Ward Families of Maryland William Neal Hurley, 2001 Begins with James White Ward a Revolutionary War veteran born in 1759 and follows descendants up through the present time See our website for allied families H1939HB 19 50

Holland Families of Maryland William N. Hurley, Jr., 2001 The Holland families of Montgomery and Frederick counties are presumed to have first settled in Virginia either as indentured servants or freemen Religious persecution seems to have been a factor in their migration north into Maryland Although data on the early history of the family is scarce the most likely progenitor of the lines discussed in this volume is the immigrant Anthony Holland 1703 he was married to one Isabelle Parsons This work traces his line of descent through his son Capell and his daughter Elizabeth Verso of back cover

Trundle and Allied Families of Montgomery County, Md William Neal Hurley, 2000 John Trundle of Herring Creek in Anne Arundel County Maryland was born ca 1624 at Suffolk near London England the son of David Trundle John emigrated to Maryland about 1640 and died 3 August 1699 in Anne Arundel County His wife s given name was Mary Ricketts Families William Neal Hurley (Jr.), William N. Hurley, Jr., 2001 Most if not all of the individuals reported in this text are presumed to descend from one Thomas Ricketts Jr born about 1685 in Anne Arundel County The majority of the text is concerned with known descendants of this individual However chapters are included on the descendants of Jeremiah Ricketts died c 1818 and Verlinda Ricketts born c 1798 through whom the Ricketts are connected to the Trail families of Montgomery County Verso of back cover

Our Maryland Heritage, Book 10 Jr. William Neal Hurley, 2013-03 The earliest Perry in the United States noted here is Joseph Perry born about 1670 in Calvert or Charles County Maryland Includes other Perry families as well *Everton's Genealogical Helper*, 2001

Our Maryland Heritage, Book 9 William Neal Hurley, William N. Hurley, Jr., 2013-03 This work the ninth in a series of books about Maryland families focuses on the Purdum families primarily of Montgomery and Frederick Counties Having early origins in the area and being rather prolific the Purdum families intermarried with many of those families found in the first eight books of his series and some of the information presented there will be repeated here rather than requiring the reader to move back and forth between the various volumes in the series Following the custom of the earlier works in this series the book begins with a look at the early history of the Maryland Colony and the formation of the counties From there it moves into early Purdum family records including John Purdum born before 1700 who appears to be the progenitor of virtually all of the Purdums thus far identified in the study John had at least four children one of whom was James Purdum born about 1720 James had at least one son and probably several other children but the one that the author has identified is yet another John

Purdum born about 1739 Individual chapters focus on John Purdum and his family of at least eleven children Walter Purdum the descendants of Joshua Purdum and others Some family members not identified within the framework of the principal family study are also touched on A bibliography of over 100 titles testifies to the wide range of sources used in this compilation and a full name index supplies over 4 500 names This book is a must for anyone researching the Purdum surname in this area H0863HB 28 00 Our Maryland Heritage, Book 4 William Neal Hurley (Jr.), William N. County Virginia Heritage , *Silent Cavalry* Howell Raines, 2025-01-14 A Pulitzer Prize winning journalist reveals the little known story of the Union soldiers from Alabama who played a decisive role in the Civil War and how they were scrubbed from the history books It is my sincere hope that this compelling and submerged history is integrated into our understanding of our nation and allows us to embrace new heroes of the past Imani Perry professor Harvard University and National Book Award winning author of *South to America* We all know how the Civil War was won Courageous Yankees triumphed over the South But is there more to the story As Pulitzer Prize winning journalist Howell Raines shows it was not only soldiers from northern states who helped General William Tecumseh Sherman burn Atlanta to the ground but also an unsung regiment of 2 066 Alabamian yeoman farmers including at least one member of Raines s own family Called the First Alabama Cavalry U S A this regiment of mountain Unionists which included sixteen formerly enslaved Black men was the point of the spear that Sherman drove through the heart of the Confederacy The famed general hailed their skills and courage So why don t we know anything about them *Silent Cavalry* is part epic American history part family saga and part scholarly detective story Drawing on the lore of his native Alabama and investigative skills honed by six decades in journalism Raines brings to light a conspiracy that sought to undermine the accomplishments of these renegade southerners a key component of the Lost Cause effort to restore glory to white southerners after the war even at the cost of the truth In this important new contribution to our understanding of the Civil War and its legacy Raines tells the thrilling tale of the formation of the First Alabama while exposing the tangled web of how its wartime accomplishments were silenced implicating everyone from a former Confederate general to a gaggle of Lost Cause historians in the Ivy League and a sanctimonious former keeper of the Alabama state archives By reversing the erasure of the First Alabama *Silent Cavalry* is a testament to the immense power of historians to destroy as well as to redeem
