The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations. Jim Whitefield, 2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes
