Selected One-act Plays for Radio Ireneusz Iredyński, 2002 This vibrant anthology of radio plays features works by one of Poland's angry young men playwrights Ireneusz Iredyński made his debut in literature as a Polish angry young man in the late 1950s. He moved with great versatility from verse to stage plays, film scripts, and plays for radio. While some of the plays in this collection seem to present a bleak view of life, they show a gentler side of Iredyński. Here it is people's dreams rather than their worst nightmares that are explored. In these plays, situations are kept simple and the theatrical technique is spare and economical, but yet the playwright demonstrates an unfailing theatrical flair and shows himself a master of dramatic tension and the final unexpected twist. Latin American Dramatists since 1945 Tony A. Harvell, 2003-09-30 This resource compiles and locates biographical and bibliographical information of over 700 prominent Latin American dramatists of the late 20th century and their plays in 20 different countries, and it lists over 7,000 plays arranged by country and by author. Author biographies consist of year and place of birth, education, careers, other literary genres, and awards and prizes. The bibliographic listings include various editions of plays followed by references to the plays in anthologies, collections, or periodicals. Latin American theater is rooted in the rich historical traditions of both the indigenous cultures of the region and those of Spain. In the second half of the 20th century, immigration to Latin America from Europe, the Middle East, Africa, and Asia also proved influential, and theater became a means of social protest. The military and political dictatorships of the late 20th century often censored plays and persecuted playwrights. This resource compiles and locates biographical and bibliographical information about over 700 prominent Latin American dramatists and their plays in 20 different countries, and it lists over 7,000 plays arranged by country and by author. Author biographies consist of year and place of birth, education, careers, other literary genres, and awards and prizes. The bibliographic listings include various editions of plays followed by references to the plays in anthologies, collections, or periodicals. Peru and the International Monetary Fund Thomas Scheetz, 2010-11-23 Thomas Scheetz shows that the International Monetary Fund's approach in the 1980s in Peru did not address the roots of debt and financial crisis but instead has instituted inadequate stopgap policies which have caused great inequities because of incorrect or biased assumptions. He argues that policies to eliminate excess demand in fact harm the poor and support the rich. Voices, Visions, and a New Reality J. Ann Duncan, 2010-11-23 This book introduces to a larger audience the work of a group of Mexican writers whose work reflects the stimulus of the boom of the 1960s, especially in the experimental *nueva novella*. Duncan views the work of six writers in the context of more well-known writers of the period, Ruflo Fuentes and Del Paso, and concludes with a chapter on other recent innovators in Mexican literature. Despite their diversity, these texts share many common features, and unlike social realism, the works are not openly political but at the

same time they question assumptions about reality itself and the relation of fiction to truth **The Hovering Giant**
(Revised Edition) Cole Blasier, 1985-01-15 In the first edition of *The Hovering Giant* Cole Blasier analyzed U S response to revolutions in Latin America from Madero in Mexico to Allende in Chile He explained why U S leaders sponsored paramilitary units to overthrow revolutionary governments in Guatemala and Cuba and compromised their own differences with revolutionary governments in Mexico and Bolivia The protection of private U S interests was part of the explanation but Blasier gave greater emphasis to rivalry with Germany or the Soviet Union Now in this revised edition Blasier also examines the responses of the Carter and Reagan administrations to the Grenadian and Nicaraguan revolutions and the revolt in El Salvador He also brings up to date the interpretation of U S Cuban relations Blasier stresses U S defense of its preeminent position in the Caribbean Basin as well as rivalry with the Soviet Union to explain these later U S responses Seemingly unaware of historical experience Washington followed patterns in Central America and Grenada similar to earlier patterns in Guatemala Cuba and Chile even though the latter had adverse effects on U S security and economic interests **The Politics of Mexican Oil** George Grayson, 1981-04-15 The Mexican oil boom of the 1970s brought great hope and prosperity with it George Grayson shows the influence of oil and the oil sector both within Mexican society and in its relations with other nations He traces the development of the oil industry from its beginnings in 1901 up until the 1980s looking at topics that include the history of expropriation the creation of the state run company Petroleos Mexicanos graft and corruption within the Oil Workers Union Mexico s relations with OPEC the political nuances of oil and gas agreements with the United States and the prospects for the Mexican oil industry and domestic reforms generated from oil revenue Discreet Partners Aldo Cesar Vaca, 2010-11-23 Beginning with a review of the Argentine USSR relationship up to 1970 Aldo Vaca describes and analyzes economic diplomatic and military developments as well as their impact on Argentine society and politics since the early 1970s Vaca views each country s objectives and the extent and limits of their shared interests
