Jacques Réda Aaron Prevots, 2016-09-07 In Jacques Réda Being There Almost Aaron Prevots studies the work of this major contemporary French writer since the 1950s poetry novels literary essays short prose jazz histories He particularly examines Réda's explorations of place including how the world's energy becomes the ideal dancing partner poetry incarnate in one's arms Réda embodies being there almost because he wanders with great wisdom yet renounces any glory in this metaphorical dance He aligns us with the outer world's rhythms and time's passage Fleeting waves of perception create a voluptuous unified whole In considering the arc of Réda's works from 1952-2015 Aaron Prevots locates a progression from post-Baudelairean flânerie to commemoration of childhood classical antiquity fellow writers jazz physics swing theology and trains

Into the Heart of European Poetry John Taylor, 2017-07-05 John Taylor's brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from the France in which he has lived since the late 1970s the polyglot writer-critic not only delves into the more widely translated literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including Russia While providing this stimulating and far-ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing-in-itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self-effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little-known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define *Into the Heart of European Poetry* should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is a

Paths to Contemporary French Literature John Taylor, 2017-07-05 Praised for his independence curiosity intimate knowledge of French literature and sharp reader's eye John Taylor is a writer-critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Here he examines various genres of politically committed literature such as Jean Hatzfeld's narratives about Rwanda or Tchicaya U-Tamsi's verse some overlooked fiction and several provocative experiments with literary form ranging from the poetry of Jean-Paul Michel and Marie Perle to the three-line novels of Felix Feneon Taylor continues to reveal the

remarkable resourcefulness of French writing Besides drawing attention to authors like Dai Sijie or Albert Cossery who have come to French from other languages he has added younger novelists to his critical panorama Challenging persistent clichés and recovering deserving voices from unjust neglect Taylor's vision of French literature conjures up the image of a vital nexus Poetry crisscrosses with prose writers from one generation meet up with those from the next or the previous one while the philosophical ideas underlying French writing are scrutinized This is an essential guide to the realities of French culture today

Treading Lightly Jacques Réda, 2005 Yves Bonnefoy's finest contemporary in a bilingual selection beautifully translated with the author's approval and co-operation

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English Written by eminent scholars from many countries the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e.g. poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e.g. the Thousand and One Nights or writers e.g. Ibsen Proust but the majority offer a critical overview of a genre e.g. Chinese poetry Spanish Golden Age drama or of a national literature e.g. Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators

Charlestown Blues Guy Goffette, 2007-10 Letter to the unknown woman across the street I Curtains blinds draperies shades no nothing Madame to conceal from your Cyclops eye in the shadows from which it spies on me this long pale body false corpse tired out with debauchery which is swooning too before your balcony with your drying stockings and scanties of a nun at bay poisonous flowers for a lonely man whom death panics draws erect demarrows in the night riveted to your white thighs Readers who denounce most contemporary French poetry as self-referential experimentation word games exercises in deconstruction or other kinds of incomprehensible writing disconnected from everyday life brace yourselves for a revelation Erotic and urbane distinguished by formal skill yet marked

by the subtlest shades of feeling Guy Goffette's unabashedly lyrical poems pay homage to both Verlaine and Rimbaud whom he counts as his important forbears with echoes of Auden and Pound Pavese and Borges In Charlestown Blues poet and translator Marilyn Hacker has chosen a tightly thematic selection of poems all centering around the notion of blue the color and the emotion as well as that quintessentially American style of musical performance Hacker's crystalline and musical English renderings will show Anglophones why Goffette is considered one of the most important poets writing in French today **The London Magazine** ,2005 *Verse* ,2007 **Paths to Contemporary French Literature, Volume 1** John Taylor,2005-04-27 Although the great French novelists of the last two centuries are widely read in America there is a widespread notion that little of importance has happened in French literature since the heyday of Sartre Camus and the nouveau roman Some might argue that even well read Americans are ignorant about what is happening in European literature generally Certainly there has never been so few translations of foreign books in the United States or so little coverage of foreign writers Curious American readers need new up to date information and analyses about what is happening elsewhere Paths to Contemporary French Literature is a stimulating and much needed guide to the major currents of one of the world's great literatures This critical panorama of contemporary French literature introduces English language readers to over fifty important writers and poets many of whom are still little known outside of France Emphasizing authors who are admired by their peers as opposed to those with overnight reputations John Taylor offers a compelling insider's view The pioneering essays included in this book offer incisive analyses of the ideas motivating current writing and delve into a writer's or poet's entire output Although some names may be familiar Marguerite Duras Hulne Cixous Philippe Jaccottet Henri Michaux the reader obtains fresh reappraisals of their seminal work Especially noteworthy however are Taylor's lively introductions to many other key writers who either have not yet crossed the English Channel let alone the Atlantic Combating the notion that French literature is overtly intellectual inaccessible or interested only in formal experimentation Taylor shows that many French writers are instead acutely inquisitive about the outside world shrewd observers of reality even very funny Although not conceived as a reference book the volume possesses some qualities of a reference work a good bibliography reliable dates and biographical facts Paths to Contemporary French Literature will be of interest to students of French literature and culture literary scholars and readers of contemporary fiction and poetry
