Matters R. Paul Stevens, 2012-05-31 Marketplace theology expert R Paul Stevens revisits more than twenty biblical accounts from Genesis to Revelation exploring through them the theological meaning of every sort of work manual or intellectual domestic or commercial from publisher description **The Past, Present, and Future of Evangelical Mission** Narry F.

Santos, Xenia Ling-Yee Chan, 2022-07-15 Crisis is an invitation to both prophetic evaluation and new imagination In this volume Canadian missiologists and practitioners consider the past and how the past might enable the church to move forward in Christian mission in the academy agency assembly and the agora How can the Canadian church welcome different voices from the periphery What must be done to empower the next generation How can we respond in light of the injustices done to our Indigenous brothers and sisters Where does reconciliation fit into the picture How might we navigate between secularization and fundamentalisms How ought we move together in mission and in unity across denominational difference How can we equip laypeople to live their callings faithfully in the agora How can work in the marketplace be ministry And lastly how is the Spirit at work in our contexts in this day and age These questions among others onboard us into the ongoing conversation about the state of evangelical mission in Canada and each of these essays adeptly lead us into the beginnings of answers to these questions These essays address how the past informs our future and how we might answer the prophetic call with both hope and renewed vigor to participate in the mission of God **Perspectives on the World Christian**

Paul Stevens, 2024-02-20

Work whether from home in cyberspace or in a factory or office occupies a major chunk of our time energy and soul This

book seeks to make sense of our work in the world through adapting the pithy statement of the Puritan William Perkins to define marketplace theology as the science of working blessedly forever It is a science involving investigation but not just with the head thought but also with heart prayer and hand practice But it is a science of working So the book investigates a theology of work undertaken in the light of God s blessing and purpose And our work is not just for this life but forever since some of it could last into the new heaven and new earth where guess what Scripture says we will work as fully human and resurrected beings Stevens gathers his lifetime of research and teaching into this book showing through biblical research and contemporary analysis the meaning of work and human enterprise It could change your lifestyle your work style and your soul

Foday-Khabenje,2016-11-14 The patriarchal approach to leadership in the African context is indeed an enigma judging from the unpredictable outcomes and the quest for effective leadership In many ways the secularized big man in the public square is no different from the sacralised great man of God in the church The Lord Jesus Christ calls his followers to servant leadership The secular world has also established the efficacy of the servant leadership approach for cutting edge leadership This book looks at the nature of evangelical associations in their diversity and what it takes for leaders to build unity and harmony for effectiveness especially in the African context **Equipping Laypeople for Transformational Workplace**

Ministry Caroloretta Tucker,2010-11 Equipping Laypeople Many Christians fail to see their places of work as their most logical mission field missing opportunities for both workplace ministry and evangelism Those who do see their places of work as a mission field are making a tremendous difference where they work Given the amount of hours typically spent working the personal trials and dysfunctions many carry with them to work as well as the poor working conditions of many American workers there is a tremendous need for Christians to transform their places of work Even though many pastors tell their church members to go out and reach people they are not providing them with the necessary training to reach those in the workplace There is a great need for laypeople to be built up to be creative and to live out their faith at work Pastors have been given the ultimate privilege of equipping God s people for service Churches must be intentional about providing laypersons with the theological tools and practical information necessary to understand and effectively exercise workplace ministry We must begin by accepting that all God s people are placed in workplace ministry and seek to know God s original plan for work as well as how to integrate work and faith In EQUIPPING LAYPEOPLE FOR TRANSFORMATIONAL WORKPLACE MINISTRY Caroloretta Tucker offers her Doctorate s thesis research results to pastors and churches as a firm foundation for this effort **Asian Christian Ethics** Aldrin M. the week Includes exercises for small groups and individuals Leadership Handbook of Management and Administration James D. Berkley,2008 This revised and expanded edition of a proven ministry resource contains new contributions from Leith Anderson Rick Warren Brian McLaren Luis Palau John Ortberg Aubrey Malphurs and many others Work and Wealth in Scripture Lawrence A. Clayton,2015-02-06 What do you do with your money What do you think of your boss Do you like your work Is it satisfying Are you satisfied with your answers Do you know that God through Scripture offers us answers Two of the most fundamental challenges for all humankind are deciding how to live and if we accumulate riches deciding how to use them Did you know that God expects all humankind to work For the Christian all work is part of your Christian calling whether you collect garbage for a living or sit in Washington deciding affairs of state And what does Scripture have to say about riches Did you know that Jesus directed more attention to the question of how to deal with wealth than just about any other subject he addressed during his three year ministry Join me in this short journey as we explore work and wealth in Scripture and seek answers to the above questions and others We travel from the first work recorded in the Bible to our own time when leisure competes with work for our attention and wealth gives us a false sense of security that puts us in danger of replacing God with self God at Work David W. Miller,2007 In the 1980s Miller shows a complex set of independent developments gave rise to what is known as the Faith At Work movement He analyses the history of the movement examines membership profiles and modes of expression and constructs and proposes a new framework for discussing the movement

Conversations about Calling Valerie Myers,2013-07-18 Conversations about Calling explores management perspectives of the calling construct Using Max Weber s seminal work The Protestant Ethic and the Spirit of Capitalism as a starting point Myers seeks to enrich management perspectives of calling by integrating the contributions of other disciplines to the literature on calling While the word calling is casually used as shorthand for my ideal job the calling concept has provoked deeper and varied interest among the secular and spiritual circles of both scholars and practitioners Structured around the idea of four conversations the book aims to promote a holistic examination of calling Each conversation has a different focus elucidating important dimensions of calling and together they provide a truly comprehensive view Part I of the book examines existing conversations in management while part II explores calling across disciplines and eras from the 1500s to the present Finally part III unifies all conversations in a comprehensive theory then discusses its application and implications for practitioners and organizations With a strong theoretical grounding the book also incorporates practical applications supported by case studies Anyone interested in ethics or management and spirituality will benefit from reading this book Please visit www.conversationsaboutcalling.com to rate the book and write a review Transforming Work ,2024-07-15 Transforming Work offers a radical re orientation of the nature and future of work and implications for mission In conversation with David Bosch s Transforming Mission and other global and ecumenical voices 21 leaders offer their vision for transforming the world of work and revisioning work to offer a transforming gift to the world Writing from biblical and

historical perspectives with case studies and cultural exegesis they explore work and leisure ethics and economics technologies and Artificial Intelligence It is time to discern where God is transforming work in our cities and farms shops and classrooms politics and agencies **Luke-Acts Improv: Biblical Narratives That Get You Into the Act** Jamie Greene,2010-12
