Seeing Doubletakes Signed:

Double-Takes David R. Jarraway, 2013-05-25 Over the past forty years Canadian literature has found its way to the silver screen with increasing regularity Beginning with the adaptation of Margaret Laurence's *A Jest of God* to the Hollywood film *Rachel Rachel* in 1966 Canadian writing would appear to have found a doubly successful life for itself at the movies from the critically acclaimed *Kamouraska* and *The Apprenticeship of Duddy Kravitz* in the 1970s through to the award winning *Love and Human Remains* and *The English Patient* in the 1990s With the more recent notoriety surrounding the Oscar nominated *Away from Her* and the screen appearances of *The Stone Angel* and *Fugitive Pieces* this seems like an appropriate time for a collection of essays to reflect on the intersection between literary publication in Canada and its various screen transformations This volume discusses and debates several double edged issues the extent to which the literary artefact extends its artfulness to the film artefact the degree to which literary communities stand to gain or lose in contact with film communities and perhaps most of all the measure by which a viable relation between fiction and film can be said to exist in Canada and where that double life precisely manifests itself if at all This book is published in English

Double Takes Zev Garber, Bruce Zuckerman, 2004 This book comprises a series of ten essays written by the authors both individually and collaboratively While the subjects of these essays are wide ranging they share a common recognition that issues at the forefront of contemporary Jewish thought must be measured against the background of ancient traditions which revisit rabbinic and biblical times and beyond The intent of these essays is to illustrate how shadows of longstanding traditions continue to shade current perceptions *Double Takes* challenges the reader's assumptions about modern Jewish thought by demonstrating how the past can be an unpredictable lens for the present day An examination of contemporary themes in a historical perspective reveals unanticipated even disconcerting refractions The book appears in the *Studies in the Shoah* series as volume 26

Double Takes: Water in the weather, 2004 *Doubletake* Rob Thurman, 2012-03-06 Half human half monster Cal Leandros knows that family is a pain But now that pain belongs to his half brother Niko Niko's shady father is in town and he needs a big favor Even worse is the reunion being held by the devious Puck race including the Leandros friend Robin featuring a lottery that no Puck wants to win As Cal tries to keep both Niko and Robin from paying the ultimate price for their kin a horrific reminder from Cal's own past arrives to remind him that blood is thicker than water and that's why it's so much more fun to spill

Healing World Trauma with the Therapeutic Spiral Model Kate Hudgins, Adam Blatner, Francesca Toscani, 2013 This book provides an accessible introduction to the Therapeutic Spiral Model in practice describing how it works its relationship with classical psychodrama neurobiology experiential psychotherapy and clinical psychology how it differs from other experiential methods and how it has been used with diverse populations and in different cultures

Sympathy in Transformation Roman Alexander Barton, Alexander Klaudies, Thomas Micklich, 2018-10-08 There is little

doubt that sympathy plays a pivotal role in aesthetic as well as moral experience yet also little agreement on how to describe this connection and its long history This volume investigates the changes in the concept of sympathy as well as its rhetorical poetical and ethical functions from antiquity to the threshold of Romanticism The focus is on sympathy's development from a cosmological principle expressing the coherence correspondence and unity of all things into a theoretical key concept of intersubjectivity informing moral philosophy criticism and literature Thus *Sympathy in Transformation* offers important insights into the many ways in which when sympathy migrates into diverse discourses in Early Modernity its ancient origins dwindle out of sight while some of its central elements re-emerge in a surprising manner *Double Exposures* Eric Downing, 2000 Downing's highly original thorough and rewarding book is certain to emerge as an indispensable critical reference point for scholars and students in the areas of narrative theory problems of realism and 19th century German prose A nearly ideal combination of intellectual scope erudition and originality Thomas Pfau Duke University To write an engaging and entertaining study of German or poetic realism that offers insightful and differentiated readings of the novellas of Stifter Storm Keller C F Meyer and Raabe through the lenses focused on repetition of narratology Critical Theory and psychoanalysis and to a lesser extent gender studies is without a doubt a daunting endeavor This study with its keen analysis of the doubling within German realist texts is equal to the task While this book is written to engage and challenge scholars of realism the clarity of Downing's prose makes the textual twists and turns and thus the study as a whole equally accessible to non-specialists *German Studies Review*
