Alice Ackermann

Ounce Of Prevention Macedonia And The Un Experience In Preventive Diplomacy Pb:

Decentralisation and the Management of Ethnic Conflict Aisling Lyon, 2015-10-30 Ethnic inequalities in divided societies can exacerbate social divisions and lead to conflict Reducing these inequalities could have a de-escalating effect yet there is little consensus on how this can be achieved most effectively and sustainably Decentralisation is held to improve inter-ethnic relations in multi-ethnic states by allowing territorially concentrated groups greater autonomy over their own affairs and the case of the Republic of Macedonia offers an example of the successes and failings of decentralisation Decentralisation and the Management of Ethnic Conflict offers new insight into the dynamics of conflict management through decentralisation using an in-depth case study of decentralisation in the Republic of Macedonia between 2005 and 2012 Guided by the concept of horizontal inequalities the volume identifies the factors which influenced the decision to devolve responsibilities to the municipalities after 2001 Taking an integrative approach to studying the political administrative and fiscal dimensions of decentralisation and its implementation the book investigates whether these institutional reforms have indeed contributed to the reduction of inequalities between Macedonia's ethnic groups and what the obstacles were in those areas in which decentralisation has not reached its full potential The key lesson of the Macedonian case is that attempts to solve internal self-determination conflicts through decentralisation will fail if local self-governance exists only in form but not in substance This book contributes to a more nuanced understanding of the challenges facing different forms of decentralisation in the long term and as such represents a significant contribution to Conflict Studies Development Studies and Political Science more generally

An Ounce of Prevention Henryk J. Sokalski, 2003 The science of medicine was the first to discover that an ounce of prevention is worth a pound of cure Henryk Sokalski reminds us as he begins this study of a unique United Nations mission In the political realm however its full potential has yet to be realized Sokalski former head of the United Nations Preventive Deployment Force UNPREDEP in the former Yugoslav republic of Macedonia provides the ultimate insider's look at the UN's attempt to establish a mission in this former Yugoslav republic before the imminent eruption of mass violence spilling over from neighboring Balkan states Serbia and its overwhelmingly ethnic Albanian province of Kosovo in particular An Ounce of Prevention and the UNPREDEP mission itself begins in early 1995 with a telephone call to Sokalski at his Warsaw home from UN Secretary General Boutros Ghali and it ends several years later in a disappointing Security Council veto of the mission's renewal In between Sokalski's study of this novel experiment in UN peacekeeping describes the mission's three pillars as well as contending theories on preventive diplomacy and early preventive action contemporary Balkan history and the daily bureaucratic and human challenges of reinventing civil society All the while Sokalski attempts to answer the question of whether the mission's renewed mandate could have prevented the country's recent destructive insurgency and whether UNPREDEP's truncated success could serve as a model for future UN preventive deployments

Making Peace Prevail Alice Ackermann, 2000-01-01 The urgency to tell the story of the former Yugoslav Republic of Macedonia the

only republic in the former Yugoslavia to secede without bloodshed is made more compelling by the crisis in Kosovo In Making Peace Prevail Alice Ackermann offers the first in depth account of how Macedonia one of the few examples of successful preventive diplomacy held onto peace during the violent breakup of Yugoslavia in the 1990s Faced with ethnic tensions and the threat of the Bosnian war this republic was spared the fate of Croatia and Bosnia With this book Ackermann furthers our understanding of the challenge in conflict prevention in multiethnic and newly democratized societies She provides a framework of analysis that underscores the art of conflict prevention She notes the activity of the major players such as the United Nations and the Organization for Security and Cooperation in Europe OSCE but maintains that groups such as the Working Group of the International Conference on the Former Yugoslavia although not in the public eye accomplished much through an interactive workshop approach to conflict management In her epilogue Ackermann addresses the most recent developments with NATO s intervention in Kosovo and the Balkans and the internal forces at work in Macedonia which account for its current state of stability
