A History of Modern Culture Preserved Smith, 2014-07-17 Published 1930 4 this two volume work considers the emergence of modern society in the wake of the Protestant reformation Locating East Asia in Western Art Music Yayoi Uno Everett, Frederick Lau, 2024-08-06 The traditional musics of China Japan and Korea have been an important source of inspiration for many Western composers Some like Chou Wen chung and John Cage have moved beyond superficial borrowing of Eastern musical elements in earnest attempts to understand non Western principles of composition At the same time many Asian composers often trained in the West or in Western music traditions have been using Asian elements to create works of unique musical synthesis As a result of such cultural interpenetrations the landscape of Western art music has been irreversibly altered Locating East Asia in Western Art Music is a comparative study of Asian influenced Western composers and Western influenced Asian composers and the first sustained exploration of this cross cultural exchange Bringing together work by music theorists musicologists and ethnomusicologists this book explores how musical notions of East and West are constructed and utilized by composers and reevaluates the many ways East Asian composers have contributed to developments in twentieth century music Composers discussed include John Cage Toru Takemitsu Chou Wen chung Toshio Mayuzumi Isang Yun Tan Dun John Zorn and Henry Cowell CONTRIBUTORS Hugh De Ferranti Yayoi U Everett Judith Herd Ellie Hisama Eric Lai Frederic Lau Fredric Lieberman Steven Nuss Nancy Rao and Yu Siuwah **A Companion to the New Harp of Columbia** Marion J. Hatchett, 2003 The shape note tradition first flourished in the small towns and rural areas of early America Church sponsored singing schools taught a form of musical notation in which the notes were assigned different shapes to indicate variations in pitch this method worked well with congregants who had little knowledge of standard musical notation Today many enthusiasts carry on the shape note tradition and The New Harp of Columbia recently published in a restored edition by the University of Tennessee Press is one of five shape note singing manuals still in use Jacket Jewish Identities Klara Moricz, 2008-02-05 This book makes a decisive and controversial contribution to the history of musical modernism Moricz radically but thoroughly scrutinizes concepts of Jewish identity and in doing so re orders our understanding of Jewish music as an outgrowth of nationalist racist and utopian ideologies The scholarship is superior in every respect Jewish Identities is destined to become a seminal work in the reception history of European musical modernism An absolutely outstanding and intellectually brilliant work Harry White author of The Keeper's Recital Music and Cultural History in Ireland 1770 1970 Women Writing Musicals Jennifer Ashley Tepper, 2024-11-19 The first ever book to tell the stories of over 300 inspiring women who wrote Broadway and Off Broadway musicals that Publishers Weekly calls an exhaustive tribute to women whose contributions to Broadway musical history have often been overlooked Library Journal praises the book saying Tepper has fashioned a winning book on the unsung heroines of Broadway musicals that will be appreciated by readers of women's studies and theater lore Kirkus Reviews says it's an

encyclopedic reference and a long overdue tribute to female lyricists and composers From the composers who pounded the pavement selling their music in Tin Pan Alley at the turn of the twentieth century to the lyricists who broke new ground writing shows during the Great Depression to the book writers who penned protest musicals fighting for social justice during the 1970s to those who are revitalizing the landscape of American theatre today *Women Writing Musicals* tells the stories of over 300 inspiring women who wrote Broadway and Off Broadway musicals Jennifer Ashley Tepper's definitive book covers prolific and celebrated Broadway writers like Betty Comden and Jeanine Tesori women who have written musicals but gained fame elsewhere like Dolly Parton and Sara Bareilles and dramatists you've never heard of but definitely should have Among the gems shared here are the stories of Clara Driscoll who saved the Alamo and also wrote a Broadway musical Micki Grant whose mega hit musical about the Black experience made her the first woman to write book music and lyrics for a Broadway show Mar a Grever who made her Broadway debut at age 56 and who was the first Mexican female composer to achieve international success and the first all female writing team for a Broadway musical in 1922 Annelu Burns Anna Wynne O Ryan Madelyn Sheppard and Helen S Woodruff This book is a treasure trove for theatre loving readers that Tony and Emmy Award winning actor and singer Kristin Chenoweth praises as a wonderful resource for actors and an important read for anyone interested in theatre

