Wagner,2006-01-16 The Handbook of Public Finance provides a definitive source reference and text for the field of public finance In 18 chapters it surveys the state of the art the tradition and breadth of the field but also its current status and recent developments The Handbook s intellectual foundation and orientation is truly multidisciplinary Throughout its examination of the standard material of public finance it explores the connections between that material and such neighboring fields as political science sociology law and public administration The editors and contributors to the Handbook are distinguished scholars who write clearly and accessibly about the political economy of government budgets and their policy implications To address the needs and interests of international scholars they place European issues next to the American agenda and give attention to the issues of transformation in Central Eastern Europe and elsewhere General Editors Jürgen G Backhaus University of Erfurt Richard E Wagner George Mason University Contributors Andy H Barnett Charles B Blankart Thomas E Borchering Rainald Borck Geoffrey Brennan Giuseppe Eusepi J Stephen Ferris Fred E Folvary Andrea Garzoni Heinz Grosseketaler Walter Hettich Scott Hinds Randall G Holcombe Jean Michel Josselin Carla Marchese Alain Marciano William S Peirce Nicholas Sanchez David Schap A Allan Schmid Russell S Sobel Stanley L Winer Bruce Yandle
