Aphra Behn Janet Todd,2013-09-19 All women together ought to let flowers fall upon the tomb of Aphra Behn for it was she

who earned them the right to speak their minds said Virginia Woolf Yet that tomb in Westminster Abbey records one of the few uncontested facts about this Restoration playwright poet novelist and spy the date of her death 16 April 1689 For the rest secrecy and duplicity are almost the key to her life She loved codes making and breaking them writing her life becomes a decoding of a passionate but playful woman Janet Todd draws on documents she has rediscovered in the Dutch archives and on Behn's own writings to tell a story of court diplomatic and sexual intrigue and of the rise from humble origins of the first woman to earn her living as a professional writer Aphra Behn's first notable employment was as a Royal spy in Holland she had probably also spied in Surinam It was not until she was in her thirties that she published the first of the 19 plays and other works which established her fame though not riches among her good sweet honey candied readers Many of her works were openly erotic indeed as frank as anything by her friends Wycherley and Rochester Some also offered an inside view of court and political intrigues and Todd reveals the historical scandals and legal cases behind some of Behn's most famous fictions

The Oxford Handbook of Restoration Literature Matthew C. Augustine, Steven N. Zwicker, 2024-10-22 The Oxford Handbook of Restoration Literature begins by asking if there was a distinctive literature of the Restoration For a long time the answer seemed obvious heroic drama libertine comedy scandalous lyrics and the short but brilliant career of John Wilmot earl of Rochester Could there be an age when the coincidence of literary culture and political rule were any more obvious But as this Handbook will remind us some of the most wonderful literature of this Restoration came from writers who had lived across the decades of turbulence and into an age when the Stuart kings returned when the Church and House of Lords were restored a world made safe for bishops and for the memory of divine right rule Of course these returns and restorations did not meet with uniform celebration John Milton wrote his great epic poems not in quiet submission but in a kind of resistance to the dominant culture of the 1660s and Andrew Marvell produced his most brilliant satiric verse by holding up a looking glass to court corruption and Anglican intolerance So we begin with the most obvious conclusion Restoration literature does and does not fit to the categories that so long defined the late Stuart age This book explores and contests challenges and reimagines the experience embodied by the writing of the late Stuart world and invites readers new to this world and those who have often read its literatures to the pleasures but as well to the challenges and discomforts of its texts

Four Restoration Marriage Plays Thomas Otway, 1998 Marriage and its discontents lie at the heart of Restoration comedy In all four of the great plays gathered here a married woman confronts her would be seducer Each dramatist however totally reinterprets the situation Thomas Otway's *The Soldier's Fortune* converts adultery into political revenge Nathaniel Lee's *The Princess of Cleves* offers a potent and perplexing portrait of a libertine in action at the sixteenth century French court John Dryden's *Amphitryon* set in ancient Thebes retells the story in which Jupiter lures the virtuous Alcmena into cuckolding her husband by a stratagem that throws into doubt the very nature of human identity Thomas Southerne's *The Wives Excuse* reinvents for the new circumstances of the 1690s the familiar Restoration plot of a wife spurred towards

infidelity by her partner's failings All of the plays have been newly edited and are presented with modernized spelling and punctuation

Incest, Drama and Nature's Law, 1550-1700 Richard A. McCabe, 1993-11-25 This is a full length study of incest in English Renaissance and Restoration drama Richard McCabe's comprehensive survey offers a literary history of this theme informed by an investigation of the intellectual background with particular emphasis on changing concepts of natural law and consequent reassessments of classical tradition It examines a wide range of theological philosophical legal and literary sources in the context of modern psychological and sociological theories of family development Extensive comparisons with classical models and contemporary European dramatists from Tasso to Corneille and Racine explore the volatile association between dramatic form and emotional content structural experiment and sexual ambivalence The centrality of the family to all human relationships and the mutual reflection of familial politics and the patriarchal state make incest a powerful metaphor for the ambivalence of all concepts of natural authority and for various forms of social and political revolt
