**From the Garden to the Street** Morag Styles, 1997-06-01 From John Bunyan's country rhymes to rude chants about Manchester United from Ted Hughes to Edward Lear and from William Blake to the Taylor sisters Morag Styles covers three hundred years of poetry with infectious enthusiasm and a keen critical eye In this scholarly and fascinating book she provides an informative account of the history of poetry written for children in Britain and America in the last three centuries She analyses the major poets genres and developments over this period and traces the continuities between the past and the present Styles asks fundamental questions which have often been left unanswered What do we mean by children's poetry Why did such a seemingly small number of women write poetry for children until recently The author subscribes to the widest possible definition of poetry and so the reader will find in this book hymns songs playground rhymes raps and verse whether trivial or profound *From the Garden to the Street* will provoke inform and entertain academics of children's literature those who teach it in the classroom and all of us who still take pleasure in the poetry of childhood

*Hanging Out* Ruth Garner, 2002-03-30 There is an unsettledness now in after school childcare The stay at home mom years are largely over Will children even very young children stay home alone or hang out with peers risking loneliness or engaging in problem behavior Will some new form of supervised care emerge The authors in this collection have spent time in community after school programs and have learned what happens there The authors suggest that after school programs can be an important part of a system of childcare as long as we can find ways to build programs for small and scattered populations as well as for densely packed ones and as long as the money to fund programs can be found The money is important Many of the programs discussed in this book are specifically targeted to children from families with low incomes These are the families least likely to be able to pay for care A reader leaves this book with both anxiety and hope about the future of childcare in the United States

The Nation and the Child Yael Darr, 2018-05-23 *The Nation and the Child* Nation Building in Hebrew Children's Literature 1930-1970 is the first comprehensive study to investigate the active role of children's literature in the intensive cultural project of building a Hebrew nation Which social actors and institutions participated in creating a Hebrew children's literature How did they envision their young readership and what new cultural roles did they prescribe for them through literary texts How tolerant was the children's literary field to alternative or even subversive national options and how did the

perceptions of the national child change in the transition from the pre state Jewish settlement in Palestine to a sovereign state This book seeks to provide answers to such questions by focusing on the literary activities of leading taste setters and writers for children from the most intense period of Israeli nation building the 1930s and 1940s the two last decades of the pre state era and the 1950s the first decade following the establishment of the State of Israel in 1948 through the 1960s when the nation building fervor gradually waned *The Mother Blame Game* Vanessa Reimer,2015-11-01 The Mother Blame Game is an interdisciplinary and intersectional examination of the phenomenon of mother blame in the twenty first century As the socioeconomic and cultural expectations of what constitutes good motherhood grow continually narrow and exclusionary mothers are demonized and stigmatized perhaps now more than ever for all that is perceived to go wrong in their children s lives This anthology brings together creative and scholarly contributions from feminist academics and activists alike to provide a dynamic study of the many varied ways in which mothers are blamed and shamed for their maternal practice Importantly it also considers how mothers resist these ideologies by engaging in empowered and feminist mothering practices as well as by publicly challenging patriarchal discourses of good motherhood The Publishers Weekly,1918
