies foreign and domestic including the Soviet Union organizers of the US civil rights movement and government officials who were deemed soft on communism in both the Republican and Democratic parties Sound familiar In *The World of the John Birch Society* author D J Mulloy reveals the tactics of the Society in a way they've never been understood before allowing the reader to make the connections to contemporary American politics up to and including the Tea Party These tactics included organized dissemination of broad based accusations and innuendo political brinksmanship within the Republican Party and frequent doomsday predictions regarding world events At the heart of the organization was Robert Welch a charismatic writer and organizer who is revealed to have been the lifeblood of the Society's efforts The Society has seen its influence recede from the high water mark of 1970s but the organization still exists today Throughout *The World of the John Birch Society* the reader sees the very tenets and practices in play that make the contemporary Tea Party so effective on a local level Indeed without the John Birch Society paving the way the Tea Party may have encountered a dramatically different political terrain on its path to power

Oswald's Politics W. O'Brien Gary W. O'Brien, 2010-02 Making sense of Lee Harvey Oswald's politics is not easy and has understandably resulted in quite varied interpretations In the aftermath of the assassination the immediate reaction of many who knew him or knew about him was that Oswald could never have shot the president for political reasons *Oswald's Politics* traces the political thought and behaviour of the historical Lee Harvey Oswald before the events of November 22 1963 It presents an alternative explanatory model of Oswald to the psycho historical one used by the Warren Commission and argues that his ideas and actions resulted more from environmental and intellectual influences than attitudinal factors It examines the impact the political culture of the American South and events of the Cold War had on his outlook and places Oswald within the political world of the New Left The book concludes with a discussion as to his possible involvement in the JFK

assassination and motives and provides a compendium of all his known political writings and other key documents Such analysis is integral to any speculation about his possible guilt or innocence and the most important question of all which the physical evidence is unlikely ever to answer why was JFK killed **The Kennedy Half-Century** Larry J. Sabato,2014-10-14 An original and illuminating narrative revealing John F Kennedy s lasting influence on America by the acclaimed political analyst Larry J Sabato **Someone Is Out to Get Us** Brian Brown,2019-11-05 From UFOs to Dr Strangelove LSD experiments to Richard Nixon author Brian Brown investigates the paranoid panicked history of the Cold War In Someone Is Out to Get Us Brian T Brown explores the delusions absurdities and best kept secrets of the Cold War during which the United States fought an enemy of its own making for over forty years and nearly scared itself to death in the process The nation chose to fear a chimera a rotting communist empire that couldn t even feed itself only for it to be revealed that what lay behind the Iron Curtain was only a sad Potemkin village In fact one of the greatest threats to our national security may have been our closest ally The most effective spy cell the Soviets ever had was made up of aristocratic Englishmen schooled at Cambridge Establishing a communist peril but lacking proof J Edgar Hoover became our Big Brother and Joseph McCarthy went hunting for witches Richard Nixon stepped into the spotlight as an opportunistic ruthless Cold Warrior his criminal cover up during a dark presidency was exposed by a Deep Throat in a parking garage Someone Is Out to Get Us is the true and complete account of a long misunderstood period of history during which lies conspiracies and paranoia led Americans into a state of madness and misunderstanding too distracted by fictions to realize that the real enemy was looking back at them in the mirror the whole time *Parkland (Movie Tie-in Edition)* Vincent Bugliosi,2013-09-23 Bugliosi has definitively explained the murder that recalibrated modern America Jim Newton Los Angeles Times Book Review Parkland originally titled Four Days in November is the exciting and definitive narrative of the assassination of President John F Kennedy on November 22 1963 The film starring Paul Giamatti Zac Efron Jacki Weaver and Billy Bob Thornton follows a group of individuals making split second decisions after this incomprehensible event the doctors and nurses at Parkland Hospital the chief of the Dallas Secret Service the cameraman who captured what has become the most examined film in history the FBI agents who had gunman Lee Harvey Oswald within their grasp and Vice President Lyndon Johnson who had to take control of the country at a moment s notice Based on Vincent Bugliosi s Reclaiming History Parkland is the story of that day the movie is produced by Tom Hanks Gary Goetzman Game Change Charlie Wilson s War Nigel Sinclair End of Watch Snitch Matt Jackson End of Watch Snitch and Bill Paxton and written and directed by Peter Landesman *Reclaiming History* Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of

Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling Outrage Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission Reclaiming History is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

A Little Solitaire Murray Pomerance,R. Barton Palmer,2011 Think about

some commercially successful film masterpieces *The Manchurian Candidate* *Seven Days in May* *Seconds* Then consider some lesser known yet equally compelling cinematic achievements *The Fixer* *The Gypsy Moths* *Path to War* These triumphs are the work of the best known and most highly regarded Hollywood director to emerge from live TV drama in the 1950s five time Emmy award winner John Frankenheimer Although Frankenheimer was a pioneer in the genre of political thrillers who embraced the antimodernist critique of contemporary society some of his later films did not receive the attention they deserved Many claimed that at a midpoint in his career he had lost his touch World renowned film scholars put this myth to rest in *A Little Solitaire* which offers the only multidisciplinary critical account of Frankenheimer's oeuvre Especially emphasized is his deep and passionate engagement with national politics and the irrepressible need of human beings to assert their rights and individuality in the face of organizations that would reduce them to silence and anonymity

God's Assassins Gavin Baddeley, Paul Woods, 2009

Terrorism the imposition of or opposition to government with the threat or fear of force is mostly regarded as a modern horror implemented by bombs hijackings and assassinations But the origins of terrorism occur far back in the Middle Ages when the forefathers of the modern world's most uncompromising terrorists al Qaeda and the Palestinian suicide bombers laid down their murderous creed In the 11th Century Europe was a region of feudal kingdoms at war while the Middle East was much more pluralistic placing less theological restrictions on the lives of individuals or the pursuit of knowledge It was against this liberal environment that Pope Urban II launched his own version of a jihad a holy war against the decadent unholy Islamic world The reaction in the Islamic world was one of increasing fury and we continue to reap its consequences centuries later Islam would become increasingly militant as Muslim sects that preached intolerance and force gained ground One such heretical sect was the Nizaris a mystical order of warriors founded by a Persian named Hassan Bin Sabah later known in the West as the Assassins Hassan inspired fanatical loyalty in his followers and Assassin cultists were unafraid of capture and death According to tales brought back to Europe by Marco Polo in 1295 the Old Man of the Mountains fed his followers with hashish before taking them to a secluded garden where they were indulged with forbidden pleasures principally the sexual favours of young women On returning to normal consciousness the Assassin was told he had experienced the heavenly garden of Paradise and would spend all eternity there provided he lived in the service of the cult Assassin cultists would therefore infiltrate enemy courts and army camps reputedly remaining incognito for years ready to commit murder upon their master's signal It was the birth of strategic terrorism In modern times the legend of the Assassins carries a more symbolic significance Some intellectuals have drawn a parallel between Hassan Bin Sabah's maxim Nothing is true everything is permissible describing the dream trance of the hashish eater and the 1950s concept of brainwashing the belief in turning soldiers into sleeping assassins Most chilling however is the Islamic fundamentalist belief in martyrdom through assassination High on nothing but piety the suicide bombers the followers of Osama Bin Laden and the September 11th terrorists were promised that which their puritan creed denies them on earth the sexual favours of the 72 houris virgins of heaven as a reward for he who kills in the name of Allah This illuminating study analyses the origins and history of terrorism separating legend from truth to uncover the true roots of the fanatical terrorist acts the world has witnessed in the last decade This will be essential reading for all historians and for anyone who up until now may have thought that outrageous acts of terrorism causing untold civilian casualties was a curse of the modern age
