Seeing Things Simply Color:

Color & Emotion Buddy Huang ,Evan Yanagi ,2015-10-01 By using the traditional Chinese theories of the Five Elements and Zi Wei Dou Shu we have explored the interrelationship between our personal elemental colors and their impact on our personal emotion In order to easily manage this relationship we have created the simple concept of a personal ID The personal ID does not represent citizens of a country but they are rather the number codes that derive precisely from the year month day hour and minute of our births and take into account the longitude and latitude of the birth place as well as the true solar time There are a total of nine numbers Through these nine numbers we can balance the five elemental energies to make us complete The same IDs are also attached to all products Therefore you can buy the products that match your elemental requirements The 109TM app helps you match the Yin and Yang attributes of the Five Elements and shop from our 109TM online shopping platform
