Our Italian Front Herbert Warner Allen, Martin Hardie, 1920 **Our Italian Front** Herbert Warner Allen, Martin Hardie, 1920 **Our Italian Front (Classic Reprint)** Warner Allen, 2016-09-17 Excerpt from *Our Italian Front* Returning from this Victory it was a rude shock and bitter disappointment to learn of the Caporetto disaster in Italy The collapse of the Italian second army had left a great gap in our Allies line and through it the Austrians aided by a number of German divisions were pouring down from the mountains to the plain The extent of the disaster was not long in doubt In no uncertain terms the French General Staff declared that the Italians could make no stand until they reached the line of the Piave There was much consultation of maps and at first sight it seemed impossible that the combined German and Austrian forces could with a single blow have gained so vast an extent of ground We were accustomed then on the French front to regard an advance of a few miles as the limit of success in those days of partial offensives the idea of a break through had been relegated to the limbo of things impossible It seemed inconceivable that the enemy could have swept over all the Italian fortified positions Was there not at least the line of the Tagliamento About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Our Italian Summer* Jennifer Probst, 2021-01-12 Three generations of women in the Ferrari family must heal the broken pieces of their lives on a trip of a lifetime through picturesque Italy from New York Times bestselling author Jennifer Probst Workaholic career obsessed Francesca is fiercely independent and successful in all areas of her life except one family She struggles to make time for her relationship with her teenage daughter Allegra and the two have become practically strangers to each other When Allegra hangs out with a new crowd and is arrested for drug possession Francesca gives in to her mother's wish that they take one epic summer vacation to trace their family roots in Italy She just never expected to face a choice that might change the course of her life Allegra wants to make her grandmother happy but she hates the idea of forced time with her mother and vows to fight every step of the ridiculous tour until a young man on the verge of priesthood begins to show her the power of acceptance healing and the heartbreaking complications of love Sophia knows her girls are in trouble A summer filled with the possibility for change is what they all desperately need Among the ruins of ancient Rome the small churches of Assisi and the rolling hills of Tuscany Sophia hopes to show her girls that the bonds of family are everything and to remind them that they can always lean on one another before it's too late [The Anglo-Italian Review](#), 1918 [Our Italian Journey](#) Ilene and Gary Modica, 2020-11-20 Wishing you could perfectly picture daily life in Italy and live there for one full year Discover when

this dream met reality Ilene and Gary Modica sold almost everything they owned to spend a year in the land of Gary's Italian grandparents to walk where they walked eat what they ate and live in the shadow of history they experienced It was a promise they made to one another Few places evoke the stirring passions and romance of Italy where the simple act of sharing a glass of wine a perfect pizza and good conversation is an art form Be prepared to immerse yourself in this beautiful country and live vicariously through their authentic encounters You'll also discover How their dream and desire for a genuine experience with a true Italian family came unexpectedly true Why obtaining dual citizenship was so important and personal to Gary How they reconnected with old friends met fans of their blog in Italy and how these friendships continue today Why the three year rollercoaster ride allowing them to become citizens was well worth the wait How through this journey they eat and drink their year through Italy visiting eight regions and forty six cities including Sicilia and their new Italian birthplace Our Italian Journey is a travel memoir of an adventure that has forever changed the lives of this Arizona couple Through experiences and humor they invite you along their spellbinding journey exploring quaint villages steeped in tradition and local culture Come take a glimpse of Italy through the eyes of these new Italian citizens and experience firsthand the Italian zest for living La Dolce Vita in this compelling read

Rediscovering Lost Landscapes Pietro Piana, Charles Watkins, Ross Balzaretti, 2021 Analysis of hundreds of art works from the period provides insights into forgotten landscapes and hidden geographies After the Napoleonic wars many wealthy British women and men settled along the coast in Liguria and travelled in Piedmont and Valle d'Aosta in search of warmth and health They established English speaking colonies of retired clerics colonial officials aristocrats and industrialists at places such as Alassio Bordighera Sanremo and Portofino Many were keen artists This book assesses hundreds of topographical drawings paintings and photographs of north west Italy produced by these British visitors and residents in the nineteenth and early twentieth century Through the identification and analysis of these works scattered today in private and public collections in Italy and Britain it provides insights into the way Italian landscapes were understood and appreciated Considered in conjunction with historical photography maps archives and fieldwork they deepen our knowledge of past land management traditions and recover how the contemporary landscape looked The artists are placed in their intellectual and geographical contexts and interconnections between British and Italian artists and between topographical art and photography are explored Different chapters assess the main subjects depicted including mountains seascapes rivers agriculture trees and woodland castles churches villages industries and landscapes of luxury

