Witchcraft occultism paranormal science and mysticism are growing like plagues in the Western world These phenomena
have baffled modern educators and conventional rationalists since such activities seem to be completely opposed to
everything that the public schools have taught for over a hundred years Worst of all in the minds of conventional secularists
all this discussion of demonic forces may lead to an even more appalling conclusion the idea that God also a supernatural
force may reappear in the modern post Christian world At all costs a God who can make himself felt in time and on earth
must be avoided Mysticism is one thing totally internalized but supernatural forces are not supposed to have any impact on
external so called phenomenal affairs Occultism is another form of humanism It is the product of the quest for power apart
from God and His law order It was not a major force in the so called Dark Ages Not until the fifteenth century did witchcraft
become a serious problem in Europe and it was the Renaissance not medievalism which sparked the great explosion of
demonism and magic in the sixteenth century During the period of the early Middle Ages A D 500 1000 there were practically
no signs of witchcraft in Europe Only with the revival of ancient Gnosticism and the invasion of Middle Eastern dualism did
signs of widespread witchcraft reappear Occultism and humanism are not sworn enemies they are first cousins It was only
the influence of Christian principles which laid such stress on the orderliness of God's universe that made possible the
confidence of modern rationalists in denying the influence of supernatural forces As the confidence in creation law has
waned in this century rational humanism has become increasingly unsuccessful in retarding the expansion of occult
humanism This Journal of Christian Reconstruction offers readers the necessary evidence for a refutation of the familiar
charge that occultism and religion necessarily go together and that only a hard headed rationalism can restrain the forces of
spiritual anarchy Far from retarding occultism modern rationalism's blindness to the reality of occult forces is now creating a
perverse inquisitiveness on the part of modernism's children who have learned to be critical of everything including old
fashioned rationalism The philosophy of the open universe closed to God has produced the new occult experimentalism If

anything except Christian orthodoxy might be true why not find out through personal observation and experiment Since 1965 the Western world has faced the greatest explosion of occultism that it has seen in three hundred years This time no one can blame orthodox Christianity it has been the secularists who have wielded the power **The Englishman's Hebrew**

victim of a cult to be able to live a normal life I know a little more than some about deliverance Once I was told I was possessed by demons and a danger to all those around me I stayed up many a night being delivered coughing up demons

Told I didn t have enough faith or I was in love with the demon inside of me and I didn t want to let it go I went to many a prayer meeting but the demons wouldn t let go Or so I thought The demons were not what was inside of me it was the company I kept who was around me They piled lie upon lie upon lie in my mind Why I don t know For manipulation for
