The Bride of Christ Goes to Hell Dyan Elliott, 2011-11-16 The early Christian writer Tertullian first applied the epithet bride of Christ to the uppity virgins of Carthage as a means of enforcing female obedience Henceforth the virgin as Christ s spouse was expected to manifest matronly modesty and due submission hobbling virginity s ancient capacity to destabilize gender roles In the early Middle Ages the focus on virginity and the attendant anxiety over its possible loss reinforced the emphasis on claustration in female religious communities while also profoundly disparaging the nonvirginal members of a given community With the rising importance of intentionality in determining a person s spiritual profile in the high Middle Ages the title of bride could be applied and appropriated to laywomen who were nonvirgins as well

Such instances of democratization coincided with the rise of bridal mysticism and a progressive somatization of female spirituality. These factors helped cultivate an increasingly literal and eroticized discourse women began to undergo mystical enactments of their union with Christ including ecstatic consummations and vivid phantom pregnancies. Female mystics also became increasingly intimate with their confessors and other clerical confidants who were sometimes represented as stand ins for the celestial bridegroom. The dramatic merging of the spiritual and physical in female expressions of religiosity made church authorities fearful an anxiety that would coalesce around the figure of the witch and her carnal induction into the Sabbath.

Brides of the Buddha Karen Muldoon-Hules, 2017-06-05

For young women in early South Asia marriage was probably the most important event in their lives as it largely determined their socioeconomic and religious future. Yet there has been little in the way of systematic examinations of the evidence on marriage customs among Buddhists of this time and our understanding of the lives of early Buddhist women is still quite limited. This study uses ten stories from the Avadanasataka, the collection of Buddhist narratives compiled from the second to fifth centuries CE to examine the social landscape of early India. The author analyzes marital customs and the development of nuns' hagiographies while revealing regional variations of Buddhism in South Asia during this period.

Marrying Jesus in Medieval and Early Modern Northern Europe Rabia Gregory, 2016-09-17

The first full length study of the notion of marriage to Jesus in late medieval and early modern popular culture, this book treats the transmission and transformation of ideas about this concept as a case study in the formation of religious belief and popular culture. *Marrying Jesus in Medieval and Early Modern Northern Europe* provides a history of the dispersion of theology about the bride of Christ in the period between the twelfth and seventeenth centuries and explains how this metaphor initially devised for a religious elite became integral to the laity's pursuit of salvation. Unlike recent publications on the bride of Christ which

explore the gendering of sanctity or the poetics of religious eroticism this is a study of popular religion told through devotional media and other technologies of salvation Marrying Jesus argues against the heteronormative interpretation that brides of Christ should be female by reconstructing the cultural production of brides of Christ in late medieval Europe A central assertion of this book is that by the fourteenth century worldly sexually active brides of Christ both male and female were no longer aberrations Analyzing understudied vernacular sources from the late medieval period including sermons early printed books spiritual diaries letters songs and hagiographies Rabia Gregory shows how marrying Jesus was central to late medieval lay piety and how the chaste bride of Christ developed out of sixteenth century religious disputes *Queens, Consorts, Concubines: Gregory of Tours and Women of the Merovingian Elite* E. T. Dailey, 2015-04-14 Gregory of Tours hoped to inspire the believers in sixth century Gaul with examples of righteous and wicked deeds and their consequences Critiquing his own society Gregory contrasted vengeful queens rebellious nuns and conniving witches with pious widows humble abbesses and tearful saints By examining his thematic treatment of topics including widowhood marriage sanctity authority and political agency *Queens Consorts Concubines* reassesses the material shaped by such concerns including e g Gregory's accounts of Brunhild Fredegund Radegund and other important elite women Merovingian political policies marital alliances ecclesiastical intrigue even assassinations and seemingly unrelated topics such as Hermenegild's rebellion and the career of Empress Sophia The result a new interpretation of an important witness to the transformations of Late Antiquity

