[Women and the Politics of Education in Third Republic France](#) Linda L. Clark,2023 In Third Republic France 1870-1940 the directrice of a normal school cole normale for training women teachers was the most important woman representative of public primary education in each department This study of 313 normal school directrices between 1879 and 1940 an important group of professional women not previously studied explores the challenges they encountered and their responses Women and the Politics of Education in Third Republic France deftly examines the history of these women and their contributions to French society

Debating the Woman Question in the French Third Republic, 1870-1920 Karen Offen,2018-01-11 Karen Offen offers a magisterial reconstruction and analysis of the debates around relations between women and men how they are constructed and how they should be organized that raged in France and its French speaking neighbors from 1870 to 1920 The woman question encompassed subjects from maternity and childbirth and the upbringing and education of girls to marriage practices and property law the organization of households the distribution of work inside and outside the household intimate sexual relations religious beliefs and moral concerns government sanctioned prostitution economic and political citizenship and the politics of population growth The book shows how the expansion of economic opportunities for women and the drop in the birth rate further exacerbated the debates over their status roles and possibilities With the onset of the First World War these debates were temporarily placed on hold but they would be revived by 1916 and gain momentum during France's post war recovery

The Third Republic in France, 1870-1940 William Fortescue,2017-07-05 An essential introduction to the major political problems debates and conflicts which are central to the history of the Third Republic in France from the Franco Prussian War of 1870-71 to the fall of France in June 1940 It provides original sources detailed commentary and helpful chronologies and bibliographies on topics including the emergence of the regime and the Paris Commune of 1871 Franco German relations anti-Semitism and the Dreyfus Affair the role of women and the importance of the national birth rate the character of the French Right and of French fascism

Sex, Honor and Citizenship in Early Third Republic France A. Mansker,2011-10-03 A repositioning of French women's struggle for suffrage within the distinct cultural landscape of the masculine honour system Whether activists demanded admission to the popular ritual of the duel or publicly shamed men for their extramarital sexual behaviour they appropriated extralegal honour codes to enact new civic and familial identities

The Trial of Madame Caillaux Edward Berenson,1992 What a pleasure it is to read a book by a gifted writer whose exhaustive research results in such thought provoking insights Deirdre Bair author of Simone de Beauvoir A Biography

[Women Representatives in Britain, France, and the United States](#) Harriet B. Applewhite,2016-04-29 This book compares

British French and American legislative debates on woman suffrage and women's rights Beginning with an analysis of Tocqueville and J S Mill on the impact of suffrage the book continues with analysis of floor debates comparing gender style the French on parity and the Americans on the ERA and concluding with modern debates *The Rise of Professional Women in France* Linda L. Clark, 2000-12-21 This history of professional women in positions of administrative responsibility illuminates women's changing relationship to the public sphere in France since the Revolution of 1789 Linda L Clark traces several generations of French women in public administration examining public policy and politics attitudes towards gender and women's work and education Women's own perceptions and assessments of their positions illustrate changes in gender roles and women's relationship to the state With seniority based promotion maternity leaves and the absence of the marriage bar the situation of French women administrators invites comparison with their counterparts in other countries Why has the profile of women's employment in France differed from that in the USA and the UK This study gives unique insights into French social political and cultural history and the history of women during the nineteenth and twentieth centuries It will interest scholars of European history and also specialists in women's studies *Women Teachers and Popular Education in Nineteenth-century France* Anne T. Quartararo, 1995-08 Women Teachers and Popular Education in Nineteenth Century France is a study of the network of women's teacher training schools known as the *ecoles normales primaires* that were gradually created in France during the nineteenth century Although this study focuses on the recruitment of teachers their pedagogical and social instruction and the teachers professional formation as part of a corporate group the book also ties these teacher related issues to the universal development of public primary education in France Based on numerous national and departmental archives the study also explores the social values inherent to public education in modern France through the corporate model of the women's normal schools BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Rachilde and French Women's Authorship* Melanie Hawthorne, 2001-01-01 Under the assumed name Rachilde Marguerite Eymery 1860 1953 wrote over sixty works of fiction drama poetry memoir and criticism including *Monsieur V nus* one of the most famous examples of decadent fiction She was closely associated with the literary journal *Mercure de France* inspired parts of Oscar Wilde's *The Picture of Dorian Gray* and mingled with all the literary lights of the day Yet for all that very little has been written about her Melanie C Hawthorne corrects this oversight and counters the traditional approach to Rachilde by persuasively portraying this eccentric as patently representative of the French women writers of her time and of the social and literary issues they faced Seen in this light Rachilde's writing clearly illustrates important questions in feminist literary theory as well as significant features of turn of the century French society Hawthorne arranges her approach to Rachilde around several defining events in the author's life including the controversial publication of *Monsieur V nus* with its presentation of sex reversals Weaving back and forth in time she is able to depict these moments in relation to Rachilde's life work and times and to illuminate nineteenth century publishing practices and rivalries including

