

COMMISSION FOR AFRICA

A red silhouette of the African continent is the central focus. It is filled with various decorative elements: horizontal lines, zig-zags, and star-like symbols. The text "OUR COMMON INTEREST" is written in large, white, serif capital letters across the center of the map. Below it, in smaller white capital letters, is "An Argument".

Our Common Interest Commission for Africa,2005-06-02 The Commission for Africa finds the conditions of the lives of the majority of Africans to be intolerable and an affront to the dignity of all mankind We insist upon an alteration of these conditions through a change of policy in favour of the weak The report of the Commission for Africa is the most important document of our time Created by major decision makers from across the globe it is a call to action for the nations meeting at the 2005 G8 summit to end extreme poverty in the world s most desperate continent This book sets out clearly the arguments and recommendations of the Commission s plan for a strong prosperous Africa The Africa Commission is a masterful display of diagnosis and politics Jeffrey Sachs Guardian If we act on these recommendations there is a good chance of a better life for hundreds of millions Financial Times This report will be an important contribution to the continuing search for effective solutions to the continent s problems Kofi Annan

On Common Interests John Ryder,2025-07-10 This book develops an original theory that grounds political principles and practices in common interests among citizens and residents of a country This theory differs from most prevalent political philosophies in that they focus on common ideas which emphasize how we might think rather than how we actually live or on competing or conflicting interests for the purpose of balancing or advancing one set of interests over another On Common Interests offers principles possible structures and practices that enable government to help us advance the interests we share As a political philosophy it values cooperation and collaboration over conflict and competition
