Searching For God And Finding Allah Gene Netto, 2019-11-19 What does Islam say about Christianity Jesus the Trinity the Holy Bible and Almighty God What does Islam say about the Absolute Truth of Islam the Prophet Muhammad and the Holy Qur'an also spelled Koran If there is only One Almighty God then Christians and Muslims must be praying to the same God So what are the differences between the two

religions and why do Muslims reject Christianity the Bible and Jesus as the Son of God but still accept Jesus as a prophet of God For non devout and ex Christians this book will explain the problems with Christianity from an Islamic perspective It will also explain that the Prophet Muhammad was sent to replace Jesus as the next person in a succession of prophets that started with the Prophet Adam and finished with the Prophet Muhammad For Muslims who grew up without a strong religious education this book will explain that all religions are not the same that Christianity is no longer valid or accepted by God and that we should use the logical brains that God gave us to understand Islam In this book you will discover that Islam is simply the continuation of Judaism and Christianity that Islam is the One True Religion of Almighty God and always has been since the time of Adam and Eve and that the Prophet Muhammad is the next messenger and also the Final Messenger from God that Jesus promised to his followers Gene Netto

Revolution in Central Europe Peter C. Caldwell, 2009-06-22 The philosopher of religion and critic of idealism Ludwig Feuerbach had a far reaching impact on German radicalism around the time of the Revolution of 1848 This intellectual history explores how Feuerbach's critique of religion served as a rallying point for radicals and how they paradoxically sought to create a new post religious form of religiosity as part of the revolutionary aim At issue for the Feuerbachian radicals was the emergence of a humanity emancipated from the constraints of mere institutions able to express itself freely and harmoniously Caldwell also touches on Moses Hess Louise Dittmar and Richard Wagner in his discussion of the time This book reconstructs the nature of Feuerbach's radicalism and shows how it influenced early works of socialism feminism and musical modernism **The Spirit of Conscious Capitalism** Michel Dion, Moses Pava, 2022-10-20 This book provides a constructive criticism of the emerging practice of conscious capitalism from the perspective of world religions and spiritualities Conscious capitalism to many of its adherents represents an evolutionary step forward beyond the dominant neo liberal paradigm where it often appears that just about everything is for sale Is conscious capitalism consistent with the values inherent in religious and spiritual world views and does it provide a better fit for bringing out the best that business has to offer This book answers these questions and many more An appealing read for researchers in business ethics as well as any reader critical of the excrescences of capitalism *Five Foundations of Human Development* Errol A. Gibbs, Philip A. Grey, 2011-06 Five Foundations of Human Development FFHD is a philosophical religious and practical discourse on human development based on the following five foundations Spiritual Moral Social Intellectual and Physical The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow Spiritual Intelligence to underpin human intelligence as our capable guide The indomitable spirit within human beings that brought civilization out of the Dark Ages and into an Age of Enlightenment demonstrates our capacity to transcend moral hope and optimism for a better world with peaceful coexistence among individuals families and nations This book will help inform enlighten and empower individuals and leaders in such fields as engineering science religion politics the military and other great institutions to engender solutions to the myriad of unsolved problems of past centuries problems of the present and emerging problems of

the future Problems such as wars genocide greed and the exploitation of human beings begin within our destructive spiritual nature and manifest in the physical nature Therefore solutions also lie in the spiritual realm as a counterbalance to the natural realm of human existence FFHD is a blueprint for human survival based on adherence to physical laws and spiritual laws that transcend a belief in an omnipotent all powerful omnipresent everywhere and omniscient all knowing being It will awaken the conscience to comprehend the life threatening issues that face humankind The solutions therefore cannot merely be left only to the educated elite the military forces and those in high public and private office The global significance of this book is that it informs a more communal view of our world It is the only perspective that will allow us to enter the global village prepared for the racial social cultural environmental and economic challenges that lie ahead
