Electrochemical Society,1914 **Proximity, Distance and Diversity** Päivi Oinas,2017-09-29 Bringing together a wide
range of empirical studies from around the world Sweden Norway Austria Germany France UK Israel Russia China Taiwan
Argentina Canada framed in related contemporary theoretical frameworks this book examines the question of the
significance of proximate vs more distant relationships for economic agents performance and local economic development
While this question has been the subject of intense debates in recent years it is obvious that proximity and distance are not
explanatory factors as such The book argues for the need to understand the aims of economic relationships the nature of the
regional environment in which they originate and the scale at which they operate The book suggests that the notions of
diversity innovativeness maturity and multiple scales should be incorporated into the debates on the significance of proximity
for economic performance