**Revival: A History of Modern Culture: Volume II (1934)** Preserved Smith, 2018-01-16 The understanding of history can be advanced only by the combination or alternation of analysis and synthesis Detailed research and generalizing survey are not antiethical but complementary For a long time however the specialist has reigned supreme in our schools The need is now surely for a return to synoptic writing The present work was undertaken to supply the need of a synthesis It is a map of a large region not a geological chart of a square mile or the plan of a single city Its value if any lies in its view of the interrelations of large tracts of social and intellectual life not in the intensive investigation of narrow fields

**Booklist Books, a Selection** American Library Association, 1922 *Music and the Silent Film* Martin Miller Marks, 1997-02-13 In this book a leading authority on film music examines scores of the silent film era The first of three projected volumes investigating music written for films this thoughtful and pathbreaking study demonstrates the richness of silent film music as it details the way in which scores were often planned from the start as an integral part of the whole cinematic experience Following an introductory chapter that outlines several key theoretical questions and surveys eight decades of writing on film music Martin Miller Marks focuses on those scores created between 1895 and 1924 He begins by considering two early examples one German written by persons unknown for Skladanowsky's Bioskop exhibitions in 1895 and 1896 and one French scored by Camille Saint Sa ns for the 1908 film *L'Assassinat du Duc de Guise* Subsequent chapters fully discuss Walter Cleveland Simon's music for the American film *An Arabian Tragedy* 1912 as well as the Joseph Breil accompaniment to D W Griffith's *Birth of a Nation* 1915 As described in this book Breil's memorable score though a compilation derived from many sources was played by an orchestra as Griffith's sweeping images filled the screen thus

contributing significantly to the great film's success while also achieving remarkable power in its own right Marks then concludes with a look at Erik Satie's witty and innovative music for the French film *Entr'acte* 1924 which was the first film score of consequence by an avant garde composer Giving unprecedented attention to a vibrant important and oft neglected facet of twentieth century music Music and the Silent Film will interest scholars of film theory film history modern music and modern aesthetics

*We Have Always Been Minimalist* Christophe Levaux,2020-09-01 Rising out of the American art music movement of the late 1950s and 1960s minimalism shook the foundations of the traditional constructs of classical music becoming one of the most important and influential trends of the twentieth century The emergence of minimalism sparked an active writing culture around the controversies philosophies and forms represented in the music's style and performance and its defenders faced a relentless struggle within the music establishment and beyond Focusing on how facts about music are constructed negotiated and continually remodeled *We Have Always Been Minimalist* retraces the story of these battles that from pure fiction to proven truth led to the triumph of minimalism Christophe Levaux's critical analysis of literature surrounding the origins and transformations of the stylistic movement offers radical insights and a unique new history

Zimmers,2021-05-19 Arthur Schwartz 1900 1984 a premier composer of American Popular Song during the mid 20th century has been overlooked by historians This first full length biography covers his work on Broadway and in Hollywood where he was known as the master of the intimate revue for his songs in the 1930s with Howard Dietz Schwartz wrote music for films in the 1940s with Academy Award nominations for *They're Either Too Young or Too Old* and *A Gal in Calico* produced two popular movie musicals *Cover Girl* and *Night and Day* and was among the first songwriters to work in the new medium of television The author describes his creative process and includes behind the scenes stories of each of his major musicals

**Voices in the Wilderness** Walter Simmons,2006-02-24 Despite the Modernist search for new and innovative aesthetics and rejection of traditional tonality several twentieth century composers have found their own voice while steadfastly relying on the aesthetics and techniques of Romanticism and 19th century composition principles Musicological and reference texts have regarded these composers as isolated exceptions to modern thoughts of composition\_exceptions of little importance treated simplistically and superficially Music critic and scholar Walter Simmons however believes these composers and their works should be taken seriously They are worthy of more scholarly consideration and deserve proper analysis assessment and discussion in their own regard In *Voices in the Wilderness* the

first in a series of books celebrating the Twentieth Century Traditionalist Simmons looks at six Neo Romantic composers Ernest Bloch Howard Hanson Vittorio Giannini Paul Creston Samuel Barber Nicolas Flagello Through biographical overviews and a comprehensive assessment of musical works Simmons provides readers with a clear understanding of the significance of the composers their bodies of work and their placement in musicological history The chapters delve deeply and objectively into each composer s oeuvre addressing their origins stylistic traits and consistencies phases of development strengths and weaknesses and affinities with other composers The composers most representative works are identified and each chapter concludes with a discography of essential recordings Visit the author s website to read samples from the book and to listen to representative excerpts of each composer s work

Jewish Identities Klara Moricz,2008-02-05 Jewish Identities mounts a formidable challenge to prevailing essentialist assumptions about Jewish music which maintain that ethnic groups nations or religious communities possess an essence that must manifest itself in art created by members of that group Kl ra M ricz scrutinizes concepts of Jewish identity and reorders ideas about twentieth century Jewish music in three case studies first Russian Jewish composers of the first two decades of the twentieth century second the Swiss American Ernest Bloch and third Arnold Schoenberg Examining these composers in the context of emerging Jewish nationalism widespread racial theories and utopian tendencies in modernist art and twentieth century politics M ricz describes a trajectory from paradigmatic nationalist techniques through assumptions about the unintended presence of racial essences to an abstract notion of Judaism

Michael Nyman: Collected Writings Pwyll ap Siôn,2016-04-22 For over three decades Michael Nyman s music has succeeded in reaching beyond the small community of contemporary music aficionados to a much wider range of listeners An important element in unlocking the key to Nyman s success lies in his writings about music which preoccupied him for over a decade from the late 1960s to the early 1980s During this time Nyman produced over 100 articles covering almost every conceivable musical style and genre from the Early Music revival and the West s interest in world music or from John Cage and minimalism to rock and pop Nyman initiated a number of landmark moments in the course of late twentieth century music along the way he was one of the first to critique the distinction between the European avant garde and the American experimental movement he was the first to coin the term minimalism in relation to

the music of then largely unknown Steve Reich and Terry Riley and later Philip Glass the first to seriously engage with the music of the English experimental tradition and the importance of Cornelius Cardew and to identify the importance of Art Colleges in nurturing and developing a radical alternative to modernism and one of the first writers to grasp the significance of post minimalists such as Brian Eno and Harold Budd and to realize how these elements could be brought together into a new aesthetic vision for his own creative endeavours which was formulated during the late 1970s and early 80s Much of what transformed and defined Nyman s musical character may be found within the pages of this volume of his writings comprehensively edited and annotated for the first time and including previously unpublished material from Nyman s second interview with Steve Reich in 1976 There is also much here to engage the minds of those who are interested in pre twentieth century music from Early and Baroque music Handel and Purcell in particular to innovative features in Haydn spatial elements in Berlioz or Bruckner and Mahler s symphonic works Mystic Chords of Memory Michael Kammen,2011-08-17

Mystic Chords of Memory Illustrated with hundreds of well chosen anecdotes and minute observations Kammen is a demon researcher who seems to have mined his nuggets from the entire corpus of American cultural history insightful and sardonic Washington Post Book World In this ground breaking panoramic work of American cultural history the Pulitzer Prize winning author of A Machine That Would Go of Itself examines a central paradox of our national identity How did the land of the future acquire a past And to what extent has our collective memory of that past as embodied in our traditions have been distorted or even manufactured Ranging from John Adams to Ronald Reagan from the origins of Independence Day celebrations to the controversies surrounding the Vietnam War Memorial from the Daughters of the American Revolution to immigrant associations and filled with incisive analyses of such phenonema as Americana and its collectors historic villages and Disneyland Mystic Chords of Memory is a brilliant immensely readable and enormously important book Fascinating a subtle and teeming narrative masterly Time This is a big ambitious book and Kammen pulls it off admirably He brings a prodigious mind and much scholarly rigor to his task an importnat book and a revealing look at how Americans look at themselves Milwaukee Journal **Harry T.
