Morenci Memories True Tales Of Copper Town:

Morenci Memories Joaquin B. Oviedo Class of 1953, Joaquin B. Oviedo, 2004 *Morenci Memories* is a nostalgic look at a place in southeastern Arizona that no longer exists the copper mining town of old Morenci Once a community of about 5000 people it was reduced to rubble scooped out and filled back in with copper landfill waste *Morenci Memories* includes stories of early Morenci history that the author's parents used to relate as he was growing up as well as memories of the town during WWII It is filled with the photographs he took and the memories the photos bring back It ends with a series of pictures taken as the town was being dismantled

Democratic Renewal and the Mutual Aid Legacy of US Mexicans

Julie Leininger Pycior, 2014-06-05 The legacy of the historic mutual aid organizing by US Mexicans with its emphasis on self help and community solidarity continues to inform Mexican American activism and subtly influence a number of major US social movements In *Democratic Renewal and the Mutual Aid Legacy of US Mexicans* Julie Leininger Pycior traces the early origins of organizing in the decades following the US Mexican War when Mexicans in the Southwest established mutualista associations for their protection Further she traces the ways in which these efforts have been invoked by contemporary Latino civil rights leaders Pycior notes that the Mexican immigrant associations instrumental in the landmark 2006 immigration reform marches echo mutualista societies at their peak in the 1920s Then Mexican immigrants from San Diego to New York engaged in economic medical cultural educational and legal aid This path breaking study culminates with an examination of Southwest community organizing networks as crucial counterweights to the outsized role of large financial contributions in the democratic political process It also finds ways in which this community organizing echoes the activity of mutualista groups in the very same neighborhoods a century ago

Undermining Race Phylis Cancilla

Martinelli, 2015-10-19 *Undermining Race* rewrites the history of race immigration and labor in the copper industry in Arizona The book focuses on the case of Italian immigrants in their relationships with Anglo Mexican and Spanish miners and at times with blacks Asian Americans and Native Americans requiring a reinterpretation of the way race was formed and figured across place and time Phylis Martinelli argues that the case of Italians in Arizona provides insight into in between racial and ethnic categories demonstrating that the categorizing of Italians varied from camp to camp depending on local conditions such as management practices in structuring labor markets and workers housing and the choices made by immigrants in forging communities of language and mutual support Italians even light skinned northern Italians were not considered completely white in Arizona at this historical moment yet neither were they consistently racialized as non white and tactics used to control them ranged from micro to macro level violence To make her argument Martinelli looks closely at two white camps in Globe and Bisbee and at the Mexican camp of Clifton Morenci Comparing and contrasting the placement of Italians in these three camps shows how the usual binary system of race relations became complicated which in turn affected the existing race based labor hierarchy especially during strikes The book provides additional case studies to argue

that the biracial stratification system in the United States was in fact triracial at times According to Martinelli this system determined the nature of the associations among laborers as well as the way Americans came to construct whiteness The Morenci Marines Kyle Longley,2015-06-15 In 1966 nine young men left the Arizona desert mining camp of Morenci to serve their country in the far flung jungles of Vietnam in danger zones from Hue to Khe Sanh Ultimately only three survived Each battled survivor s guilt difficult re entries into civilian life and traumas from personally experiencing war and losing close friends along the way Such stories recurred throughout America but the Morenci Marines stood out ABC News and Time magazine recounted their moving tale during the war and in 2007 the Arizona Republic selected the Morenci Nine as the most important veterans story in state history Returning to the soldiers Morenci roots Kyle Longley s account presents their story as unique by setting and circumstance yet typical of the sacrifices borne by small towns all across America His narrative spotlights a generation of young people who joined the military during the tumultuous 1960s and informs a later generation of the hard choices made many with long term consequences The story of the Morenci Marines also reflects that of their hometown a company town dominated by the Phelps Dodge Mining Corporation where the company controlled lives and the labor strife was legendary The town s patriotic citizens saw Vietnam as a just cause moving Clive Garcia s mother to say He died for this cause of freedom Yet while their sons fought and sent home their paychecks Phelps Dodge sought to destroy the union that kept families afloat pushing the government to end a strike that it said undermined the war effort Morenci was also a place where cultures intermingled and the nine friends included three Mexican Americans and one Native American Longley reveals how their backgrounds affected their decisions to join and also helped the survivors cope with Mike Cranford racing his Harley on back roads at high speeds while Joe Sorrelman tried to deal with demons of war through Navajo rituals Drawing on personal interviews and correspondence that sheds new light on the Morenci Nine Longley has written a book as much about loss grief and guilt as about the battlefield It makes compelling reading for anyone who lived in that era and for anyone still seeing family members go off to fight in controversial wars **Stealing Home** Eric Nusbaum,2020-03-24 The scrupulously detailed Los Angeles Times story of how the fight to build Dodgers Stadium and transform Los Angeles into a big league city came at the cost of everyday Angelenos Dodger Stadium is an American icon But the story of how it came to be goes far beyond baseball The hills that cradle the stadium were once home to three vibrant Mexican American communities In the early 1950s those communities were condemned to make way for a utopian public housing project Then in a remarkable turn public housing in the city was defeated amidst a Red Scare conspiracy Instead of getting their homes back the remaining residents saw the city sell their land to Walter O Malley the owner of the Brooklyn Dodgers Now LA would be getting a different sort of utopian fantasy a glittering ultra modern stadium But before Dodger Stadium could be built the city would have to face down the neighborhood s families including one the Ar chigas who refused to yield their home The ensuing confrontation captivated the nation and the divisive outcome still echoes through Los