authorial manipulations of the market for sexually suggestive literature The most complete and accurate account yet written of this emblematic author Hawthorne's work is also the first to situate Rachilde in the broader social contexts and literary currents of her time and of our own The Forgotten Contribution of the Teaching Sisters Bart Hellinckx, Frank Simon, Marc Depaepe, 2009 For far too long Catholic teaching sisters have been denied their rightful place in the history of education It is only during the past twenty five years that researchers in many countries have begun to reveal the fundamental role played by these women in the schooling of children of both the masses and the elite during the 19th and 20th centuries This essay provides for the first time a detailed overview of the historiography of the teaching sisters in Western Europe North America Latin America and Australasia surveying scholarship since 1985 It reviews the literature on six major themes contribution to schooling teaching orders and schools educational philosophy content and practice life and lived experience of teachers and students the professionalization of teaching and changes in the composition of the teaching staff Very rich in bibliographical references this book is indispensable for all further research on this significant but underexplored group of women teachers Publisher's website

Jews and Gender in Liberation France K. H. Adler, 2003-08-07 This book takes a new look at occupied and liberated France through the dual prism of race specifically Jewishness and gender core components of Vichy ideology The imagining of liberation and the potential post Vichy state lay at the heart of resistance strategy Their transformation into policy at liberation forms the basis of an enquiry that reveals a society which while split deeply at the political level found considerable agreement over questions of race the family and gender This is explained through a new analysis of republican assimilation which insists that gender was as important a factor as nationality or ethnicity A new concept of the long liberation provides a framework for understanding the continuing influence of the liberation in post war France where scientific planning came to the fore but whose exponents were profoundly imbued with reductive beliefs about Jews and women that were familiar during Vichy

A Social History of France 1780-1914 Peter McPhee, 2017-03-03 This volume provides a lively and authoritative synthesis of recent work on the social history of France and is now thoroughly updated to cover the long nineteenth century from 1789 1914 Peter McPhee offers both a readable narrative and a distinctive coherent argument about this remarkable century and explores key themes such as Peasant interaction with the environment The changing experience of work and leisure The nature of crime and protest Changing demographic patterns and family structures The religious practices of workers and peasants The ideology and internal repercussions of colonisation At the core of this social history is the exercise and experience of social relations of power not only because in these years there were four periods of protracted upheaval but also because the history of the workplace of relations between women and men adults and children is all about human interaction Stimulating and enjoyable to read this indispensable introduction to nineteenth century France will help readers to make sense of the often bewildering story of these years while giving them a better understanding of what it meant to be an inhabitant of France during that turbulent time

Fathers, Families, and

the State in France, 1914-1945 Kristen Stromberg Childers, 2018-07-05 The state's policy with regard to fathers and fatherhood had a great impact on concepts of citizenship and gender in France in the era of the two World Wars Drawing on new material that has only recently become available from the archives of the Vichy regime Kristen Stromberg Childers analyzes the ways fathers were promoted as saviors of the nation after France's humiliating defeat by the Germans in June 1940 Childers argues that concern for the family and for the status of fathers in modern France was not merely a response to falling birthrates and German aggression but was fundamental to the very notion of citizenship and political participation The debate on men as gendered beings Childers demonstrates is central to the political social and cultural history of France in the modern age The father figure became a focus as participants from all classes and across the political spectrum debated what was wrong with the French family and what policies were needed to remedy the problem Childers examines how these policies were implemented what they reveal about the development of the welfare state in France and how they help explain the importance of Vichy in twentieth century French history Twenty eight illustrations including fifteen photographs many never previously published complement her argument

History and Ideology in Proust Michael Sprinker, 1998 This departure from the norm reveals a side to Proust that was capable of observing the class struggle in the Third Republic a possibility that the author discovered in his studying and interpretation of *A la recherche du temps perdu*

Teachers' Schools and the Making of the Modern Chinese Nation-State, 1897-1937 Xiaoping Cong, 2011-01-01 During the educational and social transformations in politically tumultuous early twentieth century China Chinese teacher's schools played a critical role They were a force in the changes that swept Chinese society bridging Chinese and Western ideals empowering women and contributing to rural modernization This innovative account examines the social and political aspects and impacts of these schools their role in a society in transition and their production of grassroots forces that lead to the Communist Revolution

The New Biography Jo Burr Margadant, 2000-09-04 This collection offers new perspectives on the lives of eight famous women in nineteenth century France Their stories are used as a starting point through which the contributing authors experiment with what is called the new biography

Women and Teaching R. Cortina, S. San Román, Sonsoles San Román, 2006-04-16 This unique volume addresses issues of gender in education by examining the work experiences and policies affecting women and teaching in Latin America North America and parts of Europe with a focus on the social construction of women teachers
