Monahan, 2009 Almost as if it were a dream day number 360 came and I was transported into another world The flights were long but within just a couple of days I found myself back at my original starting point Salt Lake City Utah Before arriving in Salt Lake City though I was greeted by my parents and my in laws at Baltimore Washington International BWI airport As I scrambled through the baggage claim area and customs I made my way towards my release from the regimented deployment world Both sets of parents were poised and ready to greet me and my friends returning from overseas Upon catching a glimpse of me they popped out of their seats and began waving small American flags in my general direction It was very nice to see them and it was a nice patriotic sight I arrived at the airport at approximately midnight and I was hungry so we all went out to eat at an all night diner in Arlington Virginia It was about 0300 in the morning when we finished up our meal and headed back to my in laws house to sleep I caught an 1800 flight the next day which brought me to Salt Lake City at approximately 2300 that night The second leg of my flight from Phoenix Arizona was very comfortable and relaxing Wearing my DCUs one of the flight attendants decided to move me to First Class Not only did this provide me with more comfort but it also provided me an opportunity to sit next to her husband who had joined her on the flight I had a really

nice conversation with the flight attendant's husband throughout the flight. Then as we landed in Salt Lake City the flight attendant announced to all of the people on the flight that I had just returned home from the war in Afghanistan. Everyone began to clap and I received the honor of being the first person off of the airplane. I then began my mad dash towards my family. People noticed that I was in uniform holding two little bears, one for each of my girls, and I was practically running so everyone pretty much got out of my way. Within minutes I saw Melanie holding a Welcome Home poster and my girls waving small American flags. It was a very impressive and precious sight. I scooped up both of my daughters in my hands and I embraced the whole family. The nice thing was that Suzanna didn't cry; everyone seemed to at least have some idea who I was this time. In fact, Annabelle wouldn't hardly let me go out of her sight for the next few days. I learned several days later that Annabelle had a lot of trouble sleeping while I was gone, which was attributed to me not being there and her not knowing when I would come home. This latter fact is what changed my mindset from wanting to go back to the combat zone any time soon. While I was gone, I made the most of my deployment and I even learned to enjoy many aspects of the adventure. However, when you see the effects of being gone on the homefront, nothing else seems to matter but family. Would I go again? Absolutely. But I would certainly wait for my number to come up or for someone to come asking for my assistance a little more passionately. When I arrived at my actual home in the Ogden, Utah area, I quickly noticed several decorations on the property I hadn't expected such extravagance, but I was certainly impressed by what I saw. As I walked around the house and the yard in my civilian clothes the next day, surrounded by my family, I finally felt like I was home. **Appalachia**, 2005

Memoirs of a Piano Kyra Petrovskaya Wayne, 2007-09-04. **MEMOIRS OF A PIANO** is a whimsical chronicle of the vicissitudes of fortune of a French piano during more than a century of historical upheavals. In its own voice, Piano regales us with many stories, thus joining some of its famous predecessors such as Voltaire's bed or Jonathan Swift's tub or even Gogol's nose and Kafka's cockroach, who all talked. And what stories Piano tells. It tells us how it had almost ended up on the barricades during the French Commune. It describes Franz Liszt who had used it at a concert. It meets young prodigy Claude Debussy and travels with him to Russia where it becomes a house piano of the wealthy patroness of Tchaikovsky. Fate interferes with Piano's happy collaboration with Debussy, sending the young man back

to France to become eventually world famous composer and the founder of the Impressionism while piano becomes a witness to the mutiny on the battleship Potemkin on the Black Sea in 1905 Piano s adventures continue with the dramatic escape from the Red Revolution aboard the yacht Renaissance belonging to a Russian Count Safe in Turkey the Count sells the yacht along with the piano to an eccentric American millionaire who renames the boat and sails her among the Greek Islands buying antiquities The yacht and the piano barely survive vicious Atlantic storms on their way to New Orleans where the ruined piano is discarded and abandoned on the beach It is rescued by a group of black musicians who repair it and move it to a club where it has to learn the new music Jazz The saga of the French piano continues in America eventually leading to piano s vainglorious participation in the cruelest sport of the Great Depression Marathon Dancing The piano survives it all Finally when it ends up among the props at the MGM Movie Studio and is sold at the famous MGM auction in 1970 piano is an old and wise instrument which views its history with a touch of nostalgia It still wants to serve Apollo the god of light and music but it has a secret desire to work with young musicians on the threshold of their fame as it did once with Debussy at the start of his life And at last the great piano s desire is fulfilled *Memoirs of Awakening* Jerry L Staley III,2024-09-03

Everything seen and unseen that exists in our universe consists of pure energy light which resonates as vibratory frequency We are light beings our energy is something we put out into the world When we notice and become one with this sacred interconnectedness of all things we begin to take more responsibility for the energy we radiate The sheer bliss of discovering your oneness with Source is inherent and magical and the rise of kundalini which enables it is a most precious blessing As you begin to remember who you are on a soul level there also exists a radical and sometimes debilitating process of letting go and embracing and embodying a profound paradigm shift In this book the author explores a series of events which introduced him to this unseen energetic world and led him down a path of no return to the true nature of existence Story by story he begins to see himself not only as a being of light one whose existence is full of supernatural splendor and miraculous healing ability but as an example and a reminder of the joys and responsibilities that accompany spiritual awakening This story leaves out none of the high highs and the low lows **Peru, 2002: Memoirs of a Writer in Peru** Mary Hilaire