William Swan Sonnenschein, 1923 **The Best Books** William Swan Sonnenschein, 1923 *Eyewitness to History: World War II* Stephen W. Sears, 2015-11-27 the greatest war of all time told as it is best told by the people who lived it The Washington Post All first person accounts of great events have their own fascination but the editors of American Heritage have discovered that people writing about World War II seem to tell their own story with particular passion and eloquence That is one reason American Heritage has published so many of them and why noted military historian Stephen W Sears has selected the most compelling The result of his search is a uniquely moving and valuable anthology a series of personal histories that marshaled together become an intimate history of the Second World War Here is Edward Beach the highly decorated submarine skipper and author of *Run Silent Run Deep* recalling what it was like to be sent into hostile waters with torpedoes that didn't work Charles Cawthon recounts the landing at Normandy Beach in a restrained and poetic narrative whose quiet humor does nothing to blunt the savagery of the experience General James Gavin tells of the jump into Sicily and of a battle fought that never should have been fought Hughes Rudd watched the war from overhead in a flimsy spotter plane his Maytag Messerschmitt and William Manchester remembers a particularly audacious and hilarious scam that a reckless Marine buddy played on the entire army Some of the stories are heartbreaking some amusing some horrifying but every one of them whether told by the women who hammered fighter planes together or the men who flew them glows with hard won experience **Pogue's War** Forrest C. Pogue, 2006-02-01 With a foreword by Stephen Ambrose and a preface by Franklin D Anderson Forrest Pogue 1912-1996 was undoubtedly one of the greatest World War II combat historians Born and educated in Kentucky he is perhaps best known for his definitive four volume biography of General George C Marshall But as Pogue's War makes clear he was also a pioneer in the development of oral history in the twentieth century as well as an impressive interviewer with an ability to relate to people at all levels from the private in the trenches to the general carrying four stars Pogue's War is drawn from Forrest Pogue's handwritten pocket notebooks carried with him throughout the war long regarded as unreadable because of his often atrocious handwriting Pogue himself began expanding the diaries a few short years after the war with the intent of eventual publication At last this work is being published Supplemented with carefully deciphered and transcribed selections from his diaries the heart of the book is straight from the field Much of the material has never before seen print From D Day to VE Day Pogue experienced and documented combat on the front lines describing action on Omaha Beach in the Huertgen Forest and on other infamous fields of conflict He not only graphically yet also often poetically recounts the extreme circumstances of battle but he also notes his fellow soldiers innermost thoughts feelings opinions and attitudes about the cruelty of war As a trained historian Pogue describes how he went about his work and how the Army's history program functioned in the European Theater of Operations His entries from his time at the history headquarters in Paris show the city in the early days after the liberation in a unique light Pogue's War has an immediacy that

much official history lacks and is a remarkable addition to any World War II bookshelf Franklin D Anderson Forrest Pogue s nephew by marriage is a longtime educator He lives in Princeton Kentucky **With British Guns in Italy: A Tribute to Italian Achievement** Hugh Dalton Baron Dalton,2019-12-16 In With British Guns in Italy A Tribute to Italian Achievement Hugh Dalton Baron Dalton presents a compelling narrative that intertwines the valor of British military forces with a profound appreciation for Italian contributions during World War II The text employs a blend of vivid descriptive prose and strategic military analysis illustrating key battles while honoring the resilience and ingenuity of the Italian people Dalton s literary style balances personal anecdotes and historical accounts placing the reader directly in the tense atmosphere of wartime Italy thus enriching the understanding of both British and Italian perspectives in this pivotal conflict Hugh Dalton a British politician and intellectual drew from his extensive experiences during the war when writing this tribute His firsthand involvement with military operations and his deep rooted interest in Italian culture and history uniquely positioned him to capture the nuances of the relationship between these two nations in a time of strife Dalton s work not only reflects his political ideology but also his commitment to recognizing the complexities of wartime alliances and national contributions This book is a vital read for historians military enthusiasts and anyone interested in the intricate narratives of World War II Dalton s eloquent acknowledgment of Italian achievements amid adversity provides an enriching perspective that deserves a place on the shelves of readers eager to understand the human dimensions of war Journal of the ... Our Italian Front Introduction

In today's digital age, the availability of Our Italian Front books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Our Italian Front books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Our Italian Front books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Our Italian Front versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Our Italian Front books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Our Italian Front books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Our Italian Front books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Our Italian Front books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient

means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Our Italian Front books and manuals for download and embark on your journey of knowledge?
