Relações interpessoais na formação de professores, 2002 *Em torno da imagem e da memória* Elcio Loureiro Cornelsen, Elisa Amorim Vieira, Gonzalo Leiva Quijada, 2016-03-13 Os diversos ensaios que compõem o presente volume *Em torno da imagem e da memória* organizado por Elcio Cornelsen Elisa Amorim e Gonzalo Leiva Quijada transitam entre diversas expressões artísticas como a pintura o cinema a literatura o desenho a colagem e sobretudo a fotografia seja enquanto retrato registro documental ou enquanto refotografia fotopintura fotografia pós morte e pictorialismo Assim nos textos que procuram estabelecer relações entre imagem e memória na arte contemporânea o que se observa predominantemente o caráter híbrido da imagem apresentada pelos artistas o seu caráter intermediário que se configura na fronteira entre as diversas linguagens. Nos ensaios que se voltam para as imagens de eventos traumáticos ou que se voltam para a busca do que resta do passado no presente evidencia-se o caráter de resistência da arte resistência contra o horror contra o trauma contra a ausência e sobretudo resistência política do esquecimento Assim este livro apresenta ao leitor o olhar múltiplo e instigante de diversos pesquisadores artistas e escritores em diálogo com alguns dos pensadores e filósofos indispensáveis para que se reflita o presente e para que se possa vislumbrar os rastros do passado que sobrevivem e insistem nos tempos atuais **RÉQUIEM** Virgínia Allan, 2014-05-28 O livro *Réquiem* um tributo um tributo dor saudade mas sobretudo um atributo ao amor A autora tenta através da escrita superar um momento crítico momento este em que dor rima com amor ou vice versa Com este livro estou a me contar a minha própria história para que eu não ufraga flutuando perdida num mar de angústia não adormeça no esquecimento e assim passe ao largo de minha salvação **Circulation, Translation and Reception Across Borders** Elio Baldi, Cecilia Schwartz, 2023-12-15 This volume offers a detailed analysis of selected cases in the reception translation and artistic reinterpretation of Italo Calvino's *Invisible Cities* 1972 around the world The book traces the many different ways in which Calvino's modern classic has been read translated and adapted in Brazil France the Netherlands and Flanders Mexico Romania Scandinavia the USSR China Poland Japan and Australia It also offers analyses of the relation between Calvino's book and respectively the East and Africa as well as reflections on the book's inspiration for and resonance in dance architecture and art The volume thus traces the diversity in the reception and circulation of *Invisible Cities* in different countries and continents offering a much wider framework for the discussion of Calvino's masterpiece than before and a more detailed picture of its cultural and linguistic ramifications This book will be of interest to scholars in Comparative Literature World Literature Translation Studies Italian Studies Romance Languages European Studies Dance Architecture and Media Studies as well as to scholars specialised in paratext and reception *Political Ethics and European Constitution* Paulo Ferreira da Cunha, 2015-06-01 Is the dream of EU endangered This book reviews classic and modern values and virtues and uses them in order to rethink Europe's present politics and its future The idea of the Republic was born with the political ethics of ancient Greece The current international crisis obliges Europe to face the mirror of truth

What has become of the European Idea and how fares the European Constitution It has been a long road from the Greek Politeia to the present lack of values and financial monomania in Europe who seems to have lost any harmony between the spirit the soul and the body of her Constitution the will and values of the people material constitution the text of the Lisbon Treaty formal constitution and its current political interpretation and action real constitution making Europe a two tier or three tier club far from the dream of the founding fathers Without republican values and virtues and failing to uphold the European social model the European Union would devolve into moral social and democratic bankruptcy *The International Reception of Emily Dickinson* Domhnall Mitchell, Maria Stuart, 2011-10-27 Emily Dickinson s poetry is known and read worldwide but to date there have been no studies of her reception and influence outside America This collection of essays brings together international research on her reception abroad including translations circulation and the responses of private and professional readers to her poetry in different countries The contributors address key translations of individual poems and lyric sequences Dickinson s influence on other writers poets and culture more broadly biographical constructions of Dickinson as a poet the political cultural and linguistic contexts of translations and adaptations into other media It will appeal to all those interested in the international reception of Dickinson and nineteenth century American literature more widely

Men have lower life expectancy than women they account for 90% of the incarcerated population they die more often in traffic accidents from alcohol and drug consumption and they commit more suicides than women Since that information has been accessible for a long time why is it not taken into account when campaigns are created and actions are defined Violence is not an entity it is male Confronted with that reality the author sought to formulate the question orientating towards the following working hypothesis this common knowledge should be forgotten given that the involvement of men in situations of violence plays an important role in the preservation of political ideation in contemporary societies During this study it became clear that men are exposed to a more complex type of death than mere physical death but just as important which is relative to their social representation This insight led to understanding other aspects that could be associated with men s intense involvement in situations of violence Could it be that in contemporary culture a purpose is served by keeping men involved with situations of violence If so what might that be *Entre o palco e o porão* Andréia Delmaschio,2004

Unfinished gesture Cecilia Almeida Salles,2019-01-08 The book presents a discussion about the process of artistic creation in the diversity of its manifestations visual arts literature theater cinema etc The proposed reflections are supported by research dedicated to the study of these creative paths from the documents left by the artists such as diaries notes sketches drafts mock ups projects scripts and contacts Dialogues were established between the observation of recurrent aspects in a great diversity of processes and the thought of Charles S Peirce generating a possible theory of creation First

the Unfinished Gesture discusses the aesthetics of the creative movement from a semiotic perspective In this theoretical context creation is described as a fallible process with tendencies supported by the logic of uncertainty encompassing the intervention of chance and opening space for the introduction of new ideas A continuous course in which you can not determine either a starting point or an end point These uncertain and indeterminate tendencies direct the artist in his search for the construction of works that satisfy his great poetic project which is also strongly influenced by communicative issues The search of the artist finds its possible concreteness in complex processes of constructions of works In a second moment the creative path is focused from five points of view as transforming action translation movement knowledge process construction of artistic truths and experimentation course In the Epilogue are presented the concepts of Peircean semiotics which base the reflections on the artistic creation developed throughout the book The Unfinished Gesture aims to offer a critical approach to the arts from the point of view of its production processes **Materialidades do texto** Breno

The Nature of Space Milton Santos, 2021-07-21 In The Nature of Space pioneering Afro-Brazilian geographer Milton Santos attends to globalization writ large and how local and global orders intersect in the construction of space Santos offers a theory of human space based on relationships between time and ontology He argues that when geographers consider the inseparability of time and space they can then transcend fragmented realities and partial truths without trying to theorize their way around them Based on these premises Santos examines the role of space which he defines as indissoluble systems of objects and systems of actions in social processes while providing a geographic contribution to the production of a critical social theory ESTUDOS E PESQUISAS EM EDUCAÇÃO: Saberes e Práticas Adriana Aparecida Rodrigues, Alexandre Augusto e Souza, Berenice Rocha Zabbot Garcia, Bruno de Moraes Cury, Bruno Neves da Costa, Carine Garcia Barimarquer, Carlos Andrés Barco Rojas, Célio Juvenal Costa, Clarice Souza, Cláudia Bechara Fröhlich, Cristiane Souza de Menezes, Cristiani Silva, Elineia Urquiza de Carvalho, Emanoela Thereza Marques de Mendonça Glatz, Ernani Mügge, Fabiana