C. Martyn, 2009-10-02 The Letters of Gregory the Great pope from 590 to 604 have long been viewed as an indispensable resource for scholars of the early medieval period John Martyn's knowledge of these letters is well nigh unsurpassed In this book he turns his attention to a hitherto neglected subject those letters of Pope Gregory which pertain to nuns and convents Despite the fact that scholarship on the Middle Ages has in the last thirty years

been transformed by feminist contributions and there has developed as a result a heightened awareness of the presence of women in medieval life both secular and religious only two of the thirty six letters identified by Martyn have previously been discussed by scholars This edition of the letters in both Latin and English is therefore of inestimable value to scholars and will act as a spur for further research This sizeable collection of letters are analysed in company with other better known writings about nuns from Gregory s dialogi In the introduction Martyn argues that his upbringing dominated by his mother and four devout aunts might reasonably have inculcated in him a deep and abiding concern for women the religious in particular This is evidenced by his friendships with Theoctista and Gordia the sisters of the Byzantine Emperor Maurice and with his wife the pious Constantina and with a number of abbesses including Respecta from Marseilles and Talasia from Autun Gregory s deep interest in the religious life of women and his concern for their safety and wellbeing are apparent throughout the letters Martyn s translations are clarified and enhanced by a commentary

Uncle Willie , *Wounds of Love* Frank Graziano, 2004-01-15 The Peruvian mystic St Rose of Lima Isabel Flores y Oliva 1586 1617 was canonized in 1671 as the first saint of the New World and remains the object of widespread devotion today In this engrossing new study Frank Graziano uses the example of St Rose to explore the meaning of female mysticism and the way in which saints are products of their cultures Virginitly austerity eucharistic devotion incessant mortification and mystical marriage to Christ characterized the devotional regimen that structured St Rose s entire life Many of her mystical practices echo the symptoms of such modern psychological disorders as masochism depression hysteria and anorexia nervosa Graziano offers a sophisticated argument not only for the origins and meaning of these behaviors in Rose s case but also for the reason her culture venerated them as signs of sanctity In the process he explores a wide range of themes from the idea of suffering as an expression of love to the assimilation of childhood trauma through religious repetition Graziano also offers a penetrating analysis of the politics of Rose s canonization He finds that her mystical union with God bypassing the institutional channels of sacrament and priestly mediation was inherently subversive to the bureaucratized Church Canonization was a cooptation by which Rose s competing claim to Christ was integrated into the Catholic canon The book concludes with a fascinating exploration of mystical eroticism with its intense experiences of vision and ecstasy The eroticized suffering of many mystics is shown to be very human in origin the mystic s wounded love is projected onto a God conceived to accommodate it *Wounds of Love* is based on a decade of research in archives rare books and an extraordinary range of secondary sources Introducing an innovative method that integrates history cultural studies psychoanalysis and clinical psychology this compelling work offers a bold new interpretation of female mysticism

Gendering the Master Narrative Mary C. Erler, Maryanne Kowaleski, 2018-08-06 *Gendering the Master Narrative* asks whether a female tradition of power might have existed distinct from the male one and how such a tradition might have been transmitted It describes women's progress toward power as a push pull movement showing how practices and institutions that ostensibly enabled women in the Middle Ages could sometimes erode their authority as well This book provides a much needed theoretical and historical reassessment of medieval women's power It updates the conclusions from the editors' essential volume on that topic *Women and Power in the Middle Ages* which was published in 1988 and altered the prevailing view of female subservience by correcting the nearly ubiquitous equation of power with public authority Most scholars now accept a broader definition of power based on the interactions between men and women In their Introduction Mary C Erler and Maryanne Kowaleski survey the directions in which the study of medieval women's agency has developed in the past fifteen years Like its predecessor this volume is richly interdisciplinary It contains essays by highly regarded scholars of history literature and art history and features seventeen black and white illustrations and two maps
