armchair adventurer and those travelers who are now more curious than anything else and now more than ever before about what travel to Russia has been like in the recent past and now that Russia is largely off the plate for travel at least for the foreseeable future Now is the time to sit back and contemplate more about what travel to Russia was like in the recent past now that it is not likely to return any time soon as a goal for future travel adventures So given our True Travel Tales destinations sub series what was travel to the old USSR and Russia like at least at the beginning of the more modern day twenty first century and slightly beyond It is one of our purposes of the True Travel Tales series to provide a cross section of travel life in the world s most popular and alluring places that along with the good comes sometimes a portion of the bad as well In the True Travel Tales series we aim to pull no punches You ll see some of the good and best sides of Russia as it reached the more modern era and in so doing you ll also sample some of the more discomfiting or disquieting darker aspects as well that sadly were also part of the cycle of travel life in such a diverse and exotic region as the USSR and our token look of travel to Russia in its greater glory in the more modern day

**Across Russia** Charles Augustus Stoddard,2017-10-03 Trieste Publishing has a massive catalogue of classic book titles Our aim is to provide readers with the highest quality reproductions of fiction and non fiction literature that has stood the test of time The many thousands of books in our collection have been sourced from libraries and private collections around the world The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original Our readers see the books the same way that their first readers did decades or a hundred or more years ago Books from that period are often spoiled by imperfections that did not exist in the original Imperfections could be in the form of blurred text photographs or missing pages It is highly unlikely that this would occur with one of our books Our

extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or if necessary rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work.
