Robin W. Winks

Secrets Of The Fascist Era How Uncle Sam:

Secrets of the Fascist Era: how Uncle Sam Obtained Some of the Top- Level Documents of Mussolini's Period ,1975

Secrets of the Fascist Era Howard McGaw Smyth,1975 This account of the capture and validation of Italian Fascist state papers during World War II some of which only recently have been declassified is the stuff of high level intelligence and counter espionage In an account that reads like a detective story Howard Smyth reveals fully for the first time how the United States obtained the Fascist documents As an OSS and State Department officer during the war Smyth was intimately involved in the validation of the papers and as a professional historian was uniquely qualified to evaluate their importance Among the documents Smyth describes are the Lisbon Papers documents which emanated from the office of Count Ciano as Italian Foreign Minister and which the Italian Government attempted to hide from the Allies the Ciano Papers Rose Garden the German translations of Italian State Papers which Ciano himself set aside to accompany his diary and for which Edda his wife and Mussolini's daughter tried to barter her husband's life and Mussolini's Private Papers said once to have comprised over 100 000 files some of which were found in his villa others on his person during his final flight to avoid capture Though Dr Smyth focuses on the problems of the authenticity of the collections his account of their acquisition weaves an exciting story of high adventure and human drama Obviously of utmost importance to scholars the work will be of special interest also to general readers and World War II history buffs

Cloak & Gown Robin W. Winks,1996-01-01 The CIA and its World War II predecessor the Office of Strategic Services OSS were for many years largely populated by members of Ivy League colleges particularly Yale In this highly acclaimed book Robin Winks explores the underlying bonds between the university and the intelligence communities introducing a fascinating cast of characters that include safe crackers and experts in Azerbaijani as well as such social luminaries as Paul Mellon David Bruce John P Marquand Jr and William Vanderbilt This edition of the book includes a new preface by Winks Reviews of the first edition One of the best studies of intelligence in recent years Edward Jay Epstein Los Angeles Times Book Review The most original book yet written on the interpenetration of counter intelligence and campus Andrew Sinclair Sunday Times London Winks writes a lively compound of analysis and anecdote to illuminate the bonds between academe and the intelligence community His book is a towering achievement Robert W Smith Chicago Sun Times Among the more important contributions to the history of Anglo American espionage to appear this or any other year Moves with an unfolding pace that any thriller writer might envy Tom Dowling San Francisco Examiner A brilliant book Sallie Pisani Journal of American History

Royals and the Reich Jonathan Petropoulos,2008-08-12 Princes Philipp and Christoph von Hessen Kassel great grandsons of Queen Victoria of England had been humiliated by defeat in World War I and like much of the German aristocracy feared the social unrest wrought by the ineffectual Weimar Republic Jonathan Petropoulos shows how the princes lured by prominent positions in the Nazi regime and highly susceptible to nationalist appeals became enthusiastic supporters of Hitler Prince Philipp son in law to the King of

Italy became the highest ranking prince in the Nazi state and developed a close personal relationship with Hitler and Hermann Goring Prince Christoph was a prominent SS officer and head of the most important intelligence agency in the Third Reich In return the princes made the Nazis socially acceptable to wealthy high society patrons Prince Philipp even introduced Goring to Mussolini at a critical stage in the Nazi Party's development and later served as a liaison between Hitler and the Italian dictator Permitted access to Hesse family private papers and the Royal Archives at Windsor Castle Petropoulos follows the story of the House of Hesse through to its tragic denouement the prince's betrayal and persecution by an increasingly paranoid Hitler and prosecution and denazification by the Allies The Intelligence Revolution Steven E. Maffeo, 1988 Mussolini Richard J. B. Bosworth, 2014-03-04 In 1945 disguised in German greatcoat and helmet Mussolini attempted to escape from the advancing Allied armies Unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by Fascist propaganda gave him away Within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people He was one of the tyrant killers who so scarred interwar Europe but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin Like them his life began modestly in the provinces unlike them he maintained a traditional male family life including both wife and mistresses and sought in his way to be an intellectual He was cruel though not the cruellest his racism existed but never without the consistency and vigor that would have made him a good recruit for the SS He sought an empire but in the most part his was of the old fashioned costly nineteenth century variety not a racial or ideological imperium And self evidently Italian society was not German or Russian the particular patterns of that society shaped his dictatorship Bosworth's Mussolini allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated With extraordinary skill and vividness drawing on a huge range of sources this biography paints a picture of brutality and failure yet one tempered with an understanding of Mussolini as a human being not so different from many of his contemporaries *From Hitler's Doorstep* Neal H. Petersen, 2010-11-01 For three years during World War II future Director of Central Intelligence Allen Dulles commanded the OSS mission in Bern Switzerland *From Hitler's Doorstep* provides an annotated selection of his reports to Washington from 1942 to 1945 Dulles was a leading source of Allied intelligence on Nazi Germany and the occupied nations The messages presented in this volume were based on information received through agents and networks operating in France Italy Austria Eastern Europe and Germany itself They deal with subjects ranging from enemy troop strength and military plans to political developments support of resistance movements secret weapons psychological warfare and peace feelers The Dulles reports reveal his own vision of grand strategy and presage the postwar turmoil in Europe One of the largest collections of OSS records ever published these telegrams and radiotelephone transmissions from the National Archives provide an exciting account of the course of the European war offer insight on the development of American intelligence and illuminate the origins of the Cold

War They will interest diplomatic and military historians as well as specialists on modern Europe This volume is almost unique as document based intelligence history and serves as a badly needed bridge between diplomatic history and intelligence studies *The intelligence revolution a historical perspective.* , **A Guide to the Study and Use of Military History** John E. Jessup (Jr.), John E. Jessup, Robert W. Coakley, 1979 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study It is not a work to be read and lightly tossed aside but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past **Galeazzo Ciano** Tobias Hof, 2021-05-02 Building on extensive archival research and important scholarly analysis Galeazzo Ciano The Fascist Pretender examines the life of Galeazzo Ciano foreign minister of fascist Italy from 1936 to 1943 and Benito Mussolini s son in law Ciano s life serves as a lens through which to gain a better understanding of crucial issues of Italian and European fascism including the fascistization of society and politics foreign relations and the problem of succession The biography follows an innovative thematic structure that focuses on major aspects of Ciano s life including his family his political career his diplomacy and his desire to succeed Mussolini Filling a substantial gap in the existing literature on the history of fascism this book is the first comprehensive analysis of a key player of Italian fascism other than Mussolini it also offers a long overdue critical assessment of Ciano s famous diary one of the most important texts from the period Using visual materials such as photographs and films as sources and not just as illustrative material Tobias Hof allows us to rethink our understanding of fascism and offers a new perspective on the history of fascist Italy

Decoding **Secrets Of The Fascist Era How Uncle Sam**: Revealing the Captivating Potential of Verbal Expression
