Robert Lowells Shifting Colors The Poetics Of The Public And The Personal:

Robert Lowell's Shifting Colors William Doeski, 1999 Following the course of Lowell's poetic development Doeski argues that the ambiguity of Lowell's social and religious beliefs as far as the poems express them is functional and that the formal restraints of Lowell's poems serve to reveal rather than mask the difficulties he found in formulating public and private values **BOOK JACKET** With Robert Lowell and His Circle Kathleen Spivack, 2012 In 1959 Kathleen Spivack won a fellowship to study at Boston University with Robert Lowell Her fellow students were Sylvia Plath and Anne Sexton among others Thus began a relationship with the famous poet and his circle that would last to the end of his life in 1977 and beyond Spivack presents a lovingly rendered story of her time among some of the most esteemed artists of a generation Part memoir part loose collection of anecdotes artistic considerations and soulful yet clear eyed reminiscences of a lost time and place hers is an intimate portrait of the often suffering Lowell the great and near great artists he attracted his teaching methods his private world and the significant legacy he left to his students Through the story of a youthful artist finding her poetic voice among literary giants Spivack thoughtfully considers how poets work She looks at friendships addiction despair perseverance and survival and how social changes altered lives and circumstances This is a beautifully written portrait of friends who loved and lived words and made great beauty together A touching and deeply revealing look into the lives and thoughts of some of the most influential artists of the twentieth century With Robert Lowell and His Circle will appeal to writers students and thoughtful literary readers as well as to scholars The Art of Twentieth-Century American Poetry Charles Altieri, 2008-04-15 Written by a leading critic this invigorating introduction to modernist American poetry conveys the excitement that can be generated by a careful reading of modernist poems Encourages readers to identify with the modernists sense of the revolutionary possibilities of their art Embraces four generations of modernist American poets up through to the 1980s Gives readers a sense of the ambitions the disillusionments and the continuities of modernist poetry Includes close readings of particular poems which show how readers can use these works to connect with what concerns them **Jarrell, Bishop, Lowell, & Co** Suzanne Ferguson, 2003 Jarrell Bishop Lowell Co Middle Generation Poets in Context Takes on the oft noted but little explored friendship of three of the most respected poets of the twentieth century Editor Suzanne Ferguson collects eighteen essays that explore the literary personal and political affiliations of Randall Jarrell Elizabeth Bishop and Robert Lowell influential literary figures who flourished in the periods between modernism and postmodernism Essay in the first section of the book directly compare the subjects while sections on each of the poets follow The contributors unpack received wisdom on the poets revising and updating our conceptions The multiple viewpoints reflect on one another shedding provocative light on the group as a whole and revealing the ways the study of poets in their historical context helps make them not only accessible but also relevant to today's reader The Contributors Edward Hirsch Steven Gould Axelrod Jeredith Merrin Thomas Travisano Diederik Oostdijk Richard Flynn Nelson Hathcock Florian Hild

Stephen Burt James McCorkle Ross Leckie Meg Schoerke Lurel Kornhiser Francesco Rognoni Christian Sisack Ernest J Smith and Elise Partridge The Editor Suzanne Ferguson is Samuel B and Virginia C Knight Professor of Humanities Emerita at Case Western Reserve University She is author of *The Poetry of Randall Jarrell* editor of *Critical Essays on Randall Jarrell* and coeditor of *Literature and the Visual Arts in Contemporary Society* Her articles have appeared in *Georgia Review* *Modern Fiction Studies* *Word and Image* and other journals *Encyclopedia of American Poetry: The Twentieth Century* Eric L. Haralson, 2014-01-21 The *Encyclopedia of American Poetry: The Twentieth Century* contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States

Twentieth-Century American Poetry Christopher MacGowan, 2008-04-15 Written by a leading authority on William Carlos Williams this book provides a wide ranging and stimulating guide to twentieth century American poetry A wide ranging and stimulating critical guide to twentieth century American poetry Written by a leading authority on the innovative modernist poet William Carlos Williams Explores the material historical and social contexts in which twentieth century American poetry was produced Includes a biographical dictionary of major writers with extended entries on poets ranging from Robert Frost to Adrienne Rich Contains a section on key texts considering major works such as *The Waste Land* *North South Howl* and *Ariel* The final section draws out key themes such as American poetry politics and war and the process of anthologizing at the end of the century *The Cambridge Companion to American Poets* Mark Richardson, 2015-10-15 This Companion brings together essays on some fifty four American poets from Anne Bradstreet to contemporary performance poetry This book also examines such movements in American poetry as modernism the Harlem or New Negro Renaissance confessional poetry the Black Mountain School the New York School the Beats and L A N G U A G E poetry **New England Landscape History in American Poetry** , *Shades of Authority* Stephen James, 2007-01-01 What is the relationship between poetry and power Should poetry be considered a mode of authority or an impotent medium And why is it that the modern poets most commonly regarded as authoritative are precisely those whose works wrestle with a sense of artistic inadequacy Such questions lie at the heart of *Shades of Authority* prompting fresh insights into three of the most important poets of recent decades Robert Lowell Geoffrey Hill and Seamus Heaney Through attentive close readings James shows how their responsiveness to matters of political and cultural import lends weight to the idea of poetry as authoritative utterance but also how each is exercised by a sense of the limitations and liabilities of language itself **From Tragedy to Apocalypse in American Literature** Lin Atnip, 2024-06-15 *From Tragedy to Apocalypse in American Literature* Reading to Make Sense of Our Endings argues that

imaginative literature is essential to comprehending contemporary threats to the survival of the human species and the preservation of our humanity Atnip outlines a theory of reading which directs us to realities and imperatives that are ignored denied or distorted by dominant social conventions and habits of cognition She then puts this theory into practice through readings of postwar American works by Robert Lowell Wallace Stevens Cormac McCarthy and Norman Maclean This book argues that these texts collectively educate us to a new ground of sense the apocalyptic sublime and the need for an unending effort to comprehend what it means to live a human life against this inhuman background **The Oxford**

Lowell: la mirada de Aquiles Gabriel Torres Chalk, 2011-11-28 La mirada de Aquiles es un libro que recoge describe y analiza el gran acorde que representa la poética de Robert Lowell en la coyuntura de la literatura norteamericana contemporánea. Así concentramos nuestra mirada sobre la secuencia poética de *Life Studies* 1959 que interpretamos como epicentro irradiador del sistema imaginario de este poeta. Una secuencia que también supuso un punto de inflexión en la vida pública desde una yoidad que impulsó su universo íntimo y profundamente elegíaco hacia el exterior. Desde aquí se procede a profundizar en *For the Union Dead* 1964 para reflexionar sobre lo que denominamos como conflictividad axiológica estructural inherente al sistema imaginario de Lowell. Desde esta perspectiva se parte de la edición norteamericana que incluye ambas secuencias poéticas y que contiene la importante sección en prosa titulada *91 Revere Street*. La profundización en estas dos secuencias literarias implica la revisión previa de un mapa de relecturas que afecta no sólo a la obra anterior de Lowell sino a toda la modulación de su sistema imaginario desde su temprana etapa creativa. Es un camino hacia y desde el mito buscando llenar el vacío de las crisis religiosas tanto del propio Lowell como del pensamiento occidental tal como indica George Steiner. El poeta accede a Aquiles como referente. Así desde la asimilación del mito construye su cosmovisión a partir de la palabra poética.
