Secrets Of The Deepest:

Deep Secrets Niobe Way, 2013-05-06 Boys are emotionally illiterate and don't want intimate friendships. In this empirically grounded challenge to our stereotypes about boys and men, Niobe Way reveals the intense intimacy among teenage boys, especially during early and middle adolescence. Boys not only share their deepest secrets and feelings with their closest male friends; they claim that without them they would go wacko. Yet as boys become men, they become distrustful, lose these friendships, and feel isolated and alone. Drawing from hundreds of interviews conducted throughout adolescence with black, Latino, white, and Asian American boys, *Deep Secrets* reveals the ways in which we have been telling ourselves a false story about boys' friendships and human nature. Boys' descriptions of their male friendships sound more like something out of *Love Story* than *Lord of the Flies*. Yet in late adolescence, boys feel they have to man up by becoming stoic and independent. Vulnerable emotions and intimate friendships are for girls and gay men. No homo becomes their mantra. These findings are alarming given what we know about links between friendships and health and even longevity. Rather than a boy crisis, Way argues that boys are experiencing a crisis of connection because they live in a culture where human needs and capacities are given a sex female and a sexuality gay, and thus discouraged for those who are neither. Way argues that the solution lies with exposing the inaccuracies of our gender stereotypes and fostering these critical relationships and fundamental human skills.

But her American has dark secrets that threaten her plans and could shatter her heart. A curse that demands their unmasking. Jordan Kincaid must marry the Creole beauty or face arrest as a pirate before he completes his dire mission. Though he'll risk everything for revenge, Aur lie's soothing and seductive ways remind him there's more to life than vengeance.
